Please contact our Public Works Department at 732-451-4060 to report the curb and they will assist you.

Sent by Chris Chace

MAY 18TH, 8:17AM

In regards to the curb damage on Knollwood Terrace. Our Engineering Department has informed us that they are aware of the damage, and the location has been added to their list of curbs in need of repair. They couldn't give a time frame as to when the repairs would take place. For further details or questions you can contact the Engineering Department directly at 732-262-1040.

Sent by Chris Chace

Thank you. It's only been two years I hope it gets done this summer

Create Appointment

Also two weeks ago I reached out to your township code enforcement. Left voicemail no one has called me back. It was in regards to code for pool coping I requested to see the system I work for a concrete manufacturer and the town is saying our pool coping is illegal. I need to look at that code if it's true bc this would be the first town out of all of 35 states we are in to say our portfino can not be used.

Create Appointment

Can you have them reach out to me. Ryan Ravalli

MAY 15TH, 12:08PM

Hi there. In regards to the DART prevention coalition community survey, who is responsible for drafting that questionnaire? The survey is not structured properly. The Marijuana question (and several others) introduced bias. For example, there were no proper choices to the way the question was asked and there was no way to communicate as a choice, that Marijuana was not dangerous, at all. That's just one example. Many of the questions don't have well structured choices for the way the questions are asked. The scale points are also inconsistent between questions. I'd be happy to volunteer to help revise those questions, if you like.

MAY 15TH, 1:24PM

Thank you for your message. It has been forwarded to the DART Prevention Coalition

MAY 8TH, 2:29PM

Hi I hope you can help me. My mom lives in Forge Pond Apts they have been having a problem with roaches for almost a year now. My mom recently found 2 in her apt in the last week. She called the office and they don't seem to care. Once a month these older people have to remove everything from their cabinets and most of them are older people and shouldn't have to do this every month. The problem needs to be fixed asap. My mom just came out of the hospital in March after being in for 2 months a lot of the seniors have respiratory problems as well and we all know roaches trigger this. Can Mayor Ducey please get back to me on this. Thank you so much

Brick township--

We had some vandals hit and destroy mailboxes down 17th, River rd and 18th in the Herbertsville area coming up from River Rock that I could see this morning. Our leaf and branches bags were thrown on top of our neighbor's jeep and in his yard. I contacted the non emergence police department dispatcher this morning. Please let me know further how I can get a constant police patrol of our area at night time specifically weekends from now on. This is the 4th or 5th time I have called for similar issues. Including bricks through windshield.

Create Appointment

Mistype in the past we have had bricks through our side car window.
Mr Gibson

FEB 11TH, 7:08PM

I am in the process of writing the history of brick special police. These men were armed and were the first police force in brick. I would like it if the town honored these men with a proclamation and a plaque displayed in town hall. One original member Harry Fautz 81 still lives in brick these men paid for own equipment and got paid dollar a year. Marty Paso

FEB 19TH, 4:30AM

Is there a way to have the volume of the audible crosswalk signal at the corner of Ovation and Chambers Bridge reduced during certain time periods. It is 4 o'clock in the morning, and all I can hear is the continuous beeping. At night when there is minimal traffic noise it is very disruptive. I am in the development behind the post office, so to hear it all the way from here seems to be overkill at this time of night when people are trying to sleep.

Is there a way to have the volume of the audible crosswalk signal at the corner of Ovation and Chambers Bridge reduced during certain time periods. It is 4 o'clock in the morning, and all I can hear is the continuous beeping. At night when there is minimal traffic noise it is very disruptive. I am in the development behind the post office, so to hear it all the way from here seems to be overkill at this time of night when people are trying to sleep.

FEB 21ST, 10:23AM

Hi. The crosswalk is designed to assist the residents that live in the apartment complexes near Ovation Way, some of whom are elderly and/or handicapped, as well as anyone else who needs to safely cross the road. As far as the volume of the signal goes, the Township has no control over that. Chambers

Bridge Rd. is a county road. To report an issue or concern, you can contact the Ocean County Engineering Department at 732-929-2130.

Sent by Chris Chace

I understand the purpose of the equipment, and appreciate people with handicaps having these features. It is just the volume of the sound in overnight hours is very loud. I appreciate the response, and will reach out to the county.

APR 30TH, 9:44AM

Good morning. I have some stone pavers that I need potentially removed. Is this an item I would be able to schedule to be picked up by public works?

MAY 1ST, 8:17AM

You can contact Public Works at 732-451-4060 to inquire about bulk pickups.

Are you referring to Bay Harbor Blvd. itself or roads around it? If so, what are those roads?

Thank you for getting back to me, I am referring to Bay Harbor Blvd itself. I'm not sure if it's a town or county rd, but the dips and bumps in the road are horrible. Thank you so much for checking into this

OK

JAN 11TH, 1:06PM

When is garbage collection in midstreams. Aparently it was collected sunday which ive never seen it done on a sunday in all the 25 years ive lived in town

Today would be our normal day

The collection is on a one day delay this week. Last week, the collections were on a one-day delay due to New Year's Day. Then the storm last week delayed it an additional two days. So Wednesday was collected Saturday, Thursday collected Sunday and Friday collected Monday. This week was pushed back one day. Next week will also be a one-day delay due to Martin Luther King Jr. Day.

Sent by Ed Moroney

FEB 11TH, 6:29PM

Can the town fix the road at the end of midstreams by rt 88 the potholes are ripping cars apart. Im not joking its a mess

FEB 11TH, 9:57PM

Midstreams Road is a county road and as such, the County is responsible for its maintenance. Mayor Ducey has contacted the County regarding the condition of Midstreams and they have informed him that no paving will take place before the completion of the bridge project on Jordan Road.

FEB 12TH, 6:13PM

Please give me info on who to contact in county about this

FEB 13TH, 8:24AM

You can contact the Ocean County Engineering Office at 732-929-2130.

Have you had any feed back from anyone who won any of the pine belt chevy raffles for 1000 bucks? My son won last year and the form from them for taxes

was wrong. They are treating him as a subcontractor. That is wrong. It makes the taxes not right. Its a raffle. Totally different. Its been a nightmare with them getting it straightened out. Lies after lies. I would think twice about their business practices. I tried to call the mayor about it but never seems to be in. Please follow up on this with me.

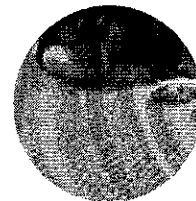

APR 17TH, 10:39AM

Which Pine Belt Chevy raffles are you referring to?

Sent by Chris Chace

If you're referring to the raffle that Pine Belt Chevy runs at Summerfest, that raffle is run by Pine Belt Chevrolet not the Township. If you have concerns or issues that you'd like to make the Township aware of we recommend contacting the Department of Recreation at 732-262-1044.

I live across from the little league baseball park on Cherry Quay Rd and wondering why don't they have enough parking there are parents parking on road blocking the view from my drive way to pull out. Or why are they making the games all the same time? There is no common sense or a police rookie doing traffic.

APR 16TH, 12:50PM

You can report parking and/or traffic issues to the Police Department (732-262-1150) and/or the Department of Traffic Safety (732-262-1140).

Who do I contact about garbage ? Public works? I'm very disappointed. Today my garbage was not collected because my mother in law who has a hard time walking parked on my street next to both my garbage cans. This is not the first time they have skipped my cans because of a car parked too close. I'm very disappointed. My cans are filled to the top and now I'm expected to wait a full week for them to come again and not be able to fill them up anymore?

can we please do something about the intersection of connector rd and route 70 by home depot? i was trying to turn left onto 70 and each time the light turned green exactly zero people were able to turn left - ZERO! i know i heard a while back that something was gonna be done but nothing has so far. please help

Create Appointment

APR 10TH, 12:29PM

If you're referring to the intersection of Rt. 70 and Olden St., we have brought our request to the state to make changes at this intersection. Rt. 70 is a State Highway so it's their project. You can reach out to the Township Engineering Department at 732-262-1033; they would have the latest status update from the state.
