Description

Car into building, debris in store. Police requesting response.

Narrative

Date: 07/10/23 **Time:** 12:15 pm - 12:30 pm **Entered By:** George Mccoy
Onsite, I met with the operator , and Fire Chief.I observed the left front window area of the store to be damaged.The windows and supports had been broken out. Contractors were installing wooden supports at the front window area. Currently I am unable to enter the store . As per management some glass enetered the prep. area. A cleaning company will be onsite to perform clean up and exposed food will be discarded. There is electrical service , so all cold food items will be maintained at safe temps. I told management to contact me once the building was clearaed by the construction dept. so that I could stop by and evaluate their progress.

Date: 07/17/23 **Time:** 01:35 pm - 01:55 pm **Entered By:** George Mccoy
Onsite, I met with the owner Mr Patel. I observed clean up to be complete .All prep. clean up and storage area were in order. The store is now open for operation.
