1. Since today is the 50th anniversary of Earth Day. I feel that this is the time to use some of the money in the tree fund to replace the trees on Amboy Ave. between Franklin Ave. and the NJ Turnpike overpass. Edison Twp. DPW has removed 40 % of the trees over the last several years and did not replace them.

2. I feel that the Council meeting room can be temporarily reconfigured so that the meetings can be televised, not just audio. I think that for a few hundred dollars you could purchase a few more mics and cords so that there can be separation between every participant in the room. Also I like to see your faces during the meetings.

Subject: Middlesex county greenway closing

Mark Maklary
4th st in clara barton

Realizing that the Middlesex county greenway is a county asset that runs from Metuchen, Edison and woodbridge is a unique asset that the community uses. Is there much difference between that and just walking in the streets? Guessing it was easier for the freeholders to close all county parks to prevent groups of people from gathering but seriously do you think any of the freeholders walk on the greenway? Probably an oversight. Is anyone willing to contact the parks director or freeholder to open up the greenway?

On Amboy ave on the bricked sidewalks I have noticed that there are several locations where the bricks are misaligned in numerous places. Does the town fix this? Figure when the public works people do a walk cleanup of garbage they could detail more precisely than just saying amboy ave but its not that big of a area to validate.

Will also note that the St James Church on Woodbridge Ave has a food pantry for the Hands of Hope food bank and accepts non perishable food donations along with monetary donations too. Item in demand are canned tuna, mac and cheese, canned soup, canned veggies, pasta, and sauce.

Subject: 2nd quarter property tax

Very pleased to hear that township mayor and council members are extending grace period till 29th.
May I request you to kindly wave the charges to pay by credit card so that there will be one more month to pay back to creditcard company

This was in existence when Mr. Lankey took office.
Again some times there is way to extend
the period to pay back the credit card as they are now liberal on making credit card payments.
Please look in to this matter and try to help the struggling Edison homeowners

Thanks

Hi Marlena, Please find below my questions to the administrator on April 6th via. the public meetings submissions posted on the Edison Township website. To date I have not received an answer from Ms. Raune Would you kindly request that she answer the questions below. SECA has a meeting early next week and I would like to provide the answers to our sub committee.

Thank you,

Anthony Russomanno
SECA

Subject: Landfill Closure

Anthony Russomanno president of the South Edison Community Association
38 New Brooklyn Road Edison NJ 08817.

Regarding the Edison Landfill.

The Administration has had talks with a private entity about an alternate plan to close the Edison landfill for over a year.

1) Is the Administration considering the alternate plan that as proposed would increase the foot print of the landfill mound to 20 acres for recreational purposes such as cricket fields, soccer, as well as walking paths and a solar farm?

2) Has the administration contacted the County to request funds for the alternate plan?

3) If the answer to question 1 is no, Can the Admin state the reason?

Thank you,

Anthony Russomanno

Dear Council,

Thank you for taking this time to have a phone meeting. I think the residents of Edison would be very interested in what is going on during the Covid19 pandemic.

I would like to thank all the Healthcare, Post Office, Office of Emergency Management, Food Service, delivery workers, essential service workers, volunteers who help our Seniors and our community for all their dedication through this unprecedented time.

Thank you Joe Coyle for planting flowers on Amboy Avenue and your dedication to the Beautification Committee. Your efforts and hard work make Clara Barton a beautiful area.

Please update the official List, groups such as Environmental Commission, Green Team, Health Advisory, Municipal Alliance, Open Space Advisory Committee currently show expired terms.

Jay any update on the Farmers Market?

Can the Council help residence that would be having an issue paying their property taxes by May 1, 2020?

At the Board of Education meeting held on Monday April 20, 2020 they announced on Tuesday May 5th is National Teacher Appreciation Day and on Wednesday May 6, 2020 is Nurses Appreciation Day and I would hope we can recognize them.

Thank you for all your help during this difficult time.

Regards,

Maria Orchid

Apparently you folks whom are running these events have not tested that the user on the other end may not have a T1 or T3 line to their homes. Also many different operating systems are out there currently some old some new, some wireless. Sadly no wizards in Edison anymore
