This office is currently the attorney of record for Jason. We cannot forward a copy of his file to Mr. Rosellini without a substitution of attorney, or until relieved by the Court.

Bill,

A substitution of counsel is NOT needed since Jason did not accept you or the firm you are associated with as his legal counsel after meeting with Mr. Pintaro for the first time Wednesday. I am telling you as his wife, ADA advocate, and the person authorized by him, that his files can immediately be released to Mr. Kenneth Rosellini, NOT Mr. Roselli, that you have indicated in your response to my request. Again, Defendant Jason Samaritano, indicated to me personally that he does not want your firm handling any aspects of his cases whatsoever. Confirm that you understand this and received this information and that you are complying with the request. I have copied Judge D'Arrigo in this email so he

is aware that whatever took place at the meeting that Jason was not made privy to between the Judge, Mr. Pintaro and whoever else may have attended the conference/meeting that Jason had NOT been informed of the meeting and Mr. Pintaro did not even tell Jason that the meeting happened. We need detailed information about that meeting and I need to be sent ALL notices of any court proceedings from this point on via my email address. As his advocate I need those in real time not snail/USPS mail. I also need information about the court's ADA coordinator immediately. I am requesting that the court also confirm receipt of this email.

Thank you for your cooperation.

Good evening,

After Jason finally met with Mr. Pintaro Tues afternoon, Jan 31st, he has made the decision not to use your firm to represent him on any of his cases. It was brought to our attention by the courts criminal management team that Mr. Pintaro had met with Judge D'Arrigo without communicating that meeting to any of Jason's family and then never mentioned it during his initial meeting with Jason.

I need to remind you that I emailed Mr. Pintaro and explained Jason's disabilities and what he would need for his meeting with Jason. Those needs were not met. I am my husband's ADA advocate and as such I need to be sure my husband gets the proper accommodations that he needs and the best defense he can get. That being said I am requesting that you send Attorney Ken Rosellini my husband's file. Here is his email address: kennethrosellini@gmail.com. We are requesting that you send him a complete written synopsis of the discussion with Judge D'Arrigo as well.

Please have this sent to him by the end of the day Friday February 3rd. This is all time sensitive and too much time has been wasted without Jason's best interest being considered.

Thank you for your anticipated cooperation.

Richard,

Does the defendant have an attorney for the cases that he is listed for arraignment on Monday for? I just Indicted him yesterday for the new charges, can we hold the arraignments for the old cases at the same time we have arraignment for the new case when that date is given?

Richard,

I am down with a virus today and have to take a sick day. I have two arraignments, one with Michael Stubbs and one with Jason Samaritano. I can get Stubbs covered, however I was deputized for Samaritano so I don't think I can get coverage. Can we postpone Samaritano? If absolutely necessary I can do virtually instead. I don't have email or number for the defendant's attorney, otherwise I would give him a heads up as well.

After looking at Jason Samaritano's PTS status more in-depth, I was hoping you could assist. Samaritano is being detained on 23-03-146-I. The 4 matters transferred from Atlantic that originated in Ocean have different statuses throughout their transfers. 20-03-497-Z was a summons so that would not apply. 22-02-250-Z does not appear to have ever gone beyond Level 1. 22-04-674-Z and 22-03-460-Z have detained the defendant multiple times throughout this process through violations of monitoring.

At this time, should 23-03-146-I be the only case detaining this defendant?

TC Snock:

After looking at Jason Samaritano's PTS status more in-depth, I was hoping you could assist. Samaritano is being detained on 23-03-146-I. The 4 matters transferred from Atlantic that originated in Ocean have different statuses throughout their transfers. 20-03-497-Z was a summons so that would not apply. 22-02-250-Z does not appear to have ever gone beyond Level 1. 22-04-674-Z and 22-03-460-Z have detained the defendant multiple times throughout this process through violations of monitoring.

At this time, should 23-03-146-I be the only case detaining this defendant?

Richard,

I am down with a virus today and have to take a sick day. I have two arraignments, one with Michael Stubbs and one with Jason Samaritano. I can get Stubbs covered, however I was deputized for Samaritano so I don't think I can get coverage. Can we postpone Samaritano? If absolutely necessary I can do virtually instead. I don't have email or number for the defendant's attorney, otherwise I would give him a heads up as well.

Hi Lorena- I just received a message that he is still on the bench. Would it be possible for the prosecutor to call him Monday morning when he's back in Atlantic? I'm in Atlantic so I don't know when he'll finish in Cape May. I have to rely on someone telling me when he's off then bench and apparently he hasn't yet taken a break.

Good morning Linda,

I wanted to reach out again and advise that defendant Jason Samaritano is scheduled for a Detention Motion tomorrow, 12/14/22, at 9:00 am via virtual court. Public livestream can be viewed by visiting the following web address:
<https://www.njcourts.gov/public/channels>

There are a few people registered in VINE anonymously so I do not know if one of them is Judge DeLury. If Judge DeLury does not recall being signed up for VINE, I can register him to receive custody status notifications through this automated system. All I need to know is how he wishes to receive this information – text message, email, phone call.

If you have any additional questions, please feel free to contact me.

Jill,

We previously obtained all of the Judiciary Incident reports referenced in the investigation from the AOC via subpoena (I believe the subpoena may have actually gone to you). We obtained the reports and provided same as they were relevant and discoverable. There was a report prepared by Mr. Koos from 12/2/22 that was provided in discovery.

The "surveillance of social media", I am assuming, is a social media review for open accounts related to the defendant and was referenced in Trooper Foote's report and in discovery that was provided to the defense.

**** WARNING:** This email originated from outside of the Atlantic County Government Email System. DO NOT CLICK links or open attachments unless you recognize the sender and are expecting the email. Please make sure the actual sending email address is what you are expecting not just sender name. **

Good afternoon,

I am attempting to find out what has happened to the charges that I filed in December against the following individuals:

- 1) Judge Bernard DeLury
- 2) Judge Jeffrey Waldman
- 3) Deputy Defender Scott Sherwood
- 4) Assistant Prosecutor Taylor Toscano
- 5) Attorney Meghan McCormick Hoerner

I haven't received any documentation about these charges and have no charge number for them. I'm told that I should have at least heard back from someone within 45 days yet nobody has even acknowledged my inquiries.

I have come to learn that an employee of the judiciary Christopher Koos has filed a Judiciary Incident Report about me for filing my complaints and has referred to me as a security issue as well as a Vexatious Litigant. Neither are true and as a citizen my rights were violated by his inappropriate and inaccurate report that is based off his own opinion without any factual basis and without ever having any kind of discussion with me about my charges.

The charges that I filed were filed with numerous documents to support my allegations. The fact that one of your court officials has now attempted to wrongly discredit me should send these complaints to another venue. Have my complaints been wrongfully removed without any notice to me?

I have copied my husband's attorney Kenneth Rosellini in this email since it is now my 4th attempt to find out what has happened to these charges. I had requested a Special Prosecutor due to the nature of the charges and the fact that the charges are against public officials.

I would like to know how, as a witness to these crimes, I can secure some protection from the retaliation? These Judges enlisted judicial employees and the state police to wrongly surveillence my social media accounts as well as my husband's to use our freedom of speech to attempt to make us out to be threats to the judiciary.

We have a right to expose the judiciary misconduct, abuse of power tactics and any other improper activities they conduct as public officials without retaliation. Sheriff's Officers showing up at my house with large guns and shields with bench warrants for missed court dates certainly appears to be retaliation.

The court has not treated my husband fairly nor have they followed proper court procedures. Between Ocean County, Monmouth County, Atlantic County and now Cumberland County. It would appear that they are all just covering for one another's misconduct and then continue the abuse of power by denying simple Constitutional Rights.

For years we have been attempting to resolve my husband's cases. Then we find out the courts took his cases apart from their intended disposition without any notice to my husband. Where are his due process rights?

As a witness to all of these crimes unto my husband and now his liberties being completely stripped by trumped up allegations, I want protection from the continued judicial abuse of power by staff members.

Please respond by telling me what is going on with these charges? If another judiciary incident report is filed with my name in it, I wish to be copied immediately. I consider these complaints to be harassment and intimidation as I am a witness. I wish to seek protection and a victim/witness advocate.

I look forward to hearing from you.

Yours Truly,
Erin Samaritano

Subject: Filed charges

**** WARNING:** This email originated from outside of the Atlantic County Government Email System. DO NOT CLICK links or open attachments unless you recognize the sender and are expecting the email. Good afternoon,

I am attempting to find out what has happened to the charges that I filed in December against the following individuals:

- 1) Judge Bernard DeLury
- 2) Judge Jeffrey Waldman
- 3) Deputy Defender Scott Sherwood
- 4) Assistant Prosecutor Taylor Toscano
- 5) Attorney Meghan McCormick Hoerner

I haven't received any documentation about these charges and have no charge number for them. I'm told that I should have at least heard back from someone within 45 days yet nobody has even acknowledged my inquiries.

I have come to learn that an employee of the judiciary Christopher Koos has filed a Judiciary Incident Report about me for filing my complaints and has referred to me as a security issue as well as a Vexatious Litigant. Neither are true and as a citizen my rights were violated by his inappropriate and inaccurate report that is based off his own opinion without any factual basis and without ever having any kind of discussion with me about my charges.

The charges that I filed were filed with numerous documents to support my allegations. The fact that one of your court officials has now attempted to wrongly discredit me should send these complaints to another venue. Have my complaints been wrongfully removed without any notice to me?

I have copied my husband's attorney Kenneth Rosellini in this email since it is now my 4th attempt to find out what has happened to these charges. I had requested a Special Prosecutor due to the nature of the charges and the fact that the charges are against public officials.

I would like to know how, as a witness to these crimes, I can secure some protection from the retaliation? These Judges enlisted judicial employees and the state police to wrongly surveillance my social media accounts as well as my husband's to use our freedom of speech to attempt to make us out to be threats to the judiciary.

We have a right to expose the judiciary misconduct, abuse of power tactics and any other improper activities they conduct as public officials without retaliation. Sheriff's Officers showing up at my house with large guns and shields with bench warrants for missed court dates certainly appears to be retaliation.

The court has not treated my husband fairly nor have they followed proper court procedures. Between Ocean County, Monmouth County, Atlantic County and now Cumberland County. It would appear that they are all just covering for one another's misconduct and then continue the abuse of power by denying simple Constitutional Rights.

For years we have been attempting to resolve my husband's cases. Then we find out the courts took his cases apart from their intended disposition without any notice to my husband. Where are his due process rights?

As a witness to all of these crimes unto my husband and now his liberties being completely stripped by trumped up allegations, I want protection from the continued judicial abuse of power by staff members.

Please respond by telling me what is going on with these charges? If another judiciary incident report is filed with my name in it, I wish to be copied immediately. I consider these complaints to be harassment and intimidation as I am a witness. I wish to seek protection and a victim/witness advocate.

I look forward to hearing from you.

Yours Truly,
Erin Samaritano

FYI

I have an email into the prosecutor’s office to get an update on the status of the charges but what is more concerning is she is aware of the JIRs report that Chris Koos filed when she filed the charges. We are looking into how this information was provided to her.

Jill,

We previously obtained all of the Judiciary Incident reports referenced in the investigation from the AOC via subpoena (I believe the subpoena may have actually gone to you). We obtained the reports and provided same as they were relevant and discoverable. There was a report prepared by Mr. Koos from 12/2/22 that was provided in discovery.

The "surveillance of social media", I am assuming, is a social media review for open accounts related to the defendant and was referenced in Trooper Foote's report and in discovery that was provided to the defense.

Good afternoon,

I am attempting to find out what has happened to the charges that I filed in December against the following individuals:

- 1) Judge Bernard DeLury
- 2) Judge Jeffrey Waldman
- 3) Deputy Defender Scott Sherwood
- 4) Assistant Prosecutor Taylor Toscano
- 5) Attorney Meghan McCormick Hoerner

I haven't received any documentation about these charges and have no charge number for them. I'm told that I should have at least heard back from someone within 45 days yet nobody has even acknowledged my inquiries.

I have come to learn that an employee of the judiciary Christopher Koos has filed a Judiciary Incident Report about me for filing my complaints and has referred to me as a security issue as well as a Vexatious Litigant. Neither are true and as a citizen my rights were violated by his inappropriate and inaccurate report that is based off his own opinion without any factual basis and without ever having any kind of discussion with me about my charges.

The charges that I filed were filed with numerous documents to support my allegations. The fact that one of your court officials has now attempted to wrongly discredit me should send these complaints to another venue. Have my complaints been wrongfully removed without any notice to me?

I have copied my husband's attorney Kenneth Rosellini in this email since it is now my 4th attempt to find out what has happened to these charges. I had requested a Special Prosecutor due to the nature of the charges and the fact that the charges are against public officials.

I would like to know how, as a witness to these crimes, I can secure some protection from the retaliation? These Judges enlisted judicial employees and the state police to wrongly surveillence my social media accounts as well as my husband's to use our freedom of speech to attempt to make us out to be threats to the judiciary.

We have a right to expose the judiciary misconduct, abuse of power tactics and any other improper activities they conduct as public officials without retaliation. Sheriff's Officers showing up at my house with large guns and shields with bench warrants for missed court dates certainly appears to be retaliation.

The court has not treated my husband fairly nor have they followed proper court procedures. Between Ocean County, Monmouth County, Atlantic County and now Cumberland County. It would appear that they are all just covering for one another's misconduct and then continue the abuse of power by denying simple Constitutional Rights.

For years we have been attempting to resolve my husband's cases. Then we find out the courts took his cases apart from their intended disposition without any notice to my husband. Where are his due process rights?

As a witness to all of these crimes unto my husband and now his liberties being completely stripped by trumped up allegations, I want protection from the continued judicial abuse of power by staff members.

Please respond by telling me what is going on with these charges? If another judiciary incident report is filed with my name in it, I wish to be copied immediately. I consider these complaints to be harassment and intimidation as I am a witness. I wish to seek protection and a victim/witness advocate.

I look forward to hearing from you.

Yours Truly,
Erin Samaritano
