Re: OPRA Request# 2022-00378

Dear Requester,

At the present time the Borough of Haledon is unable to locate any records responsive to your request. The Haledon Police Department was the victim of a cyber security breach which corrupted certain digital files and paper records have either been misplaced or destroyed. The Borough is in the process of trying to locate and/or rebuild these records. Given the uncertainty of this process, the Borough does not have a timeline as to when or if these records will be available.

Dina Abaza
Borough of Haledon
Administrative Assistant
