How can we get our DPW to pick up branches that has been sitting in front of the house for over a months and half? We made numerous phone calls and got a promising answer that it will be picked up next week. After 3 phone calls that's all we hear is next week. This is absolutely unacceptable. 4 times in the past few weeks I've seen trucks just driving by slow down and soon after leaving the street.

How can we get our DPW to pick up branches that has been sitting in front of the house for over a months and half? We made numerous phone calls and got a promising answer that it will be picked up next week. After 3 phone calls that's all we hear is next week. This is absolutely unacceptable. 4 times in the past few weeks I've seen trucks just driving by slow down and soon after leaving the street.

██████████. Senior citizens should not have to call and be lied to. Please correct this. Thank you.
