Subject: [External Email]Exclusive Research Scholars Program by Harvard Student Agencies - Applications Open

CAUTION: This email originated from outside of the school district. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Monroe Township IT Department

Hello School Leader,

Greetings from **Learn with Leaders!**

Congratulations! We have shortlisted your school for a scholarship opportunity for our prestigious **Research Scholars program in collaboration with Harvard Student Agencies**. This is a unique, one-of-a-kind platform for your ambitious high school students (Grades 8 to 12) to develop their research skills and become a published author with a reputed journal!

We are impressed by the way your school has employed a global outlook in curriculum and pedagogy that resonates with our core offerings to serve the student's potential. We would like to invite you to nominate deserving students who can benefit from this program. We would like to offer the **Research Scholars program at a reduced fee (special scholarship)** of USD 750 to your students.

We would also like to E-meet you to discuss special scholarships for our upcoming winter programs. Please feel free to **schedule a call with us**.

Click here to see the research papers published by our previous students on the official website of Harvard Student Agencies.

About the Research Scholars Program by Harvard Student Agencies at Harvard University

The Research Scholars Program is focused on the **fundamentals of research and research writing**. Under the guidance of **Harvard Student Agencies**, students would delve into the basics of research i.e. **Types of research, forming hypotheses, research writing formats, finding accurate sources, citations, conducting primary experiments, literature review and so much more**.

Finally, the program would culminate in students **coming up with their own thesis and producing a 1500-2000 word research report and presenting it**.

Research areas of **STEM, Arts and Humanities, Law, Entrepreneurship etc.** will be explored and encouraged such that students would attain proficiency and enhance their knowledge in topics that resonate with them. **The research reports produced by the students** will be published on the **Harvard Student Agencies website** and in a **journal** subject to acceptance.

In addition to the expert guidance from Harvard mentors, they have received adequate support to edit their research papers and necessary feedback in getting the papers published.

This time, we are opening the applications for 2 cohorts - March and May. So now students have the flexibility to join the cohort of your choice!

OPTION 1: The March 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 8 weekends

Regular Program Fee: USD 1000

Early Application Deadline: 20th March 2023

Program Starts: 26th March 2023

Find more about the Program: [Here](#)

Application Form (March): [Click Here](#)

OPTION 2: The May 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 8 weekends

Regular Program Fee: USD 1000

Early Application Deadline: 10th April 2023

Program Starts: 28th May 2023

Find more about the Program: [Here](#)

Application Form (May): [Click Here](#)

What past participants say – Research Scholars program

‘I realized it was not just about writing several high-quality papers with them. They made me understand it is important to go deep and always be curious.’

- Lintang Hidayat, JIS High School, Indonesia

‘I was taught how to conduct high-quality research and, most importantly, had helpful mentors who really invested in me.’

- Sierra Newton, Bodwell High School, Canada

So let's begin your students' journey as a researcher with Learn with Leaders!

Best wishes,

Learn with Leaders

Hello everyone,

My apologies for this additional email regarding below. I spoke with some of the other schools and it seems as though purchase orders are being submitted for special areas. I assume, we can share their allocations and request quotes?

Thanks so much and have a nice weekend!

Iggie

From: Iggie Rasmussen

Subject: FW: 2023/2024 School Year Requisitions

Good morning!

We just want to reconfirm that the budget was approved, and we can share the special area allocations with the teachers so we can begin ordering/getting quotes.

We understand Ed Data supply orders are being placed on hold for now. As instructed, we went through our current supplies and what each of the teachers ordered and there doesn't seem to be any excessive or unusual requests. At this point, how do we proceed?

Subject: 2023/2024 School Year Requisitions

Good Morning,

As of today, we have the **2024** school year in the Requisition System. You can now start putting in your requisitions for the 2023/2024 school year. When you go into your requisitions, click add new. Go over to the right bottom where you see "**REQUISITION YEAR**" and click on the drop-down arrow. You will see **2024**. Click on **2024** so that your requisitions are in the correct fiscal year. We will approve and have Purchase Order #'s for you by 7/1/23 and after. Please remember that if you are doing requisitions for the new school year and you are still doing requisitions for this current school

year, please make sure you are always in the correct fiscal year. You will be able to see any of your requisitions for this year or next year by clicking on the correct year of your order. If you have any questions, please let us know.

Subject: Re: Option 2 Physical Education

Good morning,

The students and parents have not been notified. The structure of the Option 2 requirements has not been formulated yet. I thought we were waiting for the committee meeting in June to get that approved. I have asked Dr. Critelli to schedule Senior PE classes in blocks 1 and 4 so once the structure is developed, students will be able to opt-out with no issue. Please note that students cannot opt-out of Health classes so we will have to reserve a space for all senior students for one marking period.

Subject: 2023 AP Chemistry Project Presentations

Good Morning.

This year's AP Chemistry Project Presentations will take place over a small number of days, in Room F216, concluding the course for the 2022-23 Academic Year.

The schedule, presenter and presentation topics are as follows:

June 12th	9:00 AM		Lithium-Ion vs. Sodium-Ion Batteries
June 12th	9:30 AM		Super-phosphate Production
June 13th	9:00 AM		Hydrogen Gas Generation
June 13th	9:30 AM		Carbon Capture Sequestration
June 13th	10:00 AM		"Garbage to Energy" Option#1. Gasificatic
June 14th	9:00 AM		"Garbage to Energy" Option#2. Pyrolizati
June 14th	9:30 AM		Aluminum Production
June 14th	10:00 AM		Polyethylene Production
June 19th	7:30 AM		Ammonia Production
June 19th	8:00 AM		"Garbage to Energy" Option#3. Combust
June 19th	8:30 AM		Stainless Steel Manufacture
June 19th	9:30 AM		Urea Production
June 19th	10:00 AM		Catalytic Cracking Process

All are welcome.

We hope to see during the presentations.

Subject: FW: Air-Conditioning at Mill Lake

Hello,

Yesterday, I spoke with Tommy and reviewed the likelihood of a solution for the 200-wing problem. As a solution, I approached our PTO, regarding extra funds being used to purchase window air conditioning units for eight classrooms. Last night, The Mill Lake/Wood PTO confirmed they would purchase the units. If you approve this plan, can you articulate the next steps?

Thank you,
Pam

Subject: RE: Air-Conditioning at Mill Lake

Good Morning,

The unit servicing the 200 wing has been tripping off (cooling) and Tom has had to reset it many times. There have been issues with it for some time and we had a contractor (KCG) look at it last year, but could not identify why it was happening. Tom has been responding when Shane calls to report that it trips. There is a new issue that came up that could possibly be related, and Tom is headed there today to replace a condenser fan motor, which may help the issue. As for the cafeteria wing unit, he identified 2 condenser fan motors that have burned out and is replacing those as well. These fixes should hopefully alleviate most of the issues.

Hello Chari,

It has been communicated to me that the air conditioning at Mill Lake, in at least two hallways, is not working. Would you please advise if there is an update on the repair work being completed to resolve this issue?

Thank you and be well,
Bethanne

Subject: General Supply Orders

Hi

There has been a recent change to the ordering process. Unfortunately we need you to cut your supply order amounts to \$250.00. You can do this in one of two ways. You can either come to the office and delete items you don't need or you can do a new order in Ed-Data and print it out and bring it to the office. I apologize for any inconvenience and we will try to make this as easy for you as possible. This needs to be done by tomorrow, June 7th, end of day. If you need a copy of your order please let me know.

Thanks and sorry again for the inconvenience

Subject: General Supply Orders-MUST READ

Good Afternoon All,

First, congratulations on your ratified contract, we are thrilled for you!!!!

As you are aware an email came out from the business office regarding your general supply orders. The e-mail basically alerted you that the district would like to consolidate orders to be able to provide the most cost effective purchasing possible. To that end, please review your order to ensure that only essential supplies are listed that impact learning and instruction. Any items that can be put through in your department budget should be removed and put through your supervisor. Our goal is to provide you with everything you need but also be sensitive to the economic realities of the district.

Please work with your team leader to identify a team time you can use to do this. **What we need from you is to review your original order as they have been reopened, please revise your order to the necessary items only, and submit a paper copy to Lisa and keep a copy for yourself.** Having a paper copy will ensure that you can identify all materials you are waiting for, and Lisa's copy will ensure she can distribute items correctly as we will be buying in bulk wherever appropriate.

We would like the new information back from you by June 1st. If you get it done sooner, please send your new order to Lisa. I will continue to review orders as they come in prior to approval.

Thank you for your anticipated cooperation.

Jim

Thank you.

Since Dr Higgins can't make it, who will be discussing how the HS is implementing option 2?
Perhaps he can send one to the VPs to discuss that and the final exams as that pertains specifically to the HS.

> Additionally can we discuss how students are allowed to access their final exams after they have taken them. A final exam is weighted so much and is an indicator whether the teacher successfully completed the curriculum with student understanding. As such, when a student performs poorly, they should be allowed to have the exam back to see where they made mistakes. Students who fail a final and then enter the next course, such as in math, need to ensure they properly understood what was taught. Otherwise they are set up for failure in the next course. Can we also get a report how many students had to pay to take our course over the summer because they failed.

Good Afternoon!

Yes, Mr. Snyder is already invited as well.
Dr. Higgins is not able to make the meeting.
Mr. Morolda is going to give an update on the Summer Programming during which he will include the Credit Recovery Program.
When Mr. Morolda gives the update on Credit Recovery I think that would be a good time to discuss the final exams.

Have a nice weekend!

Adam

Subject: Re: Curriculum/Co-curricular/Athletics Committee meeting

Thank you.

Also I forgot to mention but probably already done - can we invite Mr Snyder since he is our new supervisor for PE/Fine Arts.

Additionally can we discuss how students are allowed to access their final exams after they have taken them. A final exam is weighted so much and is an indicator whether the teacher successfully completed the curriculum with student understanding. As such, when a student performs poorly, they should be allowed to have the exam back to see where they made mistakes. Students who fail a final and then enter the next course, such as in math, need to ensure they properly understood what was taught. Otherwise they are set up for failure in the next course. Can we also get a report how many students had to pay to take our course over the summer because they failed.

Thank you

Chrissy

Can we get an update where we stand with implementing the alternative pathways (option 2) for gym for the senior class for the 2023/24 school year. We also began the discussion of students taking courses at other accredited schools and receiving credit. Can we further discuss how we assess students in Middle and High School to allow them to move to the next math course when they complete a summer course at schools such as Peddie. Additionally, can we get a report of the number of students who failed final exams in Math and Science in the High School and how many students had to repeat these course over the summer. Lastly, if it hasn't been done already, can we invite our new AD to the meeting.

A message from MONROE TWP

Good Afternoon Falcon Family,

Please see the attached letter with all the information for the Alternate Pathways for Health and PE Credit (Option 2) Program. This information outlines the requirements, permissions, and documentation for participation. Parents can use Parent Access to register their students for this program. Please read the information carefully, discuss it with your children, and contact Mr. Yale Snyder if you have questions at the email address provided in the letter.

Thank you, have a wonderful weekend and enjoy the rest of your Summer.

Kevin Higgins

Principal, MTHS

I just received the following email from Strauss Esmay:

Update – Sick Leave and School Threat Assessment Teams Policy and Regulation Guides

Legislation signed on July 3, 2023 revised two sick leave statute sections (N.J.S.A. 18A:30-1 and N.J.S.A. 18A:30-4) that address sick leave for school district employees. These revisions became effective on July 3, 2023 and required the development of new Policy and Regulation Guides 1642.01 to address these new provisions. In addition, the NJDOE Guidance for School Threat Assessment Teams was published on July 19, 2023 to be effective September 1, 2023 and required a revision to Policy Guide 2419 and development of a new Regulation Guide 2419. Policy and Regulation Guides 2419 are very important and due to their effective date, Strauss Esmay wanted to make these Guides available to school districts in advance of the next Policy Alert. Therefore, Policy and Regulation Guides 1642.01 and a revised Policy Guide 2419 and a new Regulation Guide 2419 with a Summary are available for download on our website www.straussesmay.com under the Policy Alert tab – “Other Downloads” section. A Board has the option to suspend Bylaw 0131 that requires two meetings to adopt a new policy and/or regulation and adopt these documents at one meeting with a motion such as “Move the Board of Education suspend Bylaw 0131 and adopt new Policy 1642.01 and new Regulation 1642.01 and revised Policy 2419 and new Regulation 2419 with one reading based on recently approved sick leave legislation that is effective immediately and recent New Jersey Department of Education guidance provided to school districts that is effective September 1, 2023.” Strauss Esmay has also developed a new AlertCast video which is now available for download on www.straussesmay.com under the Policy Alert tab – “Other Downloads” section.

See AlertCast below:

Subject: Re: IMPORTANT - OPTION 2 - Alternative Pathways

Good Morning Mrs. Chanley,

I am looking forward to the implementation of the Option 2 program. I am unaware of what parents are conveying to you or what knowledge they would have about the Option 2 program. Still, Dr. Critelli has been involved in conversations about Option 2 since the beginning. Adding a PE Supervisor has been a catalyst for the program, and Mr. Snyder has been great at attending to the needs of programmatic planning. Once the information is 100% finalized, it will be presented to parents, counselors, and teachers and added to all requisite areas of high school information (Student Handbook, Program of Studies, Website)

I appreciate the addition of the 17% for the Option 2 coordinator, and I believe that will assist the high school in creating a seamless program for the students. I will meet with Mr. Snyder to finalize all information this week.

Thank you,

Kevin G. Higgins Ed.D.

Subject: IMPORTANT - OPTION 2 - Alternative Pathways

Good Afternoon,

I anticipate you reading this after you return from your vacation that I hope you enjoyed. There seems to be some confusion about the Option 2 program. Zach, Yale, and I have met on multiple occasions to confirm that we are moving in the direction for implementation. To that end, I signed the 17% posting for the position that has already garnered a lot of interest amongst high school PE staff. Additionally, a parent letter with information is about 95% ready to go with your approval after some tweaks. Lastly, a sample Schoology page has been created and Eliot will be contacted by Yale and Zach regarding same. That all being said, it has been brought to my attention by parents that the counselor department including Dr. Critelli is unaware of this program being implemented for the start of the school year. We are working as a team and to that end, Yale and Zach are available to follow your lead and assist in any manner to get this done. This endeavor commenced late winter, early spring and we need it have a successful rollout. It is my understanding that Ms. Weiss and Mr. Calella are part of this project and therefore are copied herein.

We are all available on Wednesday of next week to meet if you would like to solidify our final steps.

Thank you, As Success is Always a Team Effort!!

Kindly,

Chari R. Chanley, Ed.S.

TRANSFORMATIONAL LEADERSHIP

Teacher apprenticeships help address shortages

The US Departments of Education and Labor are investing tens of millions of dollars to expand registered teacher apprenticeship programs, allowing aspiring educators to receive on-the-job training while earning a paycheck. The initiative aims to address teacher shortages and create an affordable pathway for individuals without a bachelor's degree to enter the teaching profession. **Full Story:** Education Week (7/27)

Tips to empower Black women leaders

Black women leaders in education face unique challenges in predominantly white environments, writes Tanisha Frazier, former elementary-school principal. In this blog post, Frazier writes that to create smoother experiences, they need to build supportive networks, prioritize self-care, advocate for themselves, and find places that value their perspectives and contributions. **Full Story:** ASCD Blog (7/26)

TECHNOLOGY IN THE CLASSROOM

D.C. schools delay laptop replacements

Washington, D.C. Public Schools reduced its technology budget by \$9 million, affecting thousands of students who will continue using aging devices for another school year. The decision comes as district leaders face challenges managing the costs of laptop replacements due to budget cuts made by the Council. **Full Story:** The Washington Post (7/30)

Subject: 12.30 meeting

Good morning,

Hope all is well! I may not be able to be up here at 12.30 today, as I will need to be at the HS briefly regarding Option 2 and the new registration system we are looking to implement ASAP. I will get up here as soon as possible.

As per the request of the MTMS PE staff, this is their rationale on why they are requesting access to Genesis:

- 1) Interacting with the entire student body both in the gym and in the locker room. Being in different locations and with an ever changing student body we need instant access to make sure we can direct students and ensure their safety in the building. They are on bathroom duties and need to be able to check students locations.
- 2) Disciplinary actions that require staff to see a students school picture to ensure they are providing us with the correct information, for example the incident that happened with two boys last year, the students teacher was absent that day and other staff members had to deal with the situation.
- 3) Running school wide events, field days, hoops for heart, lead day, health fair, boot camp for the veterans assembly bootcamp all which require staff to be able to quickly locate parent/student emails from other classes or know where students are supposed to be.
- 4) Staff does heights and weights for the entire school.

I'll try to be up here as soon as possible today. Thanks so much!

Best,

Yale Snyder

Hi Mrs Chanley!!

Hope your back to school week is a good one! Sorry to bother you but my 7th grade daughter came home totally overheated today. Her social studies teacher mentioned that the air in his room has been broken since last year. I know it must be so hard to keep track! I just wanted to mention it. I'm sure you're being bombarded with back to school emails. I don't mean to be a pain. I know many nearby districts have half days. I'm sure it would be such an annoyance on many levels to call that change, but this heat is oppressive. I'm concerned.

Thanks so much for your time!

Good afternoon. I have three children in the school district. One in high school, middle school and woodland. All 3 of my children have terrible asthma. Each of my children came home today extremely over heated!! The high school student was probably the best. My middle school student came out extremely hot and dehydrated. His asthma was so bad. He was complaining he could not breathe. The middle school classrooms were between 85-90 degrees. This is unacceptable. My 9 year old daughter came off the bus and her face was bright red and she was complaining of fainting. The woodland classroom was 93!!! And the teachers didn't even have a fan moving in the classroom. If this is the case my child should be able to have a personal fan at her desk. We pay TONS of money in school taxes why doesn't all of our schools and classrooms have air conditioning that WORK. The excuse of "they are getting fixed," doesn't work anymore! Our children can NOT learn in these environments. And the poor teachers can not teach. All the surrounding districts have half days the next two days to try and give the teachers and students a break. Why isn't Monroe district doing the same? We can not expect our staff and students to work in these conditions. It is very dangerous!

Thank you for all you do, but this needs to be addressed ASAP. September is not cool like it used to be. We will have some days that are very hot and our children need to be safe while in schools.

Thank you.

Hello School Leader,

Greetings from Learn with Leaders!

Learn with Leaders presents an exceptional opportunity for school students to enhance their argumentation and communication skills by learning directly from the esteemed **Harvard MUN team**. With the **World Debate Stars program**, students aspiring to excel in debate and communication on a global level can achieve their goals. Our program offers guidance from experienced **Mentors**, who have successfully organized **Harvard MUNs** across the world.

We would also like to E-meet you to discuss special scholarships for our upcoming Summer Programs. Please feel free to schedule a call with us.

World Debate Stars by Harvard Model United Nations Team:

The 2-weekend Program is designed to prepare students in the art of argumentation and persuasion that would be easily transferable in a variety of settings, along with honing their critical thinking and communication skills. The aim of the program is to have students emerge as strong thinkers and debaters by the end of it.

The program aims to cover -

- Understand the fundamentals of argumentation and persuasion
- Develop skills in public speaking, negotiations, leadership, creative thinking, problem-solving, etc.
- Gain insights on making persuasive arguments and becoming strong debaters
- Build a global network with student mentors and peers coming in from different parts of the world

The Harvard MUN team has years of experience as delegates and in organising Harvard MUNs globally. Together, they will guide school students from the beginning of public speaking through research and writing skills.

The certificate will be given directly by Harvard MUN Team.

This time, we are opening the applications for 2 cohorts - October 2023 & February 2024. So now you have the flexibility to join the cohort of your choice!

OPTION 1: The October 2023 Cohort

Program Starts: 28th October, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 10th October, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Here](#)
Application Form (October): [Click Here](#)

OPTION 2: The February 2024 Cohort

Program Starts: 17th February, 2024

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 10th January, 2024

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Here](#)
Application Form (February): [Click Here](#)

Your students can now begin their journey as world-class debaters with the World Debate Stars Program!

Regards,

Team - Learn with Leaders

Monroe Township IT Department

Hello School Leader,

Greetings from Learn with Leaders!

Want your students to experience a Harvard Law class while still in School?

It is with great pleasure that we extend an exclusive invite to your school, inviting the nomination of your students for participation in the **Future Lawyers Program** by **Harvard Student Agencies** for its **October & November 2023** cohort, a first-of-its-kind initiative to introduce the field of law to high school students (grades 8th to 12th).

We would also like to E-meet you to discuss special scholarships for our upcoming Summer Programs. Please feel free to [schedule a call with us](#).

Future Lawyers Program by Harvard Student Agencies:

The unique pre-professional program, spread over **9 days (2 weekends)**, focuses on helping students learn how to **read and build a case, how to write position papers, how to navigate the path to law school**, and much more. Students will also be **guided towards the LSAT**, the difficult-to-navigate requirements of the application to Law School, and the **many careers in the world of law**.

Each day begins with a lecture outlining a **skill or concept critical to a career in law**, whether it be the inner workings of the court system or how to prepare for the LSAT. From there, students get to build teamwork skills and collaborative thinking by engaging with one another. **Guided by qualified Harvard undergraduate instructors/students**, the curriculum aims to provide a **comprehensive look at legal systems** and give students the chance to meaningfully explore the field. The program enables students to explore law and litigation, **experience a mock trial**, gain awareness of history and the current events that contextualize law in society today, and walk away with excitement for their future in law.

This time, we are opening the applications for 2 cohorts - October & November. So now you have the flexibility to join the cohort of your choice!

OPTION 1: The October 2023 Cohort

Program Starts: 14th October, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 30th September, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Here](#)

Application Form (October): [Click Here](#)

OPTION 2: The November 2023 Cohort

Program Starts: 18th November, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 15th October, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Here](#)

Application Form (November): [Click Here](#)

What You Will Get?

- Small class sizes
- Opportunity to network and learn with students from **Harvard Student Agencies**
- Get guided by qualified Harvard undergraduate instructors on legal systems around the world
- Experience a mock trial
- Gain awareness of history and the current events that contextualize law in society today
- The certificate will be given directly by **Harvard Student Agencies**

Here's what our beneficiaries have got to say:

During this program, I learned many skills such as reading and drafting cases as well as learning about the LSAT. Learning about how to read and draft cases gave me insight on what to expect when pursuing a career in law." - **Makeya Van, Tanzania**

The lectures gave me a lot of knowledge about US court systems and general legal understanding. I can use these skills and knowledge in my future politics or pre-law courses, competitions, other programs I apply to, and even LSAT. If I had to describe the experience in one word, it would be 'Priceless'" - **Nubar Jabrayilli, Azerbaijan**

Your students can now begin their journey as future lawyers with the Future Lawyers team!

Best wishes,

Team - Learn with Leaders

Subject: [External Email]Future Entrepreneurs Program by Harvard Student Agencies - Applications Open

CAUTION: This email originated from outside of the school district. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Monroe Township IT Department

Hello Chari Chanley,

Greetings from Learn with Leaders!

We are thrilled to cordially invite your school to nominate students to be a part of an exhilarating journey for the **Future Entrepreneurs Program by Harvard Student Agencies** to become tomorrow's innovators and entrepreneurs.

We would also like to e-meet you to discuss international educational collaborations. Please feel free to schedule a call with us. You can pick a suitable date and time here: [Click Here](#).

Future Entrepreneurs Program by Harvard Student Agencies:

The Future Entrepreneurs program teaches students **how to pitch their business ideas, perform market research, and generate investment**. The program acts as an excellent preparation mechanism for launching an idea to execution as it seeks to empower students by teaching them to think innovatively and unlock their entrepreneurial capabilities.

The program would act like a pre-college entrepreneurial incubation center inspiring students with the concept of entrepreneurship at the school level. The program would entail understanding the entire process from idea generation to execution i.e. (1) Ideate /Generate an Idea (2) Undertake Market Research / SWOT (Strength, Weakness, Opportunity, and Threat) Analysis (3) Competitive Analysis (4) Make a Business Plan and (5) Pitch.

Key Takeaways:

- Small class sizes
- Opportunity to network and learn with students from Harvard Student Agencies
- Recognizing opportunity
- Growing the business
- Using resources optimally
- Learning to think innovatively
- Developing entrepreneurial skills
- Building a global network
- Understanding the qualities of successful entrepreneurs

While fostering a strong culture of facilitating real-time knowledge to inspire young minds to find and follow new interests, the program also seeks to **encourage entrepreneurship at the school level**.

The program inspires both passions for innovation and a team-oriented mentality to prepare future leaders.

The certificate will be given directly by Harvard Student Agencies.

This time, we are opening the applications for 2 cohorts - October & December. So now students have the flexibility to join the cohort of your choice!

OPTION 1: The October 2023 Cohort

Program Starts: 14th October, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 5th October, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Click Here](#)

Application Form: [Click Here](#)

OPTION 2: The December 2023 Cohort

Program Starts: 2nd December 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 10th November 2023

Program Fee for Early Applicants: USD 300

Regular Program Fee: USD 400

Find more about the Program: [Click Here](#)

Application Form: [Click Here](#)

Here's what our Young Entrepreneurs have to say about their experience:

"The Future Entrepreneurs Program has been instrumental in my personal and professional growth, contributing significantly to my project about helping out refugees. It has broadened my perspective, imparted valuable skills, and boosted my confidence in myself and my beliefs, which I believe will be beneficial to me for a lifetime."

- Aya Tawara, Grade 11, Jordan

"In the Future Entrepreneurs Program, the whole process of teamwork and engaging with teams and then creating a business was really helpful also because I get to hear about other peoples' opinions and that developed me even more."

- Hyunwoo Park, Canada

"I enjoyed forming ideas for a business in the brainstorming session on the first day of the program. The activity gave me an opportunity to present my idea in front of my group and instructors, and it helped me gain constructive feedback on how I can work on mending the idea to form a business plan for the future. The skills I learned in the program will be utilized in finding which career I want to pursue and what the best way is that I can reach my goal. Moreover, these skills have taught me how to plan my ideas and present them in a cohesive and structured manner. I expected the workshop to be demanding and strict. Instead, it was stimulating, informative, challenging, and fun. It was better than sitting in a class learning the same topics through a coursebook. One word description for the workshop: exhilarating".

- Suhana Garg, India

Good Afternoon Alan,

First & foremost, thank you and your associates for taking time to meet with us on Friday to review district operations and potential capital improvement projects. As requested by Township Engineer, Mark Rasimowicz, attached please find a facilities assessment report for the Applegarth School facility prepared by *SSP Architects* in December 2021. Also attached is a letter from the district's Architect of Record, *DI Group Architecture* pertaining to the condition of Applegarth School relative to renovations proposed in ROD Grant project applications.

Please let me know if I can provide any additional information.

Best Reagrds,

Jerry Tague

Good morning!

We just want to reconfirm that the budget was approved, and we can share the special area allocations with the teachers so we can begin ordering/getting quotes.

We understand Ed Data supply orders are being placed on hold for now. As instructed, we went through our current supplies and what each of the teachers ordered and there doesn't seem to be any excessive or unusual requests. At this point, how do we proceed?

Iggie

Good Morning,

As of today, we have the **2024** school year in the Requisition System. You can now start putting in your requisitions for the 2023/2024 school year. When you go into your requisitions, click add new.

Go over to the right bottom where you see "**REQUISITION YEAR**" and click on the drop-down arrow. You will see **2024**. Click on **2024** so that your requisitions are in the correct fiscal year. We will approve and have Purchase Order #'s for you by 7/1/23 and after. Please remember that if you are doing requisitions for the new school year and you are still doing requisitions for this current school year, please make sure you are always in the correct fiscal year. You will be able to see any of your requisitions for this year or next year by clicking on the correct year of your order. If you have any

questions, please let us know.

Subject: RE: Liaison Concerns

Hello All,

Happy Friday Eve..... Mill Lake School also has utilized a common grade-level list. I sent my teachers Barclay Brook's (K-2) and Brookside's-(3) Supply lists and asked them to review and provide feedback. The lists were basically the same (BB had fancy borders ☺). I do not believe any attention or stress was given regarding creating a "District Grade-Level List"

During work hours..... I will ask my teachers if there are objections regarding the proposal of a District Supply List.

Warmly,
Pam

Subject: RE: Liaison Concerns

Good evening,
Yesterday our Elementary Principal PLC met to discuss possibly moving toward district grade level supply lists. I sent the email below to my staff with sample lists to see what they thought. They are very much against it, as I received many emails immediately after my email was sent. I gave the May 12th deadline to get back to me just so it was timely and I know each grade level is meeting next week. We have never had any issues with each teacher having their own supply list. It is specific to their instructional style and prevents waste. I see this is a district concern so not sure if other staff in other buildings felt the same way. Staff is also unaware the supply orders are on hold right now.

Good morning,
We are looking to move toward district grade level supply lists for the 2023-23 school year. This way parents can see the list and buy their supplies without having to worry about which teacher they have. If there are specific needs for your class, that communication could occur at BTSN or in your newsletter/website. Please look over the sample supply list at your grade level meeting next week and let me know by Friday, May 12 if there are items you would like added, deleted or if it looks okay. One person from the grade level can contact me or you can put it in your minutes. Thanks and have a terrific day.

Kindest regards,

Patricia J. Dinsmore

Monroe Township IT Department

Hello School Leader,

Greetings from Learn with Leaders!

Do your students dream of using the power of medicine to save human lives and use technology tools to improve the health infrastructure around you?

Here's a chance to join the **Future Doctors Program by Harvard Student Agencies and Learn with Leaders**, a one-of-its-kind medical-experiential program for students across borders! Dive deep into the pre-medical field with an introduction to Genetic Inheritance, Hormones, Immunology, Organic Chemistry, while acquiring 21st century skills to succeed in the medical field through real world exposure, in this program. *It's a unique opportunity to receive expert mentorship from qualified Harvard instructors and begin your journey into Global Healthcare and Medical Practices right now!*

About the Future Doctors Program by Harvard Student Agencies in collaboration with Learn with Leaders

*The Future Doctors Program offers a unique opportunity to learn from, network with, and receive expert mentorship from qualified **Harvard instructors** and begin your journey into the global health care and medical practices.*

Spread over two weekends, it is a one-of-its-kind medical-experiential program for high school students across the globe aspiring to become change makers in the medical field. The program will enable students to dive deep into the pre-medical field with an introduction to Genetic Inheritance, Hormones, Immunology, and Organic Chemistry, while acquiring 21st-century skills to succeed in the medical field through real-world exposure.

This time, we are opening the applications for 2 cohorts - March and May. So now you have the flexibility to join the cohort of your choice!

OPTION 1: The March 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Last Date of Application: 15th March, 2023

Program Starts: 25th March, 2023

Find more about the Program: [Here](#)

Application Form (March): [Click Here](#)

OPTION 2: The May 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Last Date of Application: 10th April, 2023

Program Starts: 20th May, 2023

Find more about the Program: [Here](#)

Application Form (May): [Click Here](#)

What You Will Get?

- Certificate from **Harvard Student Agencies**
- Access to all LWL Webinars and Masterclass
- Featured on LWL and Harvard social media platforms
- Portfolio Enhancement with certificates and projects

- Global **exposure and networking with students and teachers** from across the world plus a chance to make lifelong friendships!

Here's what our participants of Future Doctors Program have got to say:

"Since I am just starting high school, the information we learned will benefit my upcoming science classes, like genetics and organic chemistry. I can now use the new knowledge I learned from my instructors about applying to universities, doing extracurricular courses, and being myself and working hard through my high school years to become successful. If I had to summarise the experience in one word, it would be 'Informative.'" - Hanna Noori, United States of America

"The Future Doctors Program is a unique program that helped me choose my career path in Medicine, and also to develop research skills as a group using different sources of information, and to be able to filter what's important. Being freshmen at Harvard, the teachers had a lot of energy and kept me engaged along with the sessions. If I had to describe my experience in one word, it would be 'Eye-Opening.'" - Luisa Miles, Uruguay

Please feel free to reach out to us for any clarifications or schedule a call with us.

Best wishes,
Team Learn with Leaders

Monroe Township IT Department

Hello School Leader,

Greetings from **Learn with Leaders!**

Congratulations! We have shortlisted your school for a scholarship opportunity for our prestigious **Research Scholars program in collaboration with Harvard Student Agencies**. This is a unique, one-of-a-kind platform for your ambitious high school students (Grades 8 to 12) to develop their research skills and become a published author with a reputed journal!

We are impressed by the way your school has employed a global outlook in curriculum and pedagogy that resonates with our core offerings to serve the student's potential. We would like to invite you to nominate deserving students who can benefit from this program. We would like to offer the **Research Scholars program at a reduced fee (special scholarship)** of USD 750 to your students.

We would also like to E-meet you to discuss special scholarships for our upcoming winter programs. Please feel free to **schedule a call with us**.

Click here to see the research papers published by our previous students on the official website of Harvard Student Agencies.

About the Research Scholars Program by Harvard Student Agencies at Harvard University

The Research Scholars Program is focused on the **fundamentals of research and research writing**. Under the guidance of **Harvard Student Agencies**, students would delve into the basics of research i.e. **Types of research, forming hypotheses, research writing formats, finding accurate sources, citations, conducting primary experiments, literature review and so much more.**

Finally, the program would culminate in students **coming up with their own thesis and producing a 1500-2000 word research report and presenting it.**

Research areas of **STEM, Arts and Humanities, Law, Entrepreneurship etc.** will be explored and encouraged such that students would attain proficiency and enhance their knowledge in topics that resonate with them. The research reports produced by the students will be published on the **Harvard Student Agencies website** and in a **journal** subject to acceptance.

*In addition to the expert guidance from Harvard mentors, they have received **adequate support to edit their research papers and necessary feedback in getting the papers published.***

This time, we are opening the applications for 2 cohorts - March and May. So now students have the flexibility to join the cohort of your choice!

OPTION 1: The March 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 8 weekends

Regular Program Fee: USD 1000

Early Application Deadline: 15th March 2023

Program Starts: 26th March 2023

Find more about the Program: [Here](#)

Application Form (March): [Click Here](#)

OPTION 2: The May 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 8 weekends

Regular Program Fee: USD 1000

Early Application Deadline: 10th April 2023

Program Starts: 28th May 2023

Find more about the Program: [Here](#)

What past participants say – Research Scholars program

‘I realized it was not just about writing several high-quality papers with them. They made me understand it is important to go deep and always be curious.’

- Lintang Hidayat, JIS High School, Indonesia

‘I was taught how to conduct high-quality research and, most importantly, had helpful mentors who really invested in me.’

- Sierra Newton, Bodwell High School, Canada

So let’s begin your students' journey as a researcher with Learn with Leaders!

Best wishes,

Learn with Leaders

Subject: Option II

Good morning,

I have thoroughly researched Option 2 programs, and I don't think it will have the effect on our high school that we initially thought. As Mr. Morolda accurately explained, we already participate in Option 2 programs through Worked Based Learning, and we could introduce an alternative to the PE curriculum within that Option. We would have to limit it to 12th-grade students to start because we would not be able to accommodate students in lower grades. Twelfth-grade students can leave early or come late; other grades will not have that opportunity.

We would not be able to option health classes; therefore, students will have to attend health classes for the fourth marking period. This would limit the effect PE option two will have on our staff. We will continue to move forward with his option, but the result will not reduce the amount of PE staff we originally anticipated.

Thank you,

Kevin G. Higgins Ed.D.

Subject: Welcome Back!!!!

Good Morning All,

Welcome back, I hope you all had a great week off and got some rest.

A few quick things to start the week:

- I know it is supposed to be very warm this coming week. There is no change to our situation. The new parts/chiller are not in yet, anticipated late spring we hope. We will trouble shoot as we need to so please put any air conditioning issues into school dude. Bob and his team will be on it and do the best they can. In the meantime, if you feel your room gets too hot please feel free to relocate to either an empty room or a larger space. Just let the office know incase we need one of your students.
- We should be backpack free starting today. Of course, we do have a few students with medical or IEP considerations that may have a bag, if you see these students just let them go to their class and their teachers will address them if necessary. I also noticed this morning that since they can not take backpacks to class the students are taking a little more time organizing themselves at the lockers to start the day. So please take this into account.

I think that is it, anything else pressing I will reach out.

Thanks

Jim

Monroe Township IT Department

Dear Superintendent / Head Administrator,

I am excited to announce that registration at the Buehler Challenger & Science Center is now open for the 2023-24 school year! Challenger Center for Space Science Education was founded in 1986 by the families of the seven Challenger 51-L astronauts to carry on their mission of exploration and education. The Buehler Challenger & Science Center has been dedicated to inspiring students, educators and the community in the pursuit of scientific education for 29 years now! Below you will find detailed descriptions of all available school programs in addition to instructions on how to register. We hope to see your students next year.

SCHOOL MISSION PROGRAMS:

For 5th-8th Grade: The 2-hour simulated space mission is appropriate for grades 5-8. The field trip is the culmination of a 5-6 week unit of study in your school's classroom. A minimum of five 20 minute lessons must be covered prior to your visit to our Center in order to prepare the students for the hands-on experience. The curriculum covers applied science, math, technology, and language arts. Additionally, the simulation structure offers a strong team-building component. The students work on one of eight teams, each of which has its own data collection, experiments, and is an integral part for the successful completion of the mission. There are three different scenarios and each is flown during specific times during the year. Choices include:

Rendezvous with Comet Halley (Grade 5-8): The year is 2061. In orbit around the sun, between Earth and Mars, a Spacecraft moves towards its long awaited target: Halley's Comet. It has not passed near Earth orbit since 1986. The crew must navigate towards the comet, launch a probe into the comet and analyze its gases.

Return to the Moon (Grade 5-8): For the first time since 1972, a crew of astronauts is returning to the Moon, this time to stay. Students will determine the appropriate landing site to establish a permanent base on the moon. This mission will serve as a stepping stone for human planetary exploration.

Voyage to Mars (Grade 6-8): The year is 2076 and a new crew of Astronauts is being sent to Mars to relieve a crew that has inhabited the planet for the last two years. Before returning to Earth, the crew will replace an ailing weather satellite to monitor Martian weather.

Challenger Expedition: Extend your stay to 4 hours by adding on our Design Challenge program, which complements the mission experience.

All teachers preparing the students for the mission will need to attend a **mandatory teacher workshop**. Unless changing scenarios, it is not necessary to repeat a workshop. At the workshop, you will receive the curriculum binder filled with pre- and post-flight lesson plans, participate in several hands-on activities, as well as "fly" or observe a simulated space mission for a "first hand" experience. Your workshop should be scheduled a minimum of 5-6 weeks before the mission. Please note that we are an accredited facility and you will receive a certificate confirming that you completed six professional development hours.

Each mission can accommodate **18-34 students**, (plus two adults), and with our dual simulators, a total of 68 students can fly in staggered missions. **The cost of \$875 per mission** also includes one teacher workshop. Additional workshops will be billed at \$50 for each teacher. (For example, with 3 missions scheduled, 3 teacher workshops would be included in the cost, and a fourth workshop would be charged.) **The cost of adding a Design Challenge is \$415. Times for the missions and Design Challenges may be found on the attached Registration Form.**

Our small gift shop can be opened (or closed) at your request. Mementos range from \$0.75 to \$20.00, and include space & science memorabilia, as well as space snacks.

Once again, we are pleased to offer a 10% discount for any mission(s) scheduled in September and October, 2023.

ELEMENTARY LEVEL PROGRAMS: (Limited availability.)

1st & 2nd Grade: (Offered September-December)

Astronaut Adventure is a 4-hour program that begins with an interactive discussion about astronauts, what they need to survive in space and how life is different on the International Space Station. Students complete hands-on science labs, complete with data collection: compare/contrast materials, water filtration system, and the ABC's of Chemistry (acids/bases). They then will have a StarLab presentation (our portable planetarium) where they'll learn about the solar system, constellations and Greek mythology. Students will complete an engaging design challenge, participate in Alka Seltzer Rockets plus a "launch" in our state of the art simulated spacecraft, where they buckle in to view a launch with footage from NASA. A short "debriefing" concludes the program. The cost of each program, for **up to a maximum of 26 students** is **\$730**. You may bring up to a **maximum of 2 chaperones** per program. We can accommodate two programs simultaneously. Students bring their lunches and drinks for the short lunch break.

3rd & 4th Grade: (Offered September-December)

B.L.A.S.T. (Building & Learning Around Science & Technology) is a **3 ½ hour program** which is a hands-on, inquiry-based program. Each program includes a "briefing" about astronauts and scientific tools and methods. The students then break into teams to explore motion & speed, electricity & circuitry, and robotics. Part of the "debriefing" will include a "lift-off" in our spacecraft simulator. Portions of this program were developed at the Harvard-Smithsonian Center for Astrophysics as part of project ARIES.

The cost of each program, for **up to a maximum of 26 students** is **\$700**. You may bring up to a **maximum of 2 chaperones** per program. We can accommodate two programs simultaneously. Students bring their lunches and drinks for the short lunch break.

HOW TO REGISTER:

- Attached are Registration Forms for the 2023-24 academic year. Please choose the appropriate form, depending upon what grade you are bringing. **Fill out both pages and please write clearly.**
- Return by email, mail or fax. Please refer to the Payment Policies section on page 2 of the attached Registration Form for details.
- Please share this information with all necessary personnel in your district so that adequate time is available to plan your registration strategy.
- **Programs are filled on a first come, first serve basis, and will be scheduled in the order they are received. We will do our best to give you your indicated preferences. A confirmation of date(s) and time(s) will be emailed to your Primary Contact.**

Should you have any questions, or need additional assistance, please don't hesitate to contact us directly at 201-251-8589 or missionservices@bcsc.org.

Thank you for your past participation and continued support. As long as we remember, the mission continues...

Good evening,
Yesterday our Elementary Principal PLC met to discuss possibly moving toward district grade level supply lists. I sent the email below to my staff with sample lists to see what they thought. They are very much against it, as I received many emails immediately after my email was sent. I gave the May 12th deadline to get back to me just so it was timely and I know each grade level is meeting next week. We have never had any issues with each teacher having their own supply list. It is specific to their instructional style and prevents waste. I see this is a district concern so not sure if other staff in other buildings felt the same way. Staff is also unaware the supply orders are on hold right now.

Good morning,
We are looking to move toward district grade level supply lists for the 2023-23 school year. This way parents can see the list and buy their supplies without having to worry about which teacher they have. If there are specific needs for your class, that communication could occur at BTSN or in your newsletter/website. Please look over the sample supply list at your grade level meeting next week and let me know by Friday, May 12 if there are items you would like added, deleted or if it looks okay. One person from the grade level can contact me or you can put it in your minutes. Thanks and have a terrific day.

Kindest regards,

Subject: IEP Access in Genesis

Dear Principals,

The following updates have been completed in Genesis. Please let your staff know of these changes. Thank you.

1. All teachers now have viewable access to their assigned students in Genesis. The IEP can be viewed by clicking the **yellow IEP folder icon**.
2. All principals, vice principals, nurses and school counselors now have viewable access to students in their school. The IEP can be viewed by clicking the **yellow IEP folder icon**.
3. Case Managers and any other staff not listed above will need to use IEP Direct to access IEPs (Marietta, PPS will need to provide this access via IEP Direct).
4. If a class is merged in Genesis, only the assigned teacher will have access to the IEP.

Thank you for your patience with this and please reach out with any questions.

Good morning!

We just want to reconfirm that the budget was approved, and we can share the special area allocations with the teachers so we can begin ordering/getting quotes.

We understand Ed Data supply orders are being placed on hold for now. As instructed, we went through our current supplies and what each of the teachers ordered and there doesn't seem to be any excessive or unusual requests. At this point, how do we proceed?

Iggie

Subject: 2023/2024 School Year Requisitions

Good Morning,

As of today, we have the **2024** school year in the Requisition System. You can now start putting in your requisitions for the 2023/2024 school year. When you go into your requisitions, click add new. Go over to the right bottom where you see "**REQUISITION YEAR**" and click on the drop-down arrow. You will see **2024**. Click on **2024** so that your requisitions are in the correct fiscal year. We will approve and have Purchase Order #'s for you by 7/1/23 and after. Please remember that if you are doing requisitions for the new school year and you are still doing requisitions for this current school year, please make sure you are always in the correct fiscal year. You will be able to see any of your requisitions for this year or next year by clicking on the correct year of your order. If you have any questions, please let us know.

Monroe Township IT Department

Good Afternoon Chari,

My name is Dale Baeten with (EIS) Energy Integrated Solutions.

The EIS family of companies delivers the *highest energy savings for Large Industrial, Manufacturing, Property Managers, Schools, Universities, Municipalities, and Commercial Companies* in the nation.

The State of New Jersey has extremely strong energy incentives in 2023 that you will want to take advantage of.

With Energy efficiency incentives, you can make the following improvements:

- HVAC
- install high efficiency LED lights
- LED lighting for Stadium lighting
- Solar Solutions
- EV Charging Stations

Your improvements can be completed with no (or little) money out-of-pocket. We utilize **Technology lease options, Municipal Lease options**, and Energy as a Service options to help you move forward with your upgrade project if you currently do not have the budget in place. The majority of our clients utilize the Municipal Lease option, as it allows for immediate savings (energy & maintenance) when there is no budget available.

Through your improvements you will be reducing your electricity and operations costs. Better equipment and less maintenance *can yield productivity improvements.* Your community will be excited to see quick paybacks and *sustained savings*.

Too good to be true? We'll involve Energy incentives program coordinators to validate your eligibility.

On top of our Free Assessment for your facilities we can provide a forensic audit for all of your utilities (get money that is owed due to being overcharged in previous years). We can negotiate your Electric and Natural gas costs, which is crucial in this high rising energy environment.

Please contact me at 920-418-0153 or respond to this email to start today. We are looking forward to partnering with you while these incentives are still available.

Enjoy the rest of your day,

Dale Baeten

One question.

If the principal/Asst Principal has a staff member that needs access to an IEP, how do we grant that access, or how can we allow that staff member to view an IEP without access?

Dear principals,

I will be sending this E-mail out shortly. If you have any questions, please reach out.

Dear staff,

We are currently working with PPS and Administration on some changes with IEP Access via Genesis and Frontline. If you are in immediate need of access to an IEP, please reach out to your building administrator.

We will send out more information in the coming days. Thank you.

On May 18, 2023, at 9:40 AM, Kevin Higgins <Kevin.Higgins@monroe.k12.nj.us> wrote:

Good morning,

The students and parents have not been notified. The structure of the Option 2 requirements has not been formulated yet. I thought we were waiting for the committee meeting in June to get that approved. I have asked Dr. Critelli to schedule Senior PE classes in blocks 1 and 4 so once the structure is developed, students will be able to opt-out with no issue. Please note that students cannot opt-out of Health classes so we will have to reserve a space for all senior students for one marking period.

Subject: General Supply Orders-MUST READ
Importance: High

Good Afternoon All,

First, congratulations on your ratified contract, we are thrilled for you!!!!

As you are aware an email came out from the business office regarding your general supply orders. The e-mail basically alerted you that the district would like to consolidate orders to be able to provide the most cost effective purchasing possible. To that end, please review your order to ensure that only essential supplies are listed that impact learning and instruction. Any items that can be put through in your department budget should be removed and put through your supervisor. Our goal is to provide you with everything you need but also be sensitive to the economic realities of the district.

Please work with your team leader to identify a team time you can use to do this. **What we need from you is to review your original order as they have been reopened, please revise your order to the necessary items only, and submit a paper copy to Lisa and keep a copy for yourself.** Having a paper copy will ensure that you can identify all materials you are waiting for, and Lisa's copy will ensure she can distribute items correctly as we will be buying in bulk wherever appropriate.

We would like the new information back from you by June 1st. If you get it done sooner, please send your new order to Lisa. I will continue to review orders as they come in prior to approval.

Thank you for your anticipated cooperation.

Jim

Subject: RE: Air-Conditioning at Mill Lake

Good Morning,

The unit servicing the 200 wing has been tripping off (cooling) and Tom has had to reset it many times. There have been issues with it for some time and we had a contractor (KCG) look at it last year, but could not identify why it was happening. Tom has been responding when Shane calls to report that it trips. There is a new issue that came up that could possibly be related, and Tom is headed there today to replace a condenser fan motor, which may help the issue.

As for the cafeteria wing unit, he identified 2 condenser fan motors that have burned out and is replacing those as well. These fixes should hopefully alleviate most of the issues.

Good morning,

Thank you for the update. I can support that Tommy has been at Mill Lake every day/time to reset the unit, and he, Shane, and the other maintenance members do everything they can to fix the problem promptly. In the fall, we crafted a cooling plan that has been sent out again, to all staff members to support their comfort. Please know, without prompting, and several times a day we physically monitor the wing and any problem areas.

If you have any questions, please reach out.

Warmly,

Pam

Subject: Health and Safety Issue - Smokey Conditions/Air Quality

Hello Chari,

On behalf of the MTEA, would you please share with us what the district is planning to do to ensure the wellness of our students and staff given the "Unhealthy - Code Red" air quality that will be continuing throughout the day tomorrow.

I have received communication from most buildings that many are experiencing unhealthy conditions within the building due to the "unhealthy" air quality. The MTEA would formally ask that you please consider a half day to minimize the amount of time staff and students are in the buildings with unhealthy air quality due to open dampers, no air-conditioning, etc.

Thank you for your consideration of our request,
Bethanne, Kerri, and Traci

Subject: CST IEP Access

Good Morning,

I hope you had a good weekend. I was just speaking with Fran, and she was saying that they will not have access to IEPs of new 6th grades until after the roll over on July 14th. She said this is according to Jean Malkiewicz. My schedules are done and ready to be checked by CST but after this week many will be gone until the end of August.

Can we get them access sooner so I can put my scheduled to bed?

Thanks
Jim

Subject: Option 2 discussion in Curriculum Meeting

Good morning -

I mentioned Option 2 and made reference to South Brunswick last night. I wish I had brought handouts to show what I meant, so instead I am forwarding the document that I was referencing. Perhaps the committee can look at this and collaborate on how Monroe can elevate our summer offerings and increase revenue in the future. I was very impressed by this document and how all information across all content areas was in one place with concise information for the parent and the student.

https://cdnsm5-ss18.sharpschool.com/UserFiles/Servers/Server_199481/File/Option%20II%20-%20Pathways%20to%20Graduation.pdf

I am looking forward to seeing the roll out of Option 2 for PE in September. As mentioned last night, the sooner parents and students are informed, the better so they can plan accordingly if they need to change their schedule.

Have a great day.

Chrissy

Subject: RE: Air-Conditioning at Mill Lake

Good morning all,

On Wednesday, I spoke with Tommy and reviewed the unlikelihood of a solution for the 200-wing problem anytime soon. As a solution, I approached our PTO to purchase window air conditioning units for eight classrooms. Mill Lake/Wood PTO confirmed they would purchase the units.

I would like your approval to begin the next steps. The PTO would like to know what type of air-conditioning units to buy, as they want to do this prior to the end of the year.

Thank you for your assistance.
Warmly,
Pam

A final exam is weighted so much and is an indicator whether the teacher successfully completed the curriculum with student understanding. As such, when a student performs poorly, they should be allowed to have the exam back to see where they made mistakes. Students who fail a final and then enter the next course, such as in math, need to ensure they properly understood what was taught. Otherwise they are set up for failure in the next course. Can we also get a report how many students had to pay to take our course over the summer because they failed.

Subject: Option 2 discussion in Curriculum Meeting

Good morning -

I mentioned Option 2 and made reference to South Brunswick last night. I wish I had brought handouts to show what I meant, so instead I am forwarding the document that I was referencing. Perhaps the committee can look at this and collaborate on how Monroe can elevate our summer offerings and increase revenue in the future. I was very impressed by this document and how all information across all content areas was in one place with concise information for the parent and the student.

https://cdnsn5-ss18.sharpschool.com/UserFiles/Servers/Server_199481/File/Option%20II%20-%20Pathways%20to%20Graduation.pdf

I am looking forward to seeing the roll out of Option 2 for PE in September. As mentioned last night, the sooner parents and students are informed, the better so they can plan accordingly if they need to change their schedule.

Have a great day.

Chrissy

Thank you.

Also I forgot to mention but probably already done - can we invite Mr Snyder since he is our new supervisor for PE/Fine Arts.

Additionally can we discuss how students are allowed to access their final exams after they have taken them. A final exam is weighted so much and is an indicator whether the teacher successfully completed the curriculum with student understanding. As such, when a student performs poorly, they should be allowed to have the exam back to see where they made mistakes. Students who fail a final and then enter the next course, such as in math, need to ensure they properly understood what was taught. Otherwise they are set up for failure in the next course. Can we also get a report how many students had to pay to take our course over the summer because they failed.

Thank you

Subject: Option 2 Update -

Hi all,

I hope everyone is doing well! I wanted to give an update on Option 2. It has been a great collaboration working with all of you on this project to get us to where we are. As per my discussion this week with Mrs. Chanley, we will be moving forward with a 17% for the Option 2, which is following along the same lines as others in our Work Based Learning Program. The posting will go out shortly and we hope to get this approved in August to hit the ground running.

We can follow up at MTHS next week on the next steps to this including the rollout getting info out to the parents. Any questions please let me know.

Thanks everyone and have a wonderful weekend if I don't see you.

Best,

Yale Snyder
Monroe Township School District

Subject: Curriculum/Co-curricular/Athletics Committee meeting

Good morning -

Wanted to ask if we could consider some things for the committee to discuss. Can we get an update where we stand with implementing the alternative pathways (option 2) for gym for the senior class for the 2023/24 school year. We also began the discussion of students taking courses at other accredited schools and receiving credit. Can we further discuss how we assess students in Middle and High School to allow them to move to the next math course when they complete a summer course at schools such as Peddie. Additionally, can we get a report of the number of students who failed final exams in Math and Science in the High School and how many students had to repeat these course over the summer. Lastly, if it hasn't been done already, can we invite our new AD to the meeting.

Thank you.

Chrissy

Mr. Snyder is also working on PE Option 2 so he can update us as well and Dr. Higgins is working on finding a VP to attend.

Thank you.

Since Dr Higgins can't make it, who will be discussing how the HS is implementing option 2? Perhaps he can send one to the VPs to discuss that and the final exams as that pertains specifically to the HS.

>

> Additionally can we discuss how students are allowed to access their final exams after they have taken them. A final exam is weighted so much and is an indicator whether the teacher successfully completed the curriculum with student understanding. As such, when a student performs poorly, they should be allowed to have the exam back to see where they made mistakes. Students who fail a final and then enter the next course, such as in math, need to ensure they properly understood what was taught. Otherwise they are

set up for failure in the next course. Can we also get a report how many students had to pay to take our course over the summer because they failed.

 Subject: Revised Board Agenda
 Attachments: Revised Board Agenda.pdf; Irwin Parties, LLC.pdf; District Certification Receipt Funding FY23.pdf; Addendum Bill List 5-10-23.pdf

Good afternoon,

The following revisions/additions were made to the agenda:

Superintendent's Report/Recommendation – Personnel – 9 member vote

Z. It is recommended by the Superintendent of Schools that the Board accept the resignation of **Ms. Wendy Roth**, teacher of kindergarten at Mill Lake School, effective July 1, 2023.

AG. It is recommended by the Superintendent of Schools that the Board approve the following non-certificated staff on the following guides:

Z. Raymond Nesty	Woodland	Para	Step 4 Reg ed. \$15.43 for 2.5 hours	11-000-262-107-000-030	retroactive to 5/8/23-6/30/23	Change in assignment
------------------	----------	------	--------------------------------------	------------------------	-------------------------------	----------------------

Superintendent's Report/Recommendation – Board Action – 10 member vote

- I. *It is recommended by the Superintendent of Schools that the Board approve the previously submitted agreement between the Monroe Township School District and Irwin's Parties LLC to provide a bounce/slide combo with staff cotton candy with 100 servings (2) game tents (2) 8ft. tables (4) games, big mouth, basketball throw, crazy kans, and ring toss, generator, (4) adult volunteers for Falcon's Nest Preschool on May 18, 2023 for a total cost of \$1130.00. (see contract attached)

Business Administrator's Report 10 member vote

Item B was revised:

B * BILL LIST

It is recommended that the bills totaling \$2,787,180.83 be ratified by the Board. The bills have been reviewed and certified by the Chairperson of the Finance Committee and Business Administrator. It is further recommended that the previously submitted Addendum to the Bill List totaling \$1,127,290.68 be ratified by the Board.

Additions to the BA Report: Items Z, AA, and AB

Z *DISPOSAL OF SURPLUS PROPERTY

WHEREAS, the Monroe Township Board of Education is the owner of certain surplus property which is no longer needed for public use; and

WHEREAS, the Board of Education is desirous of selling said surplus property in an "as is" condition without express or implied warranties

NOW, THEREFORE, BE IT RESOLVED that the Board of Education hereby approves the sale of property no longer usable for school purposes as follows:

- The sale of the surplus property shall be conducted through GovDeals. The terms and conditions of the agreement entered into with GovDeals are available online at govdeals.com and are also available in the office of the Monroe Township Board of Education Business Administrator/Board Secretary.
- The sale will be conducted online, and the address of the auction site is govdeals.com.
- The sale is being conducted pursuant to Local Finance Notice 2008-09.
- The surplus property to be sold includes the items listed below:

YEAR	MAKE	CAPACITY	VIN
2009	International	54	4DRBUAAP79B671449
2009	International	54	4DRBUAAP39B671450
2009	International	54	4DRBUAAP59B671451
2009	International	54	4DRBUAAP79B671452
2009	International	54	4DRBUAAP29B671455
2009	International	54	4DRBUAAP09B671454
2009	International	54	4DRBUAAP49B671456
2010	International	54	4DRBUAAP0AB236907
2010	International	54	4DRBUAAP9AB236906
2011	International	54	4DRBUAAP6BB289614

- The surplus properties as identified shall be sold in an "as is" condition without express or implied warranties with the successful bidder required to execute a Hold Harmless and Indemnification Agreement concerning use of said surplus property.

AA *TRAVEL EXPENDITURE RESOLUTION

WHEREAS, the Board of Education has determined that the training and informational programs sponsored by the New Jersey School Boards Association (NJSBA) and set forth below are directly related to and within the scope of board members' and employees duties; and

WHEREAS, the Monroe Township Board of Education is required pursuant to N.J.S.A. 18:11-12 to adopt policy and approve travel expenditures by district employees and board members using local, State, or Federal funds to ensure that travel is educationally necessary and fiscally prudent; and

WHEREAS, the Board of Education has determined that the training and informational programs sponsored by NJSBA and set forth below are directly related to and within the scope of the listed job title's current responsibilities and the board's professional development plan; and

WHEREAS, the Board of Education has determined that participation in the NJSBA training and informational programs requires school district travel expenditures and that this travel is critical to the instructional needs of the district and/or furthers the efficient operation of the district; and

WHEREAS, the Board of Education has determined that the school district travel expenditures to NJSBA programs are in compliance established by the Federal Office of Management and Budget, except as superseded by conflicting provision of Title 18A of the New Jersey Statutes; and

WHEREAS, the Board of Education has determined that the school district travel expenditures to NJSBA programs are in compliance with State travel guidelines as established by the Department of the Treasury and with the guidelines established by the Federal Office of Management and Budget; except as superseded by conflicting provision of Title 18A of the New Jersey Statutes; and

WHEREAS, the Board of Education finds that a mileage reimbursement rate to that of the State of New Jersey mileage reimbursement rate is a reasonable rate; and

WHEREAS, the Board of education has determined that participation in the NJSBA training and informational programs are in compliance with the District policy on travel, therefore be it

RESOLVED, that the Board of Education hereby approves the attendance of the listed number of school board members and district employees at the listed NJSBA training and informational programs, and the costs of attendance including all registration fees, and statutorily authorized travel expenditures, provided that such expenditures are within the annual maximum travel expenditure amount; and, be it further

RESOLVED, that the Monroe Township Board of Education authorizes in advance, as required by statute, attendance at the following NJSBA training programs and informational events:

NJSBA School and Safety Conference

Board Member/ Staff attending	Date of Workshop	Workshop Fee	Mileage, Parking, & Tolls if applicable
Gail DiPano	06/09/23	\$99.00 for NJSBA members	\$30.00

New Jersey School Boards Association Workshop 2023

Board Member/ Staff attending	Dates of Workshop	Workshop Fee	Transportation, Taxi, Parking, Tolls & Mileage *(a)	Hotel ** (b)	Meals *** (c)
----------------------------------	-------------------	--------------	--	--------------	---------------

Kristine Christie	10/23/23 through 10/26/23	\$2,100.00 for a group of 25 or \$550.00 individually	\$250.00	\$294.00	\$206.50
-------------------	---------------------------	--	----------	----------	----------

* (a) Mileage calculated at \$.47/mile. Tolls, taxi, parking, and mileage are estimated as they will vary.

** (b) Currently the State allows a maximum of \$98/day for hotel/taxes. This amount may be revised, and reimbursement will be in accordance with the current GSA Rate at the time of the conference.

*** (c) Currently the State allows \$59.00/day Meals/Incidentals for full day and \$44.25/day for first and last day of the conference. This amount may be revised, and reimbursement will be in accordance with the current GSA Rate at the time of the conference.

AB *It is recommended that members of the Monroe Township Board of Education authorize the Business Administrator/Board Secretary to submit the previously provided Certification of School District Superintendent or Business Administrator in Support of Receipt of FY2023 Funding, including Attachment A, for the NJSDA and NJDOE Emergent and Capital Maintenance needs appropriations to New Jersey Schools.

Business Administrator's Report 9 member vote

AC DONATION

It is recommended that the members of the Monroe Township Board of Education acknowledge and accept school-level Giflogram gift cards totaling \$1,490 from Montclair State University for participating in a research survey. This gift card is intended to be utilized by the Monroe Township Middle School. Amount revised.

Subject: Alternate Pathways for PE (Option 2)

Good morning,

I am reviewing the Physical Education schedule for next year. We have problems guaranteeing all 12th-grade PE classes will be run during blocks 1 and block 4. For example, all Falcon PALS, adaptive PE, MAPS PE, and Strength and Conditioning (12) must be scheduled during blocks 2 and 3. Students taking these courses cannot participate in the Option 2 program. Additionally, we are having difficulty scheduling all the regular 12th-grade PE courses during blocks 1 and 4 because of the lack of room to accommodate the 12th-grade health courses, when the students return to the building. This would create an unfair situation for any senior student scheduled for blocks 2 or 3 PE sections.

Two possible solutions:

1. Allow all seniors, during any block, to take Option 2 and leave/return during the school day. This would be almost impossible to do without an attendance secretary, and I am not sure what the insurance liability is with having students leave and return.
2. Wait for Option 2 until next school year (2024-25) to allow for more time to appropriately plan for all 12th-grade PE classes and schedule all health classes.

I favor the alternate pathways to PE credit, but I cannot guarantee that all 12th-grade students will have the same option if we implement it for this upcoming year. I know there will be a discussion about this tomorrow night, and I wanted to share the situation with you before then.

Thank you,

Kevin G. Higgins Ed.D.

Monroe Township IT Department

Good afternoon. I have three children in the school district. One in high school, middle school and woodland. All 3 of my children have terrible asthma. Each of my children came home today extremely over heated!! The high school student was probably the best. My middle school student came out extremely hot and dehydrated. His asthma was so bad. He was complaining he could not breathe. The middle school classrooms were between 85-90 degrees. This is unacceptable. My 9 year old daughter came off the bus and her face was bright red and she was complaining of fainting. The woodland classroom was 93!!! And the teachers didn't even have a fan moving in the classroom. If this is the case my child should be able to have a personal fan at her desk. We pay TONS of money in school taxes why doesn't all of our schools and classrooms have air conditioning that WORK. The excuse of "they are getting fixed," doesn't work anymore! Our children can NOT learn in these environments. And the poor teachers can not teach. All the surrounding districts have half days the next two days to try and give the teachers and students a break. Why isn't Monroe district doing the same? We can not expect our staff and students to work in these conditions. It is very dangerous!

Thank you for all you do, but this needs to be addressed ASAP. September is not cool like it used to be. We will have some days that are very hot and our children need to be safe while in schools. Thank you.

Study Finds Exact Path 2-3x More Effective Than an Average Intervention

Good morning Chari,

We are excited to share new ESSA Tier 2 research just launched from Edmentum. This [rigorous study](#) of a large district in the western United States examined the impact of [Exact Path](#) usage in grades 4–8 on state assessment scores in math during the 2021–22 school year. Results indicate that students who used [Exact Path](#) learning paths showed a sizeable, statistically significant increase in performance.

When used with fidelity, Exact Path has up to THREE TIMES the six-percentile point gain expected from the average intervention. Findings in this study are also similar to national third-party studies that found expected gains of 8-15 percentile points across reading and math.

View the [research brief](#) or [full study](#) today.

Let's connect and talk about how we can work together to meet your progress and achievement goals. You can also [chat live](#) with me now!

Hi Mrs Chanley!!

Hope your back to school week is a good one! Sorry to bother you but my 7th grade daughter came home totally overheated today. Her social studies teacher mentioned that the air in his room has been broken since last year. I know it must be so hard to keep track! I just wanted to mention it. I'm sure you're being bombarded with back to school emails. I don't mean to be a pain. I know many nearby districts have half days. I'm sure it would be such an annoyance on many levels to call that change, but this heat is oppressive. I'm concerned.

Thanks so much for your time!

Subject: [External Email]Future Lawyers Program by Harvard Student Agencies - Applications Open

CAUTION: This email originated from outside of the school district. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Monroe Township IT Department

Hello School Leader,

Greetings from Learn with Leaders!

Want your students to experience a Harvard Law class while still in School?

It is with great pleasure that we extend an exclusive invite to your school, inviting the nomination of your students for participation in the **Future Lawyers Program** by **Harvard Student Agencies** for its **October & November 2023** cohort, a first-of-its-kind initiative to introduce the field of law to high school students (grades 8th to 12th).

We would also like to E-meet you to discuss special scholarships for our upcoming Summer Programs. Please feel free to schedule a call with us.

Future Lawyers Program by Harvard Student Agencies:

The unique pre-professional program, spread over **9 days (2 weekends)**, focuses on helping students learn how to **read and build a case, how to write position papers, how to navigate the path to law school**, and much more. Students will also be **guided towards the LSAT**, the difficult-to-navigate requirements of the application to Law School, and the **many careers in the world of law**.

Each day begins with a lecture outlining a **skill or concept critical to a career in law**, whether it be the inner workings of the court system or how to prepare for the LSAT. From there, students get to build teamwork skills and collaborative thinking by engaging with one another. **Guided by qualified Harvard undergraduate instructors/students**, the curriculum aims to provide a **comprehensive look at legal systems** and give students the chance to meaningfully explore the field. The program enables students to explore law and litigation, **experience a mock trial**, gain awareness of history and the current events that contextualize law in society today, and walk away with excitement for their future in law.

This time, we are opening the applications for 2 cohorts - October & November. So now you have the flexibility to join the cohort of your choice!

OPTION 1: The October 2023 Cohort

Program Starts: 14th October, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 30th September, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Here](#)

Application Form (October): [Click Here](#)

OPTION 2: The November 2023 Cohort

Program Starts: 18th November, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 15th October, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

Find more about the Program: [Here](#)

Application Form (November): [Click Here](#)

What You Will Get?

- Small class sizes
- Opportunity to network and learn with students from **Harvard Student Agencies**
- Get guided by qualified Harvard undergraduate instructors on legal systems around the world
- Experience a mock trial
- Gain awareness of history and the current events that contextualize law in society today
- The certificate will be given directly by **Harvard Student Agencies**

Here's what our beneficiaries have got to say:

During this program, I learned many skills such as reading and drafting cases as well as learning about the LSAT. Learning about how to read and draft cases gave me insight on what to expect when pursuing a career in law." - **Makeya Van, Tanzania**

The lectures gave me a lot of knowledge about US court systems and general legal understanding. I can use these skills and knowledge in my future politics or pre-law courses, competitions, other programs I apply to, and even LSAT. If I had to describe the experience in one word, it would be 'Priceless'" - **Nubar Jabrayilli, Azerbaijan**

Your students can now begin their journey as future lawyers with the Future Lawyers team!

Best wishes,

Team - Learn with Leaders

Subject: RE: Policy Committee Meeting

I just received the following email from Strauss Esmay:

Update – Sick Leave and School Threat Assessment Teams Policy and Regulation Guides

Legislation signed on July 3, 2023 revised two sick leave statute sections (N.J.S.A. 18A:30-1 and N.J.S.A. 18A:30-4) that address sick leave for school district employees. These revisions became effective on July 3, 2023 and required the development of new Policy and Regulation Guides 1642.01 to address these new provisions. In addition, the NJDOE Guidance for School Threat Assessment Teams was published on July 19, 2023 to be effective September 1, 2023 and required a revision to Policy Guide 2419 and development of a new Regulation Guide 2419. Policy and Regulation Guides 2419 are very important and due to their effective date, Strauss Esmay wanted to make these Guides available to school districts in advance of the next Policy Alert. Therefore, Policy and Regulation Guides 1642.01 and a revised Policy Guide 2419 and a new Regulation Guide 2419 with a Summary are available for download on our website www.straussesmay.com under the Policy Alert tab – “Other Downloads” section. A Board has the option to suspend Bylaw 0131 that requires two meetings to adopt a new policy and/or regulation and adopt these documents at one meeting with a motion such as “Move the Board of Education suspend Bylaw 0131 and adopt new Policy 1642.01 and new Regulation 1642.01 and revised Policy 2419 and new Regulation 2419 with one reading based on recently approved sick leave legislation that is effective immediately and recent New Jersey Department of Education guidance provided to school districts that is effective September 1, 2023.” Strauss Esmay has also developed a new AlertCast video which is now available for download on www.straussesmay.com under the Policy Alert tab – “Other Downloads” section.

See AlertCast below:

<https://www.straussesmay.com/seportal/uploads/P%201642.01%20&%20P%20&%20R%202419.mp4>

Subject: Option 2

Sean and Yale,

Thank you for meeting with me today. Here is an update of our discussion regarding Option 2:

ONCE OUR FINAL LIST IS COMPLETE (Attached most recent parent access form info)

1. We will create a USER FLAG. Block 1 students will have a 1 symbol, block 2 a 2 symbol, and so on
2. We will work with Michele to create a Genesis Course and Section for all of our Option 2 students.
 - a. This will allow Sean access to these students via the Gradebook
 - b. Once that is create Sean and I will test out how to mass update grades with a P , etc.
 - c. We will make sure the class does not update to NJSMART
 - d. Admin will need to decide if the class will have attendance or not
3. To let MTHS Staff know who is in the Option 2 program, we will share a Google Doc of all students who are in the program.

If I missed anything let me now. I'll hang tight until I get a final list from Sean. Sean, once I get the list, I'll figure out which block the students are in.

-Eliot

TOP STORY

4 ways your school's LGBTQ+ policies can save a life

More than one in five LGBTQ+ high school students attempted suicide in 2021, according to recent data from the CDC. Additionally, 52% reported having recently experienced poor mental health. And what many administrators might not know is that something as simple as addressing their school's policies can make a world of difference for those students.

Subject: [External Email]Applications Open for World Debate Stars with the Harvard MUN Team

CAUTION: This email originated from outside of the school district. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Monroe Township IT Department

Hello School Leader,

Greetings from Learn with Leaders!

Learn with Leaders presents an exceptional opportunity for school students to enhance their argumentation and communication skills by learning directly from the esteemed **Harvard MUN team**. With the **World Debate Stars program**, students aspiring to excel in debate and communication on a global level can achieve their goals. Our program offers guidance from experienced **Mentors**, who have successfully organized **Harvard MUNs** across the world.

We would also like to E-meet you to discuss special scholarships for our upcoming Summer Programs. Please feel free to schedule a call with us.

World Debate Stars by Harvard Model United Nations Team:

The 2-weekend Program is designed to prepare students in the art of argumentation and persuasion that would be easily transferable in a variety of settings, along with honing their critical thinking and communication skills. The aim of the program is to have students emerge as strong thinkers and debaters by the end of it.

The program aims to cover -

- Understand the fundamentals of argumentation and persuasion
- Develop skills in public speaking, negotiations, leadership, creative thinking, problem-solving, etc.
- Gain insights on making persuasive arguments and becoming strong debaters
- Build a global network with student mentors and peers coming in from different parts of the world

The Harvard MUN team has years of experience as delegates and in organising Harvard MUNs globally. Together, they will guide school students from the beginning of public speaking through research and writing skills.

The certificate will be given directly by Harvard MUN Team.

This time, we are opening the applications for 2 cohorts - October 2023 & February 2024. So now you have the flexibility to join the cohort of your choice!

OPTION 1: The October 2023 Cohort

Program Starts: 28th October, 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 10th October, 2023

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

**Find more about the Program: [Here](#)
Application Form (October): [Click Here](#)**

OPTION 2: The February 2024 Cohort

Program Starts: 17th February, 2024

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Early Application Deadline: 10th January, 2024

Program Fee for Early Applicants: 300 USD

Regular Fee: 400 USD

**Find more about the Program: [Here](#)
Application Form (February): [Click Here](#)**

Your students can now begin their journey as world-class debaters with the World Debate Stars Program!

Regards,

Team - Learn with Leaders

Monroe Township IT Department

Hello School Leader,

Greetings from **Research Scholars!**

Congratulations! We have shortlisted your school for a scholarship opportunity for our prestigious **Research Scholars program in collaboration with Harvard Student Agencies**. This is a unique, one-of-a-kind platform for your ambitious high school students (Grades 8 to 12) to develop their research skills and become a published author with a reputed journal!

We are impressed by the way your school has employed a global outlook in curriculum and pedagogy that resonates with our core offerings to serve the student's potential. We would like to invite you to nominate deserving students who can benefit from this program. We would like to offer the **Research Scholars program at a reduced fee (special scholarship)** of USD 750 to your students.

We would also like to E-meet you to discuss special scholarships for our upcoming Summer Programs. Please feel free to schedule a call with us.

[Click here to see the research papers published by our previous students on the official website of Harvard Student Agencies.](#)

About the Research Scholars Program by Harvard Student Agencies at Harvard University

The Research Scholars Program is focused on the **fundamentals of research and research writing**. Under the guidance of **Harvard Student Agencies**, students would delve into the basics of research i.e. **Types of research, forming hypotheses, research writing formats, finding accurate sources, citations, conducting primary experiments, literature review and so much more.**

Finally, the program would culminate in students **coming up with their own thesis and producing a 1500-2000 word research report and presenting it.**

Research areas of **STEM, Arts and Humanities, Law, Entrepreneurship etc.** will be explored and encouraged such that students would attain proficiency and enhance their knowledge in topics that resonate with them. **The research reports produced by the students will be published on the Harvard Student Agencies website and in a journal subject to acceptance.**

In addition to the expert guidance from Harvard mentors, they have received adequate support to edit their research papers and necessary feedback in getting the papers published.

This time, we are opening the applications for 2 cohorts - May and July. So now students have the flexibility to join the cohort of your choice!

OPTION 1: The May 2023 Cohort

Program Starts: 28th May 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 8 weekends

Regular Program Fee: USD 1000

Program Fee for your school: 750 USD

Application Deadline: 15th May 2023

Find more about the Program: [Here](#)
Application Form (May): [Click Here](#)

OPTION 2: The July 2023 Cohort

Program Starts: 23rd July 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 8 weekends

Regular Program Fee: USD 1000

Program Fee for your school: 750 USD

Application Deadline: 30th May 2023

Find more about the Program: [Here](#)

Application Form (July): [Click Here](#)

What past participants say – Research Scholars program

‘I realized it was not just about writing several high-quality papers with them. They made me understand it is important to go deep and always be curious.’

- Lintang Hidayat, JIS High School, Indonesia

‘I was taught how to conduct high-quality research and, most importantly, had helpful mentors who really invested in me.’

- Sierra Newton, Bodwell High School, Canada

So let's begin your students' journey as a researcher with Research Scholars!

Best wishes,

Research Scholars Team

Good morning staff,

Please note that MTMS , MTHS and Central Office phones are being switched over to the new phone system today. Here is the preliminary guide for how to use the phone; please note this guide will be updated thoroughly and a final copy will be sent out prior to school starting. Also, the main office staff will be trained by RFP at a later date.

Quick Note: To dial out, please press 5 and then the number.

Please report any phone issues to your building's Workstation Specialist and Network Operations Manager.

Have a great day!

-Eliot

Monroe Township IT Department

Dear School Leader,

Greetings from Learn with Leaders!

For the exclusive opportunity, **Learn with Leaders** and **Harvard Student Agencies at Harvard University** have come together to guide the next generation of change-makers through **the Impact and Research Fellowship** for high-school students aspiring to create the change they want to witness. The Fellowship follows a breakthrough model of learning—leveraging academic competence through **producing a research paper and inspiring leadership through experiential, project-based learning.**

The Fellows are engaged in two-fold learning engagements through the fellowship:

- **Producing a research paper**
- **An Actionable "passion" project**

The first 8 weeks / 2 months of the fellowship would be focused on the **research project** wherein students would initially learn the fundamentals of research and research writing. It would gradually progress from introducing students to research i.e types of research, forming a thesis, reading and critiquing research papers, forming problem statements, understanding citations etc. to **students writing their own 1500-2000-word research paper** upon conducting experiments and drawing conclusions on their desired research areas (STEM, humanities & Arts, Business, Law etc). **The research reports produced by the students** will be published on the **Harvard Student Agencies website.**

This project would be instrumental in:

- Developing enhanced knowledge about chosen research topics and learning key research skills required to write excellent academic papers.
- Strengthening the student's profile/resume by writing and publishing a research paper that actions change.

The next 8 weeks / 2 months would be entirely dedicated to creating a **passion project** ranging from creating a social impact through technology to serving the community and even founding a company or a Non-Profit Organization. Students with the guidance of **Harvard mentors** and the knowledge that they have gained over the first 8 weeks will bring an idea of theirs to reality by participating in exercises such as project introduction & ideation, creating action plans, developing and testing the idea, and planning execution etc. Students would then get the opportunity to actually **execute their ideas** after presenting to a jury of Harvard mentors.

Students would:

- Have a passion project on their college resume.
- Get a **certificate** from Harvard Student Agencies and Learn with Leaders

The powerful combination of having a research paper and a leadership project while still in high-school is a feat made possible by the Impact and Research Fellowship. While collaborating with a talented and diverse set of peers, mentors and professionals, students would exchange ideas, share experiences and pick up new skills.

We are offering a special 20% (USD 300) fellowship fee waiver scholarship to early applicants!

This time, we are opening the applications for 2 cohorts - April and June. So now students have the flexibility to join the cohort of your choice!

OPTION 1: The April 2023 Cohort

Program Starts: 30th April 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 16 weekends

Early Application Deadline: 22nd April 2023

Program Fee for Early Applicants: 1200 USD

Regular Program Fee: USD 1500

Find more about the Program: [Here](#)

Application Form (April): [Click Here](#)

OPTION 2: The June 2023 Cohort

Program Starts: 25th June 2023

Who Is Eligible?: Students from Grades 8 to 12

Duration: 16 weekends

Early Application Deadline: 5th May 2023

Program Fee for Early Applicants: 1200 USD

Regular Program Fee: USD 1500

Find more about the Program: [Here](#)

Application Form (June): [Click Here](#)

Please feel free to reach out to us for any clarifications or schedule a call with us.

Regards,

Team - Learn with Leaders

Monroe Township IT Department

Hello School Leader,

Greetings from Learn with Leaders!

Do your students dream of using the power of medicine to save human lives and use technology tools to improve the health infrastructure around you?

Here's a chance to join the **Future Doctors Program by Harvard Student Agencies and Learn with Leaders**, a one-of-its-kind medical-experiential program for students across borders! Dive deep into the pre-medical field with an introduction to Genetic Inheritance, Hormones, Immunology, Organic Chemistry, while acquiring 21st century skills to succeed in the medical field through real world exposure, in this program. *It's a unique opportunity to receive expert mentorship from qualified Harvard instructors and begin your journey into Global Healthcare and Medical Practices right now!*

About the Future Doctors Program by Harvard Student Agencies in collaboration with Learn with Leaders

*The Future Doctors Program offers a unique opportunity to learn from, network with, and receive expert mentorship from qualified **Harvard instructors** and begin your journey into the global health care and medical practices.*

Spread over two weekends, it is a one-of-its-kind medical-experiential program for high school students across the globe aspiring to become change makers in the medical field. The program will enable students to dive deep into the pre-medical field with an introduction to Genetic Inheritance, Hormones, Immunology, and Organic Chemistry, while acquiring 21st-century skills to succeed in the medical field through real-world exposure.

This time, we are opening the applications for 2 cohorts - March and May. So now you have the flexibility to join the cohort of your choice!

OPTION 1: The March 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Last Date of Application: 20th March, 2023

Program Starts: 25th March, 2023

Find more about the Program: [Here](#)

Application Form (March): [Click Here](#)

OPTION 2: The May 2023 Cohort

Who Is Eligible?: Students from Grades 8 to 12

Duration: 2 weekends

Last Date of Application: 10th April, 2023

Program Starts: 20th May, 2023

Find more about the Program: [Here](#)

Application Form (May): [Click Here](#)

What You Will Get?

- Certificate from **Harvard Student Agencies**

- Access to all LWL Webinars and Masterclass
- Featured on LWL and Harvard social media platforms
- Portfolio Enhancement with certificates and projects
- Global **exposure and networking with students and teachers** from across the world plus a chance to make lifelong friendships!

Here's what our participants of Future Doctors Program have got to say:

"Since I am just starting high school, the information we learned will benefit my upcoming science classes, like genetics and organic chemistry. I can now use the new knowledge I learned from my instructors about applying to universities, doing extracurricular courses, and being myself and working hard through my high school years to become successful. If I had to summarise the experience in one word, it would be 'Informative.'" - Hanna Noori, United States of America

"The Future Doctors Program is a unique program that helped me choose my career path in Medicine, and also to develop research skills as a group using different sources of information, and to be able to filter what's important. Being freshmen at Harvard, the teachers had a lot of energy and kept me engaged along with the sessions. If I had to describe my experience in one word, it would be 'Eye-Opening.'" - Luisa Miles, Uruguay

Please feel free to reach out to us for any clarifications or schedule a call with us.

Best wishes,
Team Learn with Leaders
