Who can I speak to about the hiring process for a patrolman, I'm currently an officer in Pennsylvania

You can call 609-266-7414 and ask for Captain Rubino. We have a former Philly officer on board and I sent her through the academy again. The reason is, NJ only gives PA officers 30% credit towards a waiver. Chief Bennett

Hi,

My name is Robert Jacobsen. I'm a criminal justice student and a police cadet with Waubensee Community College Police Department. I am an aspiring police officer and I am collecting different police department patches and I was hoping that you could send me one of yours? Thank you.

Good Afternoon and thank you for contacting us. As far as signage and painting of the lines, the Brigantine Department of Public works would be the appropriate agency for your request/suggestions. Their phone number is (609) 266-7800 and they are open Monday through Friday 8AM-4PM. Regarding the enforcement of the laws, please be assured we have officers who are assigned to frequently patrol the area of the sea wall to ensure compliance with local ordinances and state laws. I will, however, pass your complaint along to supervisory staff so that they are aware. We are currently exploring the cost and training associated with officers on bicycles and may implement bicycle patrols if feasible in the near future. Unfortunately we cannot deploy officers on bikes without proper equipment and training, but again we are researching that option as we speak and we appreciate your suggestion - great minds think alike! Anything else we can do (including if you witness a violation of ordinances or laws in progress) please feel free to contact BPD dispatch at (609) 266-7414, 24 hours a day/7 days a week. Thank you! - Det. Glasser #105

Thanks for the response. No safety concerns, just wanted to make sure everything was ok with the boat owner being that we haven't seen them around the boat since we arrived. The family is having a wonderful vacation! Thanks again for your response.

Good afternoon. My family is on vacation and staying on Gull cov in Bringantine, overlooking the bay. We noticed a sailboat in the bay that has been anchored and floating in the same spot since we arrived Saturday morning. We haven't seen anyone on or around this boat since we we arrived and was just wondering if this is normal. We have been keeping an eye on it because we thought it was strange that we continued to see this boat in the same spot and no one around. The boat name is Winderness, and it has Lewes, DE on the back of the boat. Hopefully this boat is parked and allowed to be where it is, but we figured we should let someone know just in case. Thanks in advance.

Brigantine Police Department

at 1:36:24 on 6/20/2018 UTC

Thank you for your concern. It is not uncommon for sailboats to be anchored for some time out in that area, but we will keep that in mind. If you have any safety concerns please let us know as soon as possible at 609-266-7414. All marine responses and investigations are handled by the NJ State Police Marine Services Bureau, Atlantic City Station. Their contact number is 609-441-3586.

Again we thank you for letting us know your observations and hope you and your family enjoy the rest of your vacation.
