Hello! Where would I go to inquire about permits for my kids starting a lemonade stand in town (i.e. at one of the parks or in front of an existing business, etc.). I want to make sure they're following town laws.

Create Appointment

APR 6TH, 12:31PM

You can call the Clerk's Office to inquire about any permits. They can be reached at 732-262-1001. As far as selling items in township parks, that is not permitted. The vendors at our parks go through the purchasing and contracting process for the right to do so. Any solicitation in front of stores will require the permission from those stores.

West Riverside Drive in Vanada Woods was not plowed, it seems cars were blocking roadway South Riverside was plowed by a small front loader about 3/3:30.
Hoping police can ticket them and have car towed away. People are contacting me as they can not get to work, I am a member of Vanada's Board
Hoping this can be fixed soon
Thank You

There are cars blocking the roadway for cars to get onto West Riverside Dr. currently?

Hi. Sorry the Mayor didn't get to your question yesterday. What exactly is the issue that you're having?

Mayor Ducey is live. Join the conversation by posting your questions for the Mayor.

Facebook

We live on the corner of Burnt Tavern and 17th Ave - there is a steep embankment alongside our house and we receive letters stating that if we don't cut it we will be fined everyday. In order to cut this, we would need to stand on Burnt Tavern Road which is a speedway heading towards Rt70 and try to cut grass on this embankment.

This property is not ours nor is it on our property survey yet we need to risk our lives to try and cut this. The township always maintained this and does maintain the grass where the land is flat. Ours however is not flat so it's ignored and left up to us

What's your address?

Sent by Chris Chace

Are you getting letters from the Township or Ocean County?

Code Enforcement has confirmed that a violation was issued in August 2017 for not maintaining the right away on the corner of the lot at Burnt Tavern Rd. and 17th Ave. It's the property owners responsibility to maintain the right away. If you wish to further pursue your claim that the land isn't your property,

you can contact the Department of Land Use & Community Development at 732-262-1039.

Sent by Chris Chace

The problem is it's extremely dangerous standing out on burnt tavern road trying to mow an embankment with car speeding past non stop. Who is responsible if we get stuck by a speeding car because we're standing in the road trying to mow this

APR 2ND, 8:16AM

A decision has been made that the Parks Department will conduct a cleanup of the area in question, once a year, thereby resolving the potential for code enforcement violations.

Sent by Chris Chace

Thank you so very much. I appreciate your reconsideration regarding this.

You gotta wonder in the week that the crossing signs in front of Herbertsville School that been spun around backwards, how many police officers, Board of Education, school principal, school custodian, township paid crossing guards, every parent that brings thier kids to school have passed it and not made any call to get fixed?

I have put in service request.

You should find out why in a week, no one did.

MAR 26TH, 11:36AM

If we do it would be considered bulk pickup, which needs to be arranged through the Public Works Department. You can call them at 732-451-4060. They will be able to tell you whether or not they can pick up what you have.

Sent by Chris Chace

We have it every week. We have garage Monday and Thursday and recycling on Wednesday.

It's not a huge deal. I just needed to know what to put out today. We thought it wasn't picked up because of the state of emergency.

Today would be your normal garbage day because everything is delayed one day for the remainder of the week.

So if your normal collection is Thursday for trash that would push it to today.

We suggest reaching out to Public Works at 732-451-4060. You can explain to them the situation with your recycling not getting picked up.

That's fine. Thank you for your help.

Are you picking up recyclables tomorrow? Your channel on the TV says you are but we're expecting 12 inches of snow.

Yes we are. They are expecting the snow to pick up later tomorrow morning.

Sent by Ed Moroney

That does not make any sense if you're saying have vehicles off the streets but leave your recyclable cans with all the recyclables in them that can be blown or knocked over. I clearly don't understand the logic

They don't expect the plows to begin until later in the morning after the collections are done. Automated cans do not take up as much room as cars and don't impact plowing efforts as much.

Sent by Ed Moroney

What about when the cans are then emptied and left in the street because people want to work. I still don't understand the logic

Cans left in the street don't impede plows to the extent that cars do. There are some streets in the town that are so narrow that they unable to be plowed if there are cars. That isn't the case with cans. So if the drivers and trucks are available to do the collections as scheduled, we do.

Sent by Ed Moroney

Thanks

No problem. Stay safe tomorrow!

I received a Violation Notice in the mail last week. It's from Brick Twsp. Code Enforcement. Apparently my car parked in my driveway was reported as inoperative and unlicensed with no registration. The reporting agent is Darren Terrizzi who never answers his calls. My operable And registered Vehicle in my driveway lost the front license plate when I was cleaning a heavy snow off. I'm a senior 65+ and my son helped me attach the front license plate this weekend. The Saturn had a back license plate. We reside in a respected neighborhood in Brick. I'm questioning Darren Terrizzi Code Enforcer. Does he work on commissions? I'm a tax payer.

I was driving through Brick one evening. I happened to be lost because I just moved to the area. On the highway were some emergency vehicles, on the shoulder, with an SUV they seemed to have pulled over. I slowed as I passed but did not change lanes. A cop pulled me over saying I violated the law by not moving to the farthest Lane away from emergency vehicles. Now I got my license 40 years ago, and I've never heard this. However, I attempted to pay via the NJMCDIRECT website and it would not accept my credit card payment. I would appreciate it if this could be investigated. The ticket number is [REDACTED]. The officer is Daniel Kenny #0253. If I indeed owe this, I would like to pay it. Thank you. Carol Wells

Any chance the township could work on giving out timeframes for inspections?
Seems like a pretty easy task, instead of leaving everyone in the dark to just sit around and wait all day. Just an idea

MAR 6TH, 10:05PM

Brian, what is your address? We are supposed to be providing a window for inspections. We'd like to research why you did not receive a window of time for your inspection.

MAR 7TH, 3:32AM

[REDACTED] This isn't the first 1 either. No time frames are handed out. 7 and a half hours we waited and lost money for a 6 minute inspection. We are trapped and the inspectors know this so it just doesn't matter. In this day and age an email, text, phone call, even a smoke signal could save a lot of taxpayers a lot of time and money.

Sunday night at 6:30 our neighborhood was subjected to race cars , blocked hooper ave. Enormous amounts of noise. My daughter and grandson were leaving our house and found themselves trapped in this dangerous mess. Race cars exiting marina area making a right turn while hooper traffic was held up. White flashing lights on a vehicle she thought to be police turned out not to be. It was a jeep with America flags. The police showed up and stopped this vehicle. Upon calling the police i was told it was a fund raiser and has been handled. These cars have been using our streets to race into early morning hours. I've been asked where they live. What is the license plate . This is the ? I get asked by the police dispatcher. I've been told by neighbors that There are cameras on hooper that can answer these questions . Me running out to try and stop them is not my job. What is the answer to this issue. Noise pollution. Speed limits not being enforced.
Sincerely Virginia Hutchison

This is entirely a Police-related issue. Noise ordinances are enforced by the police, as are speed limits and illegal street racing. You can contact them directly at 732-262-1150 and address any concerns you might have.

We were told by the dispatcher it was being handled. It has been a happing For a long time. Calling the dispatcher asked do you know were they live ? Did you get there license? Of the car going 60 mph down Hooper. We need- a speed machine in place to record this. The dispatcher just say call again if they still bother you. What kind of answer is this.
This past Sunday March 4 th was a beast of a different color.

Sunday night at 6:30 our neighborhood was subjected to race cars , blocked hooper ave. Enormous amounts of noise. My daughter and grandson were leaving our house and found themselves trapped in this dangerous mess. Race cars exiting marina area making a right turn while hooper traffic was held up. White flashing lights on a vehicle she thought to be police turned out not to be. It was a jeep with America flags. The police showed up and stopped this vehicle. Upon calling the police i was told it was a fund raiser and has been handled. These cars have been using our streets to race into early morning hours. I've been asked where they live. question. Are questions or concerns rather only addressed during the FB live sessions? 🙄 if so ill wait until then.

You can voice questions or concerns here as well.

I moved to Flintoft Ave last year. This weekend I took a walk on the trail that's behind the road where old horse farm was (see where it is circled in the images). I was curious why people are always back there and figured I'd take a walk too. The dirt bike riding doesn't bother me. What does bother me, is that people clearly are using this property and these trails as a dumping ground for garbage and other items. There is a ton of garbage back there all over all the way down the road but in the woods. There are multiple TV's, gasoline tanks, fireworks, beer cans, food wrappers, an old couch etc. It seems as though people have been dumping old items and garbage in this property instead of following proper protocol. Again I don't mind dirt bike riding or quads that some complain of. But the garbage dumping is a problem. See images of where it is.

I was coming home today and saw a sign at the old foodtown, what are they planning to put there?

FEB 23RD, 3:17PM

There is a private company building an indoor sports complex there. It will be modeled after the same one that's currently built in Waldwick, NJ. You can see that one here: <http://superdomesports.com/>
