On February 15, 2021 at 8:28 AM, I responded to the parking lot of 4512 Windsor Regency for a hit and run motor vehicle collision. Upon arrival, I met with Mrs. Angela Alfano who explained the following: On 2/14/21 at around noon, Mrs. Alfano parked her vehicle, NJ Reg: G57MNL, in the parking lot in front of her apartment. This morning as she approached her vehicle in the parking lot, she noticed substantial front end damage to her vehicle.

I observed NJ Reg: G57MNL had sustained moderate damage to the front passenger side of the vehicle. It also appeared that the force of the impact moved the vehicle sideways. I was unable to observe any damage at the scene that would provide any leads in identifying the other vehicle involved or where the damage on the other vehicle would be located. I checked the rest of the vehicles in the parking lot and did not observe any damage that may have occurred as a result of this collision. I provided Mrs. Alfano with a what to do next form and encouraged her to contact this agency should she observe a vehicle in her parking lot with similar damage to their vehicle. NJTR-1 Completed.

Investigation Narrative

On March 10, 2021 at approximately 1:20 PM I spoke with the complainant, Ms. Maryann Sonnenfeld, via recorded line 260. Ms. Sonnenfeld advised that on Sunday (03/07/21) at approximately 1:00 PM she lost her New Jersey driver license while shopping at Target located in West Windsor, NJ. She explained that she already requested a new driver license on the DMV web site and simply wished to have the incident documented for her records. She was provided a departmental case number and encouraged to contact this agency should she need further assistance.

On July 5, 2022 at approximately 1240 hours I was detailed to police headquarters for a lost property report. Upon my arrival I met with Mr. Franklin Panjon-Guallpa who explained the following.

Mr. Panjon-Guallpa explained that the front license plate from his brother's vehicle (NJ REG: S41PCX) was missing. He further explained he believed the license plate to be on the vehicle as of yesterday, but was not completely sure. Mr. Panjon-Guallpa stated that prior to noticing the plate missing, he drove a friend to Newark Airport where the plate may have fallen off or was taken.

I advised Mr. Panjon-Guallpa to have his brother contact the motor vehicle commission and request new license plates for the vehicle. I also advised Mr. Panjon-Guallpa to contact this agency should he need any further assistance in the future. Nothing further to report at this time.

On July 31, 2022 at approximately 1145 hours I was detailed to police headquarters for a lost property report. Upon my arrival I met with the complainant, Ms. Maria Crespo, who explained to me the following.

Ms. Crespo explained that on July 27, 2022 at approximately 1200 hours her husband, Mr. Marco Montero, was transported to the hospital from their residence by RWJ EMS. Mr. Montero brought a black backpack with him in the ambulance to the hospital. The back pack contained his iPhone 11 which was the only item of value inside of the backpack. Since being transported to the hospital, Mr. Montero's back pack and phone have been missing.

I explained to Mr. Crespo that the bag and iPhone have not been turned into this agency and that she should check the hospitals lost and found. Furthermore, I suggested that Ms. Crespo respond to Trenton PD and report the back pack and phone missing with their agency. I provided Ms. Crespo with a case number for her records and advised her to contact this agency should she need any further assistance. Nothing further to report at this time.
