Alternate Side Parking Regulations to be Temporarily Suspended

*Street sweeping program will begin in City as
scheduled on April 1*

NEW BRUNSWICK, NJ (March 26, 2020) – As the State-mandated stay-at-home directive continues, the City of New Brunswick announces a temporary suspension of enforcement of alternate side parking rules, which would normally take effect on April 1 as part of the City's street sweeping operations. The suspension is due to the increase in vehicles parked on City streets as a result of the recent stay-at-home order, which was announced by Governor Phil Murphy last Saturday to help slow the spread of COVID-19.

Despite the suspension of the parking rules, the street sweeping program will begin on April 1. Street sweeping helps get trash, debris and dirt out of the streets so that it does not end up in waterways, a significant source of water pollution in our rivers, streams and lakes.

Residents who are able to comply with the alternate side rules are encouraged to do so. This will allow the street sweeping equipment to collect as much debris as possible.

An announcement will be made soon as to when enforcement of the alternate side parking rules will begin.

The City of New Brunswick is the county seat for Middlesex County and home of Rutgers, The State University of New Jersey, the world headquarters for Johnson & Johnson and two globally-renowned hospitals. New Brunswick is an educationally-focused City as well as “The Healthcare City.”

All of New Brunswick’s developments provide seamless access to major transportation lines and an extensive dining scene and an arts district, located in its bustling downtown. The City is focused not only on bringing in new residents and businesses, but also on improving the lives of every one of its residents.
