Complaint Investigation Narratives

Narrative Date 09/14/22 Narrative Author Moskwa, Julie

On 11/13/20, complainant informed OCHD about above establishment not adhering to COVID-19 executive directives. On 11/16/20 at approximately 1300 hours, I arrived on site and walked through various aisles. I observed 4 employees all wearing masks at the time of investigation. The employees at the checkout were also masked at this time.

I spoke with manager on duty, and cited Executive Order No. 192 which "requires employees, visitors, and other individuals entering the worksite to wear cloth or disposable face masks while on the premises, in accordance with CDC recommendations, except where the individual is under two years of age or where it is impracticable for an individual to wear a mask, such as when the individual is eating or drinking, where doing so would create an unsafe condition in which to operate equipment or execute a task (i.e. cooks that work near open flames), or where a service being provided by the employer cannot be performed on an individual who is wearing a mask.'

I further indicated the importance of wearing a mask when interacting with customers, when preparing ready to eat foods, and when the size of the establishment hinders social distancing. I recommended frequent outdoor breaks for fresh air. The manager appeared to be compliant and receptive of this information.

After providing the state website and my business card for further questions or concerns, I departed the site at approximately 1335 hours, same day.

Establishment is in compliance at time of investigation.

NO FURTHER ACTION REQUIRED BY THIS AGENCY AT THIS TIME.
