From "Nationwide Unrest" FB page: Sent to us by a follower: "Can you help me share this please, trying to reach as many brothers and sisters in blue as possible!" *Attention Officers and Deputies Please help get Shane business cards back. Looking for some help. Officer Mitch Kelchen was killed in a horrible accident on Labor Day weekend. His oldest son is in 7th grade and collected a bunch of business cards from officers all across the state. His son took the business cards to school to show his friends because he was so proud of them. I guess a bully grabbed them from him and ripped them all up. I spoke with Mitch's wife before posting this and she was ok with it. She doesn't want me to mention the kid or the school that is involved. She doesn't want anyone to contact the school as she is taking care of it. I'm just seeing if anyone would be interested in mailing their business card, or collecting business cards at their Dept to send to him. Mitch was a great father and husband and would drop anything to help someone, even a stranger. Thank you. Edit: Shane Kelchen 1010 Jefferson Ave Bellevue, IA 52031 Hoping friends on here might be able to help this young man, thanks in advance.

Hi! I was just a little curious to some of the "rules" of the beach. We were at Avon yesterday and when my husband took our 7 year old daughter to the bathroom (the men's room) he was approached by an officer who reprimanded him for taking her in there to go and told him if he does it again he will write him a ticket. Was my 7 year old supposed to stand in the line ALONE in the women's bathroom? Or should my husband have waited with her in the women's room? I was tending to our toddler so I was unable to take her myself. I also saw a boy, who had to be about 11 in the ladies room earlier that day and nothing was said to them about it. I was just a little disappointed in the Avon PD yesterday.

Aug 21st, 6:41pm

Avon by the Sea Police Department

We have an ordinance prohibiting changing in the bathrooms and receive numerous complaints of its occurrence. Don't know if that is the case in this matter but may have been what the Officer was referring to. To speak more about this please contact our department on Friday to speak to Sgt. Tim Mcgrath (732-502-4500). He is in charge of all beachfront special Officers and will be glad to clarify any ordinances we have in place. Thank you

Claritza

He wasn't changing her, she was using the facilities. Thank you, I will be sure to call on Friday!

Avon by the Sea Police Department

That would be best , to clarify on both ends. Just tell the dispatcher that you would like to speak to him and they will either transfer you or he will call you right back.

Hi- I am resident of Avon living on Jefferson Avenue. Recently, the music from the club Headliner in Neptune has been outrageous (especially today). Is there anything that we the residents, or the police department can do? Thank you.

Aug 15th, 5:36pm

Avon by the Sea Police Department

Sorry for the delayed response. We will let the headliner know of the complaint. If/when it becomes outrageous again please give us a call.

You may also call Neptune Police directly at 732-988-8000

Avon by the Sea Police Department

Spoke to the owners of the headliner they were unaware of the problem. They would like to know if it's the bass, music or everything. So like I said call us in the future , they are willing to work with us best they can.

Thank you!!

"Hello,

I am a former 4 year Baton Rouge Police Officer, turned Country singer.

After the Dallas incident, I wrote this song to humanize Police Officers and help civilians better understand us during this difficult time.

Just four days after I wrote the song, my hometown was affected by a similar tragedy as WE lost three of our own.

The original video went viral on the Internet and people have given it an overwhelmingly positive response.

I was able to raise some money to travel the country and perform the song for hundreds of officers across the south from Atlanta to Dallas.

I've since performed the song for over 50 agencies on my charity tour, and donated a portion of the raised funds to the C.O.P.S. (Concerns Of Police Survivors) Charity.

I was able to get up to Nashville last week and record the song which will be out next week.

If you feel like your followers would appreciate this message feel free to share this uplifting story and video with them.

Currently working in Sea Girt as a class 2. With the attacks on polices officers being apart of this brother and sisterhood I want to help any way I can. Ive organized fundraisers after hurricane Sandy and for Veterans and both were huge successes. Trying to make this fundraiser even bigger and want to get all departments in Monmouth county involved. Yesterday my family and I had the worst experience in Avon by the beach sea, NJ. We went to have a great time just like everyone else was doing. I was enjoying my day with my boyfriend Eric Villalta my 3 year old daughter, my 6 year old son, my best friend and my brother. We had a UE speaker on, the volume was half way. As a White/Caucasian American couple was leaving the area a male approached us. The male says " I have a question" and we answer "yes" the male tells us "How come us white people can never associate with people of color?" "Because you guys are just so loud all the time." So my boyfriend Eric stood up and told the man "excuse me?" "what does color has to do with anything here,we are American just like you celebrating for Independence Day. We were adults and mature about the whole situation even though the reaction of most people would be to get violent for talking about people with color. The man then leaves and puts a complaint against us because of the apparent loud music. A Spanish officer comes to us and tells us about the complaint that was given by the disrespectful guy, who approached us with racist and Disrespectful comments. We told the officer what was said to us and also asked him "if the music was loud enough for him" "and if it was we can lower it down" and the officer reply to us "to be honest with you "NO is not loud" he did not give us a citation and walks away .At that point, I tell my boyfriend that we should just go because we were being harassed. As we are walking away to get into our car and already off the beach premises and away from beach property. Officer SAMUEL SELDOR started harassing us coming up to us and asking about the music. My boyfriend Eric asked the police officer Why were we being harassed if we are already leaving and not in beach property. The officer started calling for back up immediately. My boyfriend also told police there is no sign that says no music. The police started asking my boyfriend for his ID. So I stepped up and told the police officer "why does he has to give you an ID if we are already leaving and we are out of beach property and we are not committing a crime, Why is this even happening now after we are walking to our car?" "And if the music was loud when the first officer came why didn't he give us a ticket in the first place or escort us out of the beach?" I wasn't saying anything wrong and Officer DEREK THOMAS tells me right away that I was under arrest didn't even say why. My boy friend steps up in front of me to tell the cop that we didn't have a reason to be arrested if we are already walking out and trying to leave. Immediately officer SAMUEL SELDOR and 2 other cops started attacking my boyfriend. I started crying when I saw him getting beat up to the point the I blacked out. All I saw was more cops coming and beating him. I also heard people yelling that what the cops were doing was wrong. I remember people

yelling record this, this is wrong! My boyfriend gets hand cuff and they picked him up and slam him face first into the ground and then proceed to pepper spray him while handcuffed with his one side of the face up against the floor My brother steps in to pull my 3 year old and 6 year old out because they were by my boyfriend when he was getting beat up. As my brother was getting them a cop pulls out a baton and almost hit my brother when he was only trying to get the kids out of the way. Officer SAMUEL SELDOR AND OFFICER DEREK THOMAS let me tell you how of a corrupt you are. Assaulting someone who was already out of beach property! This is police brutality and this should not be permitted especially when WE AS AMERICANS are trying to enjoy and celebrate OUR RIGHTS! TO THOSE WHO WHERE RECORDING THIS INCIDENT. IF YOU PLEASE SEE THIS POST MESSAGE ME WITH THE VIDEO. THIS WILL REALLY HELP US BY TAKING OUT CORRUPTS POLICE OFFICER LIKE SAMUEL SELDOR AND THE REST OF THE CORRUPTS COPS THAT WERE AT THE SCENE AND ABUSED OF MY FAMILY! THANK YOU

I have family who are police officers I have nothing but respect for the police that protect and serve however it's not right to abuse the power and beat someone in front of children they could have also been hurt

I love Avon beach however after reading this I fear to go back especially with my family when you have police officers that abuse there power. Excessive force is not always the answer

There is a young family (Avon residents) that sits by us on the beach with a boy about 3-4 and girl 4-5 years old. Rather than taking them to the rest rooms by us, they bring a toilet training potty (kids are not in diapers or have disabilities) for the kids to use. The parents are just being lazy. They just strip the kids and just sit them out on the toilet for all to see. When they are done peeing, the parents dump the urine in the sand. If the child has a bowel movement, they at least put it in a bag and dump it. More than not being something I want to have to see each weekend, I'm more disgusted & concerned about the unsanitary treatment of the beach. Are there any ordinances against this? If so, what should we do about this when we see it. Also, we have noticed last weekend, another family doing the same thing. Ugh!

06/25/2016 11:48am

Avon by the Sea Police Department

Hello, thank you for bringing this to our attention. Yes we have ordinances prohibiting this. We would need a little more information such as description of the people and the location this is happening (what beach). Do you know the name of this family? Also, please call us immediately if you see this or anything else our department can address. This type of behavior will be met with zero tolerance. Avon by the Sea Police Department: 732-502-4500. Thank You.

Thank you for getting back to me so fast. We sit on the East End Ave beach by the jetty. The family sits by the water and on the right side of the jetty. Dad is late 20's- early 30's with sandy colored hair that is a little long and parted in the middle. Mom has long brunette hair. Both kids have blonde hair. They bring a baby carriage to the beach that they load everything into. They hang a bright green tote off the one side that houses the toilet. I believe they live on Norwood Ave based on their conversations with others.. Sorry don't know their names. Definitely will call you if when we see it again (it had happened multiple weekends). Thank you.

Avon by the Sea Police Department

Thank you, I will let our guys know what to look for
