Theresa Lockwood "Underprivileged children?" Why does that LABEL not sit well with me?

OFFICER JASON SCALZI & CHIEF CODISPOTI WILL MIND R@PE YOUR CHILDREN AND PROTECT PEDOPHILE ABUSERS & TARGETS VICTIMS OF ABUSE! THEY ARE CULT ABUSERS!

By the way...Officer Jason Scalzi was placed with programs around children because his CULT promotes false indoctrination that is taught by brainwashing pedophile priests that silences witnesses and victims of abuse. The main reason Chief Codispoti uses their churches because they are brainwashing people and ARE NOT Christian at all.

The rules (to silence victims of abuse) to be aware of promoted by Officer Jason Scalzi and the police dept. are as follows:

- No Judging
- No criticizing
- No gossiping
- No finding fault
- No Doubting

These are rules that are said if a child should speak against a predator harming them or molesting them...or someone who has a title is abusing someone if they should report crimes committed against them by a criminal governing oppressor.

Officer Jason Scalzi actually lies to children and tells them that their victims or people who speak against their crimes are liars. As they tell them that all good cops are good cops and are Gods ministers...of course THAT IS A LIE!

Theresa Lockwood SHE DIED TEXTING AND DRIVING WITHOUT A SEATBELT as she was a hypocrite who did news for buckling up and car safety. Not obeying laws that were there for EVERYONES safety...she just didn't think it applied to her. POLICE TRIED TO COVER UP THAT SHE WAS TEXTING AND NOT WEARING A SEAT-BELT. Her charity is part of her beauty queen expectations, which is common among them. HER LAST POST WAS ON VALENTINES DAY WHILE DRIVING --->>> RIGHT BEFORE SHE CR@SHED! Chief Codispoti has a thing for beauty pageant hoes...and their vanity. I don't justify Trump either...I just had to take a part in influencing the elimination of the Clintons...along with everyone else who would do it for the right reasons. Unfortunately he is in a place of a major influence of society. ...but then against chief Codispoti has a thing for criminal prosecutors as soon as they are exposed as shoving foreign in themselves...I'm not really sure what perv act that should fall under...is that under the "Q" for qu33r of the LFBTQRPs or is there another name for it? ...or should they add,"I" for inanimate objects. We cannot trust these reports by her. Her last reports regrading Phillip White and Jerame Reid; has proven Jennifer McRaes biases to favor and cover up police crime. I am not saying this is the issue for this report. I am just saying that Jennifer McRae deception in the past voids out any claims she makes as credible. Especially since the Vineland Police dept is as the same. Don't get extreme with opposition. I respect law enforcement of Justice that actually practices it. I am also not against officers shooting at criminals that shoot at officers. I approve of this enforcement. I am just saying...Jennifer Mc Rae cannot be trusted and neither can Chief Codispoti for anything they say involving their officers. Though the Vineland Police dept is claimed to be walled off from the investigation. Vineland

Police dept owns the courts and the investigations and tamper with evidence and they have their people all in their positions to cover up any corruption and crime by themselves. So far though by the looks of the claim of crime. It appears for now to justify the officer to any claims against his actions that may come up. I have no details of this story except the little here presented.

Theresa Lockwood They cut off the part where the officer WAS CLAIMED to be put on administrative leave...by the prosecutes office. but they said that about Plantania and Janasiak and they were still working on desk duty to attack anyone who came into the police dept who believed the facts that Phillip White was murd3red. Why was this officer put on administrative leave?

Sharaud Norman The The United States Department of Justice needs to be involved with the Vineland, NJ Police Department... Jerame Reid of Bridgeton is already under investigation... Phillip White is next and the Vineland Police Department knows it. Change is coming... This sketchy explanation from Jennifer Webb-McRae is more of the same that the Vineland residents don't deserve. The precedent for a "justified shooting" has once again been set before the investigation could be completed. While this may be tolerable in cases where the police department is exemplary in its' performance, it is completely intolerable from a department that is close to being under investigation and under TREMENDOUS scrutiny. There is NO REASON to believe the official narrative of a police department that censors it's Facebook page... There were 21 comments made on this post. 3 are showing at the time that I'm typing this. This behavior was admonished last year and a FOIA request was file to reveal hidden comments that the department blocked after the death of Phillip White. Now the same thing is happening again... I am closely monitoring and documenting this whole situation... Very closely. The privilege that those in public office experience is unconstitutional reckless at best. More than one whole year after Phillip's death and the officers involved haven't been charged after their criminal actions were CLEARLY seen and explained on camera? Now you expect us to believe this Jennifer? Get real... You tried to control the narrative of Phillip's story... It didn't work. You're doing the same thing here ... You are a PROSECUTOR... Not a PR Strategist for the Vineland Police Department. Know your job and give justice to the community through consistent righteous actions... You are consistently siding with the Vineland Police Department's "official" narrative. They've burned you once... You think they won't do it again? Do your job Jennifer... We are waiting for justice for Phillip.... And now we'll be waiting to see how you continue to try to control this situation as well... Remember, you are a prosecutor. Not a public relations strategist....

Without knowing any numbers I'm willing to bet an overwhelmingly high percentage of all cop shootings, excessive force and civil rights violation claims were found by them to be justified. Sad just sad. let's not forget Vineland released the hounds on an unconscious man in cuffs to be mauled to death. Even with video they claimed that was justified rather the vicious cops allowed to return to work while the same local prosecutor office that rely on the cops investigate this new case as well as that of mr White's. You people don't see a problem with that? No. Figures your benefiting from the injustices.

Serves you no good to change anything. Just keep killing folk on the clock. Hopefully all the wrongful ways will be returned in epic karmic fashion. #MAMBAOUT

Sharaud Norman It's a tough climate for African Americans... Why? Sellouts... We're up against a ton dealing with gentrification and federalization. We don't need anymore problems from our own people. We need solutions and not sellouts. God knows we have enough

educated sellouts out there. Knowledge is power. Unarmed African American men are being killed at an extremely high rate and very few of our African American women want to address that. Willie Lynch Law has broken our households and the effects still continue till this day... African American women are against black men and they don't even know it... Sad. It's time to wake up and realize the progressive loss of liberty and freedom our community is experiencing. Black men all over New Jersey are being imprisoned for nonviolent offenses... This unnecessary incarceration is a direct violation of our Constitutional values as a country but IGNORANCE doesn't allow us to know that... The fight is a long complicated one that I don't expect you to understand overnight... Maybe now is not the time to praise a department that is being dishonest and EXTREMELY heavy handed with its' citizens. When you spend HOURS talking with the mothers of their victims then maybe you'll understand... Maybe not. It's your call.
