TOWNSHIP CLERK

OR-225

Dear Cornelia Lisa,
we have been informed by a different public authority that we can narrow this request by "limiting the timeframe from three months to a specific 2 to 3-day period" (~Governmental Relations Specialist NJ Department of Health).
Accordingly, we would like to revise our request as follows:

I would like any CAD logs, dispatch recordings, police journal entry records, vehicle reports, incident reports, operations reports, crash reports, investigation reports, records of warnings, copies written warnings, documentation of verbal warnings, tickets issued, citations issued, summonses issued, charge sheets, arrest reports, disposition of charges, disposition of summonses/citations referencing incidents occurring January 29, 2019, January 30, 2019, and January 31, 2019.

This adjustment reduces the scope to a period of less than 72 hours and as such, within reason. We also note that applicable law permits requests to be made without revealing our identity. To preserve anonymity, we are not providing additional identifying details regarding any specific incident. Thank you.
Yours sincerely,
Interested Neighbour

Interested Neighbour,

Whenever a records custodian asserts that fulfilling an OPRA records request requires an "extraordinary" expenditure of time and effort, a special service charge may be warranted pursuant to N.J.S.A. 47:1A-5.c. In this regard, OPRA provides: "Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this section is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the public agency may charge, in addition to the actual cost of duplicating the

record, a special service charge that shall be reasonable and shall be based upon the actual direct cost of providing the copy or copies ..."
