Hi [REDACTED] - that looks awesome! Thank you for always doing such beautiful artwork for us. [REDACTED], the Chief asked me to create a file that you have already created for us. Would it be too much to ask you for this badge with "325" in place of "NJ"? and then a separate one with the "325" and instead of "Toms River" change it to "Dover Twp."? The officer retired

and they are looking for a high resolution, vector file, of the two badges.

Toms River Police Department

at 20:01:44 on 10/01/2018 UTC

To clarify, we need 2 badges

- 1- Toms River and badge number 325 (in place of NJ)
- 2- Dover Twp. and badge number 325 (in place of NJ)

I took the pic of her license plate when I saw the toddler jumping around. I was hoping to film him. I wasn't expecting her to do what she did. But I'm glad I caught it in case she hit me.

[REDACTED]

There's barely enough room to get through! I'm more concerned that she's a lunatic with a toddler free in her car. I have no idea which way she went except that she exited onto Hooper

Good evening,

My name is [REDACTED] and I work for [REDACTED]. I am reaching out to all local departments on a great new offer we as a company invested in. It is called [REDACTED]. This is the First nationwide public safety broadband network, sanctioned by the US Government and born from the learnings of the 9/11 commission report.

With [REDACTED] communications are highly secured and gives first responders priority to help ensure they stay connected during times of crisis, foregoing network congestion. [REDACTED] is the First responders their own network, that will never interrupt their communications in a crisis. First Responders network, giving them priority and preemptions over everyone so the first responders can excel in their task at hand - the public's safety.

Besides special pricing for all first responder agencies, and first responder individual lines,

AT&T also has an offer for all first responders' additional lines on their account. All first responders' are entitled to receive 25% off their entire bill on one of our industry-best unlimited plans.

I attached my card and two videos about [REDACTED] to show you how great this network is and proud we are to be able to offer this those of you who give so much for us!

The links below are videos from the [REDACTED] department and how they felt about their switch to [REDACTED] and a video on how fast the FirstNet network is in comparison to other broadband networks.

Thank you for your time and great service to our community.

we need speed bumps on Tennyson ave. 50+ people a day drive 15+ over the 25mph speed limit every day. there are dozens of kids on this street and there have been multiple accidents and pedestrian incidents, calls to the police, and nothing has been done. just this morning a truck fishtailed down the street past 10 kids at the bus stop at 110 Tennyson doing at least 40 and the guy in the truck yelled at the kids to "get the fuck out of the street".

Greetings. I was wondering if the PD has any historic photos of the Ford Bronco they had in 1972?

Thanks

Hello,

First let me start by saying I appreciate you all. Thank you very much for serving our community. I'm sorry if this isn't the right place to ask but I have a legal question and I'm not sure who to consult about the law.

I live in Toms River and I was wondering if it was legal to practice with a bow and arrow in my own backyard or not. Using field tips and a target bag, not with broadhead or other hunting tips on my arrows. I would love to be able to practice in my free time without having to drive to a range or pay expensive fees that start to add up when you try to practice daily. Thank you for your time reading my message, I hope you can help answer this question for me. The last thing I want to do is break the law.

Toms River Police Department

at 17:11:04 on 10/15/2018 UTC

Good afternoon.

There are only regulations for hunting with a bow and arrow. Shooting a bow and arrow on private property is permissible if it is done safely and poses no harm to anyone else. A safe back drop and no houses or people beyond the line of fire would be necessary.

Thank you for being cautious and checking with us first.

Hi [REDACTED]

Two paramedics from [REDACTED] actually administered the Narcan which reversed your condition last night. Our officer, [REDACTED] was just there to help you and them with that process.

We really hope that this incident was the first step in long-term recovery for you. Let us know if we can do anything else to help you with that goal!

Hello TRPD,

I was just curious if quads are allowed on residential streets. I live on [REDACTED] in the [REDACTED] development and there are quads speeding up and down our roads, all weekend and most evenings. I believe these individuals live in the homes further down Whitesville and use the trails behind our units to come thru.

Thanks for your time!

Mo, They are not allowed on the streets. Please call us at 732-349-0150 whenever you see this. I believe we have been trying to catch these kids but we have not been able to do so yet.

at 14:44:24 on 7/31/2017 UTC

I didn't think so, thank you for claryifying that. I haven't seen any kids but multiple times I have seen a man looking to be in his late 30's on a bright yellow quad. I will call TRPD next time I see him. Thanks for your time!
