Re: Substantially Damaged Structure Determination
56 Brower Drive
Block 88.01; Lot 4

Dear Thomas Walsh:

As a result of a substantial damage determination, the Township of Brick has determined that your structure received damages **not** exceeding 50% of its pre-damage, fair market value as a result of the flooding that occurred on October 29, 2012.

Your estimated cost of repair is \$5780, based upon the estimate we provided.

The fair market value of the structure is estimated to be \$79372.

In accordance with the Coded Ordinances of the Township of Brick, Section 196 and with FEMA regulations 44 CFR 60.0, the structure does **not** meet the definition of substantially damaged. As a result, you will **not** be required to retrofit the structure to be compliant in conjunction with your repairs.

The Township Flood Damage Prevention Ordinance can be found at <http://www.ecode360.com/6897191>.

If you should have any questions, comments or require any additional information, please do not hesitate to contact us. Please email Erin Bolger at ebolger@twp.brick.nj.us or via phone at 732.262.1040.

Sincerely,

Elissa C. Commins
