PROPOSAL (SCOPE OF WORK):

Having communicated with Dennis DaSilva and having reviewed a questionnaire submitted by Westfield PD, I recommend and am quoting for Property Room Consulting Inc. services for the following needs:

1. An inventory audit of the Westfield Police Department's Property and Evidence room(s). This audit shall as best as practical consist of 100% verification against the agency log of all CDS, firearms, currency; and jewelry, precious metals and gemstones valued at over \$500, as well as any bodily fluids that may be on hand. General evidence shall be verified at the level of a representative sampling (95% confidence, interval of 5). Complete report of findings to agency CEO, including levels of confidence.
2. Complete examination and analysis of the Department's PE workflow through inspection. Review practices versus draft policy and make recommendations for modifications, including where draft policy and practices are in conflict. Provide agency CEO recommendations and suggested policy revisions, particularly to be in alignment with State law and policy as well as certain best practices consistent with contemporary policing models.
3. Provide other direction and support as issues arise while onsite.
4. Arrival and departure conference with Command personnel.

Estimated 3-4 days onsite. Property Custodian required to be present for security and continuity of chain of custody.

Dennis DaSilva

Chief,

One of my Captains asked for a list of some PD'S that you performed an inventory for that was seeking accreditation. Do you have any info I can forward to him?

I am meeting with my Chief tomorrow, with the Captains to try and sell my pitch...

Thanks Sir.
