

PROPOSAL

FY 2018 N.J.D.O.T. MUNICIPAL AID PROGRAM IMPROVMENTS TO MOLA BOULEVARD FROM HILLMAN DRIVE TO ROUTE 46

CONTRACT NO. 2020-1

TO THE BOROUGH OF ELMWOOD PARK:

The undersigned hereby declares that ___ he ___ has ___ carefully examined the specifications, plans and form of contract for the project named above; that ___ he ___ has ___ carefully examined the site of the project; and that ___ he ___ will contract to carry out and complete said project as specified and delineated at the price per unit measure or lump sum for each scheduled item of work stated in the Schedule of Prices following.

It is understood that the Total Price for the entire contract stated by the undersigned in the Schedule is based on the estimated quantities and will control in the awarding of the contract. It is further understood that the quantities stated in this Schedule of Prices for the various items are estimated only and may be increased or decreased. Payment will be made only for the actual quantity of authorized work done under each scheduled item.

It is further understood that the following procedure will be used to correct numerical discrepancies found in the Schedule of Prices following:

1. All Unit Prices and the Total Price for the entire contract shall be expressed in both words and figures, and in case of discrepancy, the written price shall govern over the price stated in figures.
2. If based on the above, it is found that the written Total Price for the entire contract is found to have been incorrectly computed, then changes will be made in any or all unit prices so as to attain conformity with said Total Price before the contract is executed.

When alternate bid items are listed in the Proposal, the determination of which bidder's response to a request for bids offers the lowest price shall be made on the basis of the price of: (i) the base bid items plus the price of any selected alternate bid item; or (ii) a choice of alternate bid items within the limit of funds that may be available for a project. If the OWNER provides for more than one alternate bid item, the OWNER shall specify the ranked order in which the alternate bid items are to be selected and included in the award of the contract, provided that this requirement shall only apply to a project with a total estimated cost, including alternate bid items, of greater than \$500,000. (N.J.S.A.40A:11-23.1d)

The undersigned proposes to furnish all labor, materials and equipment required to construct and complete the structures and do other work complete in every detail, in accordance with plans, specifications and other contract documents prepared by the Alaimo Group, Consulting Engineers, at and for the following Lump Sum Prices and Unit Prices:

FY 2018 N.J.D.O.T. MUNICIPAL AID PROGRAM IMPROVMENTS TO MOLA BOULEVARD FROM HILLMAN DRIVE TO ROUTE 46

CONTRACT NO. 2020-1

TO THE BOROUGH OF ELMWOOD PARK:

The undersigned hereby declares that ___ he ___ has ___ carefully examined the specifications, plans and form of contract for the project named above; that ___ he ___ has ___ carefully examined the site of the project; and that ___ he ___ will contract to carry out and complete said project as specified and delineated at the price per unit measure or lump sum for each scheduled item of work stated in the Schedule of Prices following.

It is understood that the Total Price for the entire contract stated by the undersigned in the Schedule is based on the estimated quantities and will control in the awarding of the contract. It is further understood that the quantities stated in this Schedule of Prices for the various items are estimated only and may be increased or decreased. Payment will be made only for the actual quantity of authorized work done under each scheduled item.

It is further understood that the following procedure will be used to correct numerical discrepancies found in the Schedule of Prices following:

1. All Unit Prices and the Total Price for the entire contract shall be expressed in both words and figures, and in case of discrepancy, the written price shall govern over the price stated in figures.
2. If based on the above, it is found that the written Total Price for the entire contract is found to have been incorrectly computed, then changes will be made in any or all unit prices so as to attain conformity with said Total Price before the contract is executed.

When alternate bid items are listed in the Proposal, the determination of which bidder's response to a request for bids offers the lowest price shall be made on the basis of the price of: (i) the base bid items plus the price of any selected alternate bid item; or (ii) a choice of alternate bid items within the limit of funds that may be available for a project. If the OWNER provides for more than one alternate bid item, the OWNER shall specify the ranked order in which the alternate bid items are to be selected and included in the award of the contract, provided that this requirement shall only apply to a project with a total estimated cost, including alternate bid items, of greater than \$500,000. (N.J.S.A.40A:11-23.1d)

The undersigned proposes to furnish all labor, materials and equipment required to construct and complete the structures and do other work complete in every detail, in accordance with plans, specifications and other contract documents prepared by the Alaimo Group, Consulting Engineers, at and for the following Lump Sum Prices and Unit Prices:
