145. Crash Description/Narrative

Vehicle #1 (Westwood Ambulance Vehicle #11F) was traveling east on Washington Avenue responding to a medical call for service and approaching the intersection of Lafayette Avenue.

Vehicle #2 was traveling north on Lafayette Avenue in the right lane and was stopped for the red traffic signal at the intersection of Washington Avenue.

Vehicle #3 was traveling west on Washington Avenue and slowing to a stop for the traffic signal.

The traffic signal turned green for Lafayette Avenue traffic, at which time vehicle #2 and an uninvolved vehicle began to travel through the intersection.

Vehicle #1 proceeded through the intersection against the red signal without slowing or stopping. While inside the intersection, vehicle #1 was struck at a right angle on the passenger side front and rear doors by vehicle #2. The collision caused heavy damage to both vehicles and side airbag deployments in vehicle #1. As a result of this collision, vehicle #1 began to spin and slide laterally. The driver side rear bumper of vehicle #1 struck vehicle #3 on the front bumper and driver side front wheel, causing heavy damage.

Vehicle #1 and vehicle #3 sustained disabling damage and were unable to be driven. Emerson Towing responded and removed the vehicles.
