Subject: Clerks Office_Mary Lou Bergh Information
Date: Tuesday, September 5, 2023 8:38:13 PM

Dear Council: with regard to Mary Lou and visitations – It was asked that the below e-mail/information (from another municipal clerk) be forwarded to you all. Thank you very much for your consideration:

Hello, All, I hope everyone is well and has had a wonderful summer.

I am writing at this time to give an update on Mary Lou. As some of you know, Mary Lou has been battling blood cancer (referred to as MDS) for the past year. The MDS has progressed to a rare form of an aggressive Leukemia and she is seriously ill.

I am asking for your prayers for a miracle; God can do anything and I am calling for a continual thunderous noise of prayer from all of you, one that will not be ignored. God is Great and I am trusting in Him with this one.

I am also asking that you take a moment to shower Mary Lou with a post card, a note, a funny card, a phone call

She is in the hospital now but hopes to go home soon where she will have a visiting nurse.

While she is seriously ill, she is awake, alert and, of course, still looking great! She is actually simply amazing. She told me that she wants visitors, calls, etc. She does not want to be alone. She has family and friends that will be with her continually when she is home.

I thank you in advance for all the love you are going to show her. Thank you, thank you, thank you!

Her information is:

Mary Lou Bergh

989 Larkspur Place

Mount Laurel, NJ 08054

OPRA REDACTION

P.S. She is neutropenic and cannot have flowers or fruit.

“Neutropenia is a condition where you have a low number of white blood cells called neutrophils in your blood. When you have low levels of neutrophils in your blood, your immune system is weakened, making it harder for your body to fight infection. This is called neutropenia or being neutropenic.”

Rebecca Andrews, Deputy Twp. Clerk, CMR

Evesham Township Clerk's Office
