Re: Temple Beth Or

Brick, NJ 08724

Dear Mr. Newman,

As per your department's recent site inspection and your request, this letter is for your records and to notify you of the following clarifications regarding the above referenced project:

- The space in question is a ±1,165 SF meeting room (assembly) and has two (2) 3'-0" x 7'-0" egress doors.
- The owner states that the room is used with tables and chairs. Using table 1004.1.1 to calculate the occupant load based on "Unconcentrated (Tables and Chairs)" – 1,165 SF/15 net = 78 occupants.
- We recommend setting the maximum occupant load at 97 occupants allowing for 12SF of floor area per occupant.
- The owner will post an approved, legible, permanent sign indicating a maximum occupant load for this room of 97 occupants.

Should you have any questions or require additional information, please do not hesitate to contact our office.

Very truly yours,
