I am wondering if anything is being done about the negligence taking place at Buttermilk falls section of India Brook. I know it's been a swimming hole since forever which really isn't my concern. But the amount of illegal activity taking place there is absolutely absurd. From the grilling and dumping coals right on the stream bank, litter, manmade dams and the reckless alteration to a Category One protected trout stream is unacceptable. I saw people bait fishing on this stream which is also illegal. There ought to be enforcement and clear signs posted up along the stream indicating NJ's WTS regulations so people are educated on the importance of proper angling methods on this stream. The signs Mendham TWP PD have put up are doing nothing. Between the township and NJ F&W, Officers should be doing their job and monitoring this area, especially on weekends, enforcing the law and deterring people from destroying this beautiful natural area. If anyone could provide insight that would be greatly appreciated.

Dear Sir/Mam,

My name is Fredrik Cronqvist and i live in Trelleborg in Sweden.

I have for 30 years collected patches, ranks, hats, uniforms and so from Police & Sheriff's Departments world wide. So, my question is if there is any possibility to obtain/buy/trade your Department patch/units patches and challenge coins for my collection? Maybe you have any old style patches left? Diffrent units patches like k-9, Swat, and so? Hats, badges and ranks?

I would be very honored to have them in my collection and private museum.

I thank you in advance.

Best regards

Fredrik Cronqvist

There is a young boy, riding his bike on Route 24 towards Chester. Not sure if it's an electric bike. Had no helmet, then was driving trying to put one on with cars behind him. Swerving in road past Linden Lane at 11:25am. Fyi, not safe.

Hi, thanks for contacting us. We've received your message and appreciate you reaching out.

He was stopped at light in center of Mendham prior to this. Just fyi, not trying to be a pain. Was worried for him.

Hello, wanted to reach out with just an FYI, not an emergency. We live at [REDACTED] Rd in the township. Last night, a flag, on a pole that we had drilled to a tree just behind our mailbox was ripped down and stolen, both the flag and the pole.

I'm sure you can take a guess as to what type of flag that it was. We put up this flag with the understanding that this may happen, but as it's our property and right to display political signs, it's a loss we were willing to take.

We've placed another flag on a pole a bit further down our driveway, higher and hopefully out of reach. We'll also take measures to monitor the flag and if an attempt is made to steal again, we'll be in touch and file an official police report.

Just wanted to reach out in case this is happening elsewhere in town or on Mt. Pleasant Road.

As always, thank you for everything your department does for the public!

My name is Jennie Snipes, from Georgia USA. I'm demanding the release of Monica Ciardi from Morris County Jail immediately. She is NOT lawfully in contempt of court. People from all over the US are watching out for Monica. Awaiting real justice for Monica and her children Lilah and Phoebe.

Mendham Twp Police It has come to our attention that you have taken custody of Monica once again and are violating her rights. Additionally, deleting public comments from your Facebook page to cover this up is a clear infringement on free speech and accountability. This does not reflect well on you, and it will only become worse as we proceed with helping Monica file a federal lawsuit. We have experience taking cases against state officials—including judges, attorneys, police, and CPS in New York and Colorado—to federal court, and we are prepared to support Monica in pursuing justice for the ongoing retaliation. Protecting an innocent and further harming a survivor of domestic violence who is simply trying to protect her child is beyond unacceptable. Serious accountability is overdue for any law enforcement officer misusing their authority in this way.
