Dear Ms. Fienberg:

I am in receipt of your revised request for records pursuant to the State's Open Public Records Act ("OPRA") as per the attached message. As noted in the message, your request seeks contracts, invoices, budgets, vouchers from January 2016. Your request requires an extension of time beyond seven (7) days to fulfil due to the length of time needed to search, gather, copy and create in the requested medium the requested responsive records, if any, responsive to your request. Additionally, the invoices requested will have to be reviewed and redacted under Federal and State privacy laws applicable to students under the Family and Educational Records Act (FERPA) and information protected by other privileges (i.e., attorney-client and/or deliberative process privilege). We anticipate being able to provide a response by December 6, 2019.

Sincerely,

Harold E. Kennedy, Jr.
School Business Administrator/Board Secretary

Subject: Re: OPRA Request

Dear Harold Kennedy,

You are out of compliance with the immediate access N.J.S.A. 47:1A-5(e). "See Herron v. Twp. of Montclair, GRC Complaint No. 2006-178 (February 2007): The Council held that "immediate access language of OPRA (N.J.S.A. 47:1A-5(e)) suggests that the Custodian was still obligated to immediately notify the Complainant . . ." Inasmuch as OPRA requires a custodian to respond within a statutorily required time frame, when immediate access records are requested, a custodian must respond to the request for those records immediately, granting or denying access, requesting additional time to respond or requesting clarification of the request."

Please see Verry v. Borough of South Bound Brook (Somerset), GRC Complaint No. 2013-43 et seq. (Interim Order dated September 24, 2013): "[A] valid OPRA request requires a search, not research. [...] When it comes to [...] documents stored on a computer, a simple keyword search may be sufficient to identify any records that may be responsive to a request."

Also of note. Burke V. Brandes, "[...] valid under OPRA because it "was confined to a specific subject matter that was clearly and reasonably described with sufficient identifying information . . . [and] was limited to particularized identifiable government records, namely, correspondence with another government entity, rather than information generally."

The records I have requested are specific, narrow, and limited in scope. Again, I ask you to produce the: Contracts, Invoices, Budgets, Vouchers in regards to Mr. Flaum (the specific individual) and DiFrancesco, Bateman, Coley, Yospin, Kunzman, Davis, Lehrer & Flaum, P.C (the specific legal firm.) As you know, and as publicly available records indicate, there is a narrow period of time in which this firm and this individual would have records with this district due to their appointment in January of 2016, and as such, they are identifiable and retrievable from that period through now.

Yours sincerely,
Danielle Fienberg
