From The Daily Journal Staff Reports

MILLVILLE – Cumberland County health officials are warning residents about a recent spike in confirmed rabies cases.

There have been several reports over the past two weeks in Millville and Bridgeton regarding rabid animals, including bats and a skunk, the county Health Department said Friday.

In one case, a rabid skunk was found in the City Park area in Bridgeton.

“No human exposures were reported, however residents are reminded to be on the lookout for wild animals when in this area and to keep an eye on children to ensure they are not playing with any animals that may appear friendly,” the department said in a news release.

Earlier this month, officials also confirmed a bat found near South Spring Road in Vineland had rabies.

Officials warn residents not to provide assistance to stray animals that seem distressed or act strangely.

“There are many ways to keep your home, family and pets safe from rabies,” said Megan Sheppard, the county’s health officer. “You can protect your pets by keeping an eye on their outdoor activities, not allowing them to run loose and making sure their vaccinations is up to date. You can protect yourself and family by avoiding wild and stray animals.”

Residents are advised they should call their local animal control office if they spot raccoons, skunks, cats or dogs that are acting suspiciously.

Theresa Lockwood yea, i want some fresh water bass. good time to catch that is after it rains, and the insects and stuff is falling from the trees, they come close to the edge of the water to catch them. they like things that move quick. So no fancy bait. Just night crawlers. The secret. which is no longer a secret now. lol. Jerk the bait around skipping around in the water. Because they are responding to fast movement, which was noticed they were drawn to. Learned all this from experience and being board fishing, not really liking it. My excitement comes from analyzing things. so yea, it usually benefits others. like catching great bass. Yea, favorite fish to eat. can't clean them though... and I can't worm the hook. I actually think its terrible to stick a worm in the back with a hook. I used to play with the little things when I was a child, along with slugs and tadpoles, and bumble-bees. Yes, I'm weird.

At his house on Boulevard and Peach Street signed a complaint officer came to my house I gave them all the evidence that Larry Bostic gave to my daughter and the officer that took the evidence mysteriously lost the letter the camera and the gold chain that line Bostick gave to my daughter took us a year in and out of court postponements and everything because the officer mysteriously lost the evidence the judge threw it out. Which he got away. A child predator running loose here in our neighborhood 4 years I knew him for years. On Wednesday June 14th, 2017 numerous police officers throughout New Jersey received awards for exemplary duty and the sincere appreciation from representatives of Mothers Against Drunk Driving of New Jersey and The New Jersey Division of Highway Traffic Safety for their efforts during calendar year 2016. These awards were issued for performing above and beyond their call of duty to stop drunk drivers on New Jersey roads. The theme of the event was "Saving Lives by Preventing Crashes." In addition to the individual awards given out, the audience also had the opportunity to hear speeches from victim advocates, who also praised the efforts by these officers. Numerous County Prosecutors, Police Executives and Chiefs, and Police Officers were in attendance from all 21 Counties.

The ceremony was held at Rutgers University in New Brunswick. Among those honored were Vineland Police Officer Brandon Torres and former Vineland Police Officer Jason Judice (now Voorhees Police Department as of January 2017)

Theresa Lockwood My son was a safety in the 4th grade, but the police found out I was a real Christian and my son was exceptionally intelligent. So that used the schools to destr0y my ch!ldren and persecuted me, encouraging my spouse to continue to force himself in our lives and continue to abu\$e me and the Vineland Police also encouraged my ch!ldren to abu\$e me. The Vineland Police and church realized I wasn't asleep spiritually like the rest of the de@d brainwashed churchian people.

Theresa Lockwood Oh by the way. Their chaplain TRIED TO PUSH THE TWISTING OF ROMANS 13:1-5 PROPAGANDA CULT BIBLE ABUSE!

----- Don't believe the lies of FALSE PASTOR Frank Ippolito our bible nor the word of God says that all police officers are ministers of God for good.
 Frank Ippolito also tried to push the NAZISM claims(which actually came from corrupt church like Calvinism, Lutherism down to Wesleyanism) THAT FORMED PEOPLE LIKE HOLOCAUST TERRORIST! Where Frank Ippoito is trying to claim that sin is genetic and no one can influence sin. ---- EVEN THOUGH THE BIBLE RECORDS IN MANY PLACES THAT SIN IS BY INFLUENCE! ---- WHICH WAS THE SAME SIN THAT FORMED PEOPLE LIKE HITLER & The NAZI Psychiatrist who did heinous torturous experiments on people and children.
 ----- Frank Ippolito DOES NOT BELIEVE IN GOD! He deliberately sl@nders God and Jesus in the bible like the rest of these false leaders because he h@tes Jews & Christians. Yes he will boast in them...and basically do what Muahmmad did. FRANK IPPOLITO IS A PATHILLOGICAL LIAR!!!
