CAD Narrative

09/23/2022 : 11:24:09 cwehrlen Narrative: Suspect states he did not hit the other vehicle. Victim vehicle driver (older caucasian female) was contacted at [REDACTED] (number she left with valet). Valet employees did not have her personal information besides the phone number. A voice mail was left for the driver, no contact at this time.

09/23/2022 : 11:22:21 cwehrlen Narrative: Valet employees had varying stories on whether or not suspect vehicle hit victim vehicle. There was no recent/notable damage to either vehicle. No cameras on scene. Employees unsure if suspect actually hit vehicle or not, just drove in lot fast and parked. After speaking with Suspect, security notified me that victim vehicle had left and none of them had told her that her vehicle may have been involved in accident.
