I do not want to be a pest. Just a friendly suggestion. I would hope a cop out on me arthur 6-9 am again. I try to the do the speed limit. I always have people in my trunk trying to push me. It is every single day during the week. Yesterday someone passed me illegally on the curve. Great way to cause yet another accident you get to deal with. I was doing 28 so no reason to pass. I am not suggesting pulling over everyone doing under 30 but this is not a 50 mph zone

We regularly have unmarked cars out there enforcing speed limits. I will continue to pass this on to our traffic bureau.

Thank you. I don't mean to pester. You all do a great job. You just can't be in all places at all times. I don't see the cars out there but then I don't do 50 so I don't need to look for you lol

I imagine it is you putting up the signs in town about traffic laws. You are cracking me up lol

Good afternoon.....I received a phone call about this last week and called the State Highway Department because that particular light is maintained by them. I can call them again, but I would suggest you give the Police Department a call and perhaps they can contact DOT and get a quicker response.

Have a great day!

Subject: Light @ Jernee Mill Rd & MacArthur in Sayreville - PLEASE READ!

Dear Mr. O'Brien, can you please have someone fix the timing of the light at Jernee Mill Rd & MacArthur? The light for the folks turning left onto the bridge heading into South River from Jernee Mill Road is to way to short. 2 maybe 3 cars can get through and that's only if there isn't someone coming the other way and then when the light turns red it's red for days (well ok, maybe not days but it's a long time :). It's been this way since Sandy and it's becoming a real nuisance in the morning and at night.

Thank you and have an awesome day ar (I voted for you BTW)

Hi! Thank you for all you do for us. I'm a Sayreville resident for almost 20 years!

Quick question, are you guys at all interested in scam calls? I got 1 yesterday and 1 today that said that I'm in trouble, yadda yadda, and the local authorities are coming to get me; I know it's a scam but just wanted to know if the numbers are something the local police would be interested in.

Hi there! I am a Syracuse resident

ATTN WAL-MART SHOPPERS: buy one hair dye and get a free used needle and bloody napkins.... only while supplies last!! old bridge nj location only -- true story.

Good Morning Ladies and Gentlemen of the Seymourville Police Department.

I am currently an active duty Marine and I would like to know what steps I have to take to get a job as a policeman in Seymourville. I am set to leave the military in August of 2016 and I understand that's a long way off but I was told once without a plan you will be sure to fail so if you have any advice or something I may reference to aide me in the process it will be greatly appreciated.

First of all thank you for your service to our country. We have many Marines in our department. To answer your question we are a "civil service" department and all of our initial testing is handled by the All Department of Personnel. They offer an entry level examination for police officers every other year. The test is announced via their web site which you can easily find via any good internet search engine. If you expect to be deployed over the next year you can contact them by email and see what provisions they have for active duty military personnel.

Once the test is given and the results are generated we are provided with a list that is divided in to three segments, disabled veterans, veterans, and non veterans. Candidates are ranked within their respective groups according to their scores. Disabled veterans get first preference after which veterans are considered before we even take a look at the non veteran list. Remember that Seymourville has a residency requirement for our list so if your non military permanent address is in Seymourville you will not have an issue. Other than that keep your nose clean and maybe we'll be seeing you at an interview sometime in 2016-17. Best of luck to you, stay safe.

I have the up most confidence in myself. I will be seeing you at a interview in the future. Thank you for your the guidance in the matter.

good afternoon, I had a question on how would one acquire a official criminal background check? I am applying for an academy in north Carolina and it is required.

You have to contact the State Police.

I love following your page. I live in Parlin in a rental townhome community and I had a question about snow removal. My sidewalks are still covered with snow and I am mostly new to this community and so far we've experience some pretty horrible snow removal from both sides and sidewalks. The ice storm we had two nights ago wasn't cleaned up until midday the following day. The sidewalks were still covered. I'm not sure what the process or timeline is on all of this but I feel like the community is doing a horrible job at snow removal and maintaining safe drivable roads within the community.

Any light you can shed on this definitely helps.

Have a good night.

- Jonathan

Good morning. It may be nothing but very odd to see this nice of a bike to sit out in the lot for over two weeks with PA tags. Parked by the new pool building Camelot Community off Glendene Ave.

Hi last night I filed a missing persons report for my husband. I have tried calling for updates or what the plan is.. im sure you understand how hard it is to sit and wait. I know his truck was found by cheesequake park. We grew up hanging out in those woods. I would like to know if it would be ok to have some friends search with me over in that area. I do not want for us to be in anyones way just need an outlet to help find him.

they keep telling me they will contact me but noone does.. My husbands name is Daniel Sobel they found his truck on Michelle Lane in Old bridge by cheesequake woods. Were they able to ping his phone ? He has been very depressed and as you can imagine I am just so lost with what to do right now.

Please do not search the area. We understand that it is a difficult time, but our detectives and Old Bridge Police are working together to get answers

thank you for responding.. if there are any updates please contact me. Im a wreck. He is scheduled every saturday to pick up the kids at 10am.. he has been really depressed lately and I am just at a loss. anything I can do to help, please.

Good evening! I have a question / concern. Because it's happen a lot on Hart st. Today we had a guy going door to door selling meat from a truck. He was ok with my husband at the door. But went to neighbors house an older lady and was party. Kept asking her to come in to show her the meat. Not until I came out of my house did he leave. At least once a week we have door to door people on our street. We mostly have "older" people on our block. Is this ok? I though Sayreville had a rule for no door to door? Any fields info you can pass along would be great! Thanks Kim

We actually received a call on this, their ID was verified and they were supposed from this area with instructions to obtain proper piddler permits from the Borough. If they return, don't hesitate to call, we'll bring right out.

There is a woman claiming that her daughter was hit and run in town yesterday. I know for a fact that she's a scam artist because she scammed myself and many others out of a lot of money and goods after hurricane Sandy. She lives on Washington Road and her name is Christy Souder. I can pretty much bet that now she will start looking for money to help with her medical bills for a child that probably wasn't hit by a car. She also has a fake charity that she's asking for donations for.

I just want you guys to have a heads up. Do with this as you will.

Hi! I follow your page and I know how big pet friends the dept is! I don't know who should I call, but it's 250 F out and my neighbour dogs are out and barking. It has been happening quite often and while I don't want them to lose their dogs, I feel they need to be aware dogs should not be out. I'm afraid for the dogs, since I have dogs myself and know my dog would not be happy outside or healthy outside in the winter. Advise please?

How come sayreville doesnt have a police brief section for drs and other things. Not even just on facebook i know how that can look but there aint even one on the website. Spotswood puts theirs on facebook for everyone to see. I just find it interesting to read through and like i said on facebook it may clutter things but on the website it can keep us more informed of whats going on

is there something you can do about 49 deerfield road, the traffic coming out of that house is terrible for the drugs. its been on going for years, and its not got its prescription pain pills, if you are able to watch the house you will clearly see the traffic, and the owner has gone to jail for it before.

Hi I have a dog down the street from my house (at the car dealership on Washington road) that's been barking every for weeks now all hours of the night. Waking us up around 3am. The dogs are outside in cages and I was told the owners are in Staten Island. Is there any one I can call? I know neighbors have called SPD but the dogs have water so they were told that there is nothing they can do.

Hello,
I'm just curious. Is there a promotional test to the rank of Detective? I saw a Broadway musical called 'Gettin' the Band Back Together' and a respectful suspect concerns a Seyreville Police officer studying for the Detective exam.

Thank you!

Thank you! NYPD 19 Precinct here. Have a safe one!

There is not promotional exam for the rank of Detective in Seyreville.

No problem. Stay safe!

Posted this about a month ago on FB this cat hangs around here and was out in the storm seems to have been dumped wonder is she is lost

APR 16TH 1:53PM

We haven't had any inquiries about a lost cat. You can give the humane society a call if you think the cat needs shelter. They are the ones who pick up the lost animals from the PO.

Even after the woman who I complained about flipped her Jeep in front of my house and totaled my daughters car yesterday, the people are lying down my street yet again today. Stevens are in the Morgan section please help.

Between 7am and 8:30am then again around now. I just watched another white some sort of cross over doing 45 down the street. I am pretty good at telling you how fast they are going actually.
