Macee Amber Miletta She came up to me a few weeks ago at the Shoprite in Millville. She told me she needed \$17 for a new tire, she seemed really nice when I first saw her. I felt bad for her so I gave her \$5, I figured it would come back around & it would give me good karma. But I was disgusted when I saw her the other day, she came up to my car & asked if she could ask me something. I said, no because you asked me for money a few weeks ago. She just walked away. I looked up Kayla Thompson and that's definitely the girl harassing people for money. Hope you catch her!
