Tonight I officiated my first wedding ceremony as Deputy Mayor of Voorhees Township. When I came home and shared this news with my kids, my son looked at me with a very confused look on his face. At first I thought he interpreted what I was saying as him thinking I married someone else. I waited for his response and after a few moments he replied "You married two people? Isn't that something that's usually done by older men?"

I simply smiled and replied "Not anymore"

This morning I was part of the kick off of the DRPA/PATCO's solar energy project at the Ashland Station in Voorhees. Once completed, the project is expected to provide more than 50% of the total electricity consumption through solar energy for both the DRPA and PATCO. The project is expected to save millions of dollars in electricity costs.

We just had a 90-minute conference call involving the Camden County Mayors, Congressman Norcross and reps of the county and state. We are coordinating our efforts at all levels of government to take all necessary steps to keep our communities safe and healthy. This is a case of first impression for all of us. We will do our best to share information as it becomes available. Please continue to use common sense and stay home if you can. Check on your neighbors, especially those who are alone or elderly. The Voorhees Community has always risen to the occasion in emergent times. This will be no exception!

Voorhees Township departmental frequently asked questions (FAQ's) regarding Town Hall closure to the public
In order to protect the health and safety of the community and our employees, and to help minimize the spread of COVID-19, Voorhees Township Town Hall will be temporarily closed to the public and non-essential employees for a one week period beginning Monday, March 16, 2020. The closure will remain in effect until further notice. All essential Township operations – including police, fire, and public works will continue. Trash and recycling will continue to be collected.

This closure includes Municipal Court.

We will be reviewing all scheduled public meetings, including meetings of Township Committee, to determine whether they are necessary for the continuation of government operations.

Township officials, along with the Emergency Management Coordinator, have been meeting regularly to address and respond to the latest guidance for our community. The Township maintains an Emergency Operations Plan to ensure our ability to continue essential services to our residents, as well as support state and local health efforts. We have been in regular contact with the County and State Health Departments and will continue to work together to monitor the ever-changing situation.

All non-life sustaining stores/offices/businesses need to close immediately !
Is this still voluntary?

since yesterday, bringing our statewide total /42. He further announced the following actions:

- The Governor ordered that restaurants and bars may remain open for takeout and delivery services only.
- The Governor directed the closure of all indoor retail shopping malls, amusement parks, and amusement centers across New Jersey until the current emergency ends. Restaurants which are located within malls, and which also have their own entrances separate from the general mall entrances, may remain open for takeout or delivery only.
- The Governor also ordered that all other non-essential retail, recreational, and entertainment businesses may remain open until 8:00 p.m. daily if they abide by social distancing guidelines.
- The Governor has ordered, effective 8:00 pm tonight, the closure of all personal-care businesses and social clubs which cannot comply with social distancing guidelines, including barbershops, hair salons, spas, nail and eyelash salons, and tattoo parlors.

Affected employees are urged to visit nj.gov/labor for comprehensive information from the New Jersey Department of Labor and Workforce Development.

The health and safety of our residents and staff remain our top priority. We are in regular contact with the County and State Health Departments, Voorhees Police, Voorhees Schools, the Eastern Regional School District, and our Emergency Management Director, Chief Bordi. We have been working together to monitor this evolving situation and will provide additional updates as necessary.

Camden County has declared a State of Emergency and is coordinating with our local emergency officials to ensure consistent policies are put into effect. They are working to get drive-through coronavirus testing stations open in the County. The first location is expected to be at the Camden County College campus in Blackwood. It may be operational as early as Monday, March 23, 2020. Preference will be given to first responders.

We are taking the following steps to modify our usual services:

The Municipal Building will be closed to the public until March 30 when we will again evaluate the situation. The Mayor and Township Committee intends to provide all of the services that you have come to expect and have taken measures to target safety and sanitary practices as they directly relate to overall risk.

Marriage Licenses, Birth Certificates and Death Certificates are available by appointment by calling at 856-429-4482, or ordering online through the Township's website www.voorheesnj.com, or by emailing registrar@voorheesnj.com. All other services will be limited. Tax and sewer payments can be mailed to the Municipal Building at: Tax Collector, 2400 Voorhees Township Center, Voorhees, NJ 08043, may be put into the drop box located next to
