The area is expected to receive approximately 1.5 inches of rain starting tonight. Although there is no threat of coastal flooding, there is potential of flash flooding in low lying areas. Please use caution when parking your vehicles tonight, and watch for flash flooding. Please do not drive through any standing water.

Brig Fawkes On this day we honor all of our Veterans, I would like to say thank you and we appreciate your service fighting for our freedoms. Secondly, less than a week after the elections, I believe the Brigantine Democrat Club has shown the height of disrespect against our Veterans. After campaigning for the last several months about how much they want to do for our veterans and how supportive and respectful they are of our veterans, they didn't even have the decency to attend and present a wreath at this special ceremony marking the 100th Anniversary of the end of World War 1. Democratic Club President Lisa McClay, Past President Jerry Sucs, Councilman "wannabe mayor" Rick Delucry and the rest of the Brigantine Democrat Club should all be ashamed of themselves. What a Bunch of Phonies!!!!

DOG RESCUE

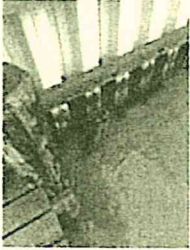

On November 26, 2018 Officer Sweet responded to an address on Bayshore Aveue to assist a caller in finding a lost dog. Upon arrival Officer Sweet immediately located the 200+ pound dog grasping on to the bulkhead in the bay behind the dwelling.

8/1/2019

Additional officers from the Brigantine Police Department responded to the area along with a member of Sea Tow Atlantic City. Thanks to a collective team effort, the dog was able to be saved from the cold waters.

Thank you to Sea Tow and the members of the Brigantine Police Department for a job well done!

Charlie Johnson Outstanding team work, guys. (from a retired NJSP/Special Ops. trooper) I know, first hand that, that was no easy job. Glad, to hear, that through your coordinated efforts, everything turned out great and nobody (including the dog), got hurt. That is due to the fact, that youse all must've been working like a well oiled machine. The operation could've went sideways, real easily but you guys prevailed. Ought to incorporate this type of scenario in the police academy training, under the classification: "can't make this stuff up".! Congrats, on a job very, very well done.!

Charlie Johnson Outstanding team work, guys. (from a retired NJSP/Special Ops. trooper) I know, first hand that, that was no easy job. Glad, to hear, that through your coordinated efforts, everything turned out great and nobody (including the dog), got hurt. That is due to the fact, that youse all must've been working like a well oiled machine. The operation could've went sideways, real easily but you guys prevailed. Ought to incorporate this type of scenario in the police academy training, under the classification: "can't make this stuff up".! Congrats, on a job very, very well done.!
