NARRATIVE

No notes:

At approximately 2:00pm on 7/28/2021, I received additional information

regarding a fire involving a parked township garbage truck which had burned on 7/7. On the date of the incident, I spoke to DPW supervisor Dan Krushinski who stated that the truck in question, unit 853 bearing NJ tag MG66208, was observed on security camera to have been smoking at approximately 3:23pm while parked unoccupied. The vehicle was noticed by DPW personnel to be on fire a short time later, at which point the fire department was called, responded, and extinguished the fire. The truck was examined by the township fire marshal who determined the likely cause to be an electrical fault.

Today I received additional information stating that the truck's GPS data indicated that the vehicle had been parked in the location at which it burned, at approximately 1:00pm on 7/6, and had been in that location without being moved through the time of the fire incident, having not been utilized the day of the fire.
