Teaneck Purchasing,

I was contacted by Captain Distler in reference to an inventory audit and corresponding training that Teaneck Police needs accomplished and I subsequently provided a quote to him for the same. He had inquired about other vendors that do the same work as I, for purchasing reasons,

As I was deciding whether or not PRC would be a viable endeavor, I did research as to other companies who do this type of consulting and found none in New Jersey. Furthermore, the only entity that does similar work, of which I am aware, is based in California. What sets me apart is that I am intimately familiar with the NJ requirements, and I will complete your audit in accordance with those requirements as well as best practices, which is necessary for accreditation compliance.

Additionally, I am the only vendor outside of Porter Lee Corporation that is authorized to train in the BEAST system, which is an essential component of this project.

I have previously worked on similar projects with the following Bergen County Police Departments; New Milford, Paramus, Hackensack, Mayfield, Midland Park and Englewood.

If you have any questions, please do not hesitate to reach out.
