Weather Related Information

Freehold Township is wrapping up snow and ice control operations after 40 hours of continuous operation. The late burst of snow accumulation over the last 12 hours has been challenging and has been the type that will likely leave piles of snow in areas that may seem inconvenient to some residents. During this State of Emergency, Public Works Staff has made their best efforts to have safe and passable roadways for drivers and emergency vehicles and on occasion this can pose difficulty for residents, sometimes requiring extended removal from their driveways and other areas.

Please also note the following:

>>Municipal Offices will open at 10:00am.

>>The Recycling Center is closed.

>>Curbside Recycling Pickup will still be picked up in Sector D today. Yesterday's cancelled Sector C pickup will be on Saturday.

>>Please deposit shoveled or thrown snow onto lawn areas and not into the street.

>>Inspection times for Code Enforcement and Construction may be later than scheduled today due to the morning delay.

ATTENTION TOWNSHIP RESIDENTS

WEATHER RELATED INFORMATION

Today's weather forecast calls for snow throughout the day and evening with heavy accumulations. Please note the following:

>>Municipal Offices are closed on Wednesday for all non-emergency staff.

>>Parking on snow covered streets is prohibited by Township Ordinance 11-4.7, and poses a danger to the public, first responders, pedestrians, and snow removal personnel . The vehicle itself may also be damaged. Violators will likely receive a summons.

>>Recycling pickup for Sector C, which was scheduled for Wednesday, is cancelled. Sector C will be collected on Saturday. Recycling pickup will resume in Sector D tomorrow.

>>Travel on Township roadways today will be dangerous, and should be avoided.

>>When clearing driveways, please avoid depositing snow in the roadways, as this poses a threat to drivers and creates poor drainage and icing conditions.

>>Snow and ice control equipment and personnel have been operational overnight and will continue for the next 24 to 36 hours removing snow and ice from our streets. Please be patient as we respond to this emergency condition.
