Subject: BDA Steering Committee Summary

Tony,

As you requested, below is a summary from our notes on the BDA Steering Committee meeting held on 6/22/2023 with action items highlighted in yellow. Note that these are only for the Steering Committee meeting and not the follow up meeting. Let us know if you have any questions - Ron

BDA Steering Committee Meeting – 6/22/2023

Attendees (see list attached)

By Phone: Steve Kessel – Brown & Caldwell LSRP for Nuodex Site
Scott Pool – Environmental Manager for Praxair (now Linde)
Crystal Leavey – LSRP for Linde Site 907
Scott Schellberg – Competitive Power Venture (CPV)

- Gentempo Property (Dynamic Engineering – Joe Sparone; Sadat – Lahbib Chibani)
 - Site Plan approved; making good progress; working with County on the reconstruction of intersection on Smith Road and Crows Mill Road
 - Redevelopment Agreement in place
 - Landfill closure complete
 - Wetlands GP-5 for landfill closure submitted in March 2023 but have not received permit yet
 - No SI/RI work other than reporting/administrative left (SI/RIR/RAWP)
 - Future use is warehouse and ancillary parking
 - Air permit for the sub-slab vapor system required
- ‘Morris’ Properties (Weston – John Sontag)
 - Pond being remediated by Weston on behalf of Hatco
 - Tony F. to reach out to John Sontag regarding status
- DPW (Excel – Ron Harwood)
 - RI complete
 - Focused RA complete around a former UST
 - Post-remediation groundwater monitoring ongoing to evaluate whether MNA is appropriate or additional action is warranted
- Former Nuodex Facility (Brown & Caldwell – Steve Kessel)
 - “Great Wetlands Park” – remediation and park construction nearing completion
 - Twp wants to dedicate and open the property Fall 2023
 - According to Steve Kessel – “ton of work” remaining with reporting/paperwork and rad work remaining – Still processing data to submit final report (being fast-tracked) and still needs final approval of NJDEP BER, then deed notice, and Soil RAP; Fall 2023 completion unlikely

- Power plant environmental work completed for soil with RAO issued
- GW RAP to be completed – complex with combination of active, MNA
- RAOs have been issued for the ‘western parcel’, ‘offsite contamination/Northern and Eastern parts of the Site’
 - CPV renewing their Title V Permit currently; several violations that were self-reported years ago during start up; resolved years ago, but just received NOV this year and paid all fines
 - NJDEP EJ office came in with comments & will be responded to that week
 - CPV2/Keasby – additional turbine on same site (650 MW) – had public meeting in February 2023 – received 1,200 comments and in process of responding
 - Will need a Soil RAP Modification and RAWP for management of excavated soil
- PMC Specialties (Fords 1)
 - Work complete – Excel to remove from the BDA properties list
- Ashland Chemical (Fords 2)
 - Site is capped; landfill occupies about 1/3 to 1/2 of property
 - Steve Kessel to send Tony F. a contact for Ashland
- Praxair (now Linde) 907 (Lindy Gas and Electronics) – Crystal Leavey (LSRP)
 - Delineation of 1,4-dioxane completed in 2021
 - April/May 2022 – excavated 1,4-dioxane and four other areas
 - Recorded Deed Notice and submitted Soil RAP in 11/2022
 - GW – MNA remedy; GW RAP to be submitted in early 2024
- Linde 868 (Lindy Bulk Gas) – Scott Pool (Manages the Remediation)
- American Beverage Packers
 - No remaining environmental issues
 - Waiting for final CO
- Prologis/440 Smith Street – to be added to BDA

BDA Expansion

- T&M working on the Marina
- Twp acquired properties to expand existing Marina
- PA/SI already completed – identified Historic Fill on all parcels – approx. 6 acres
- Need to cap Historic Fill and dredge
- Previous owner could not financially fix bulkhead and Historic Fill fell into the water and need to remove it; don’t want to dredge too deep and then have a mitigation requirement
- Will need a dredging permit; Upland Waterfront Development Permit
- Tony F. suggests working through Office of Dredging

Next BDA scheduled for September 7, 2023

Attached is an updated version of the BDA High Priority Site Status Matrix – It will certainly be updated further after the meeting tomorrow based on any updates provided by the various parties, but wanted to make sure there is nothing glaring that is missing from the matrix.

Also – is this something that should be provided ahead of time or copies provided at the meeting? Or is it more for our internal purposes?

Thanks,

Caroline,

I pulled the attached from one of Matt's old agendas and updated it to reflect Thursday's meeting date and added a discussion point for Potential BDA Expansion. Feel free to edit as you see fit for email prior to the meeting and/or handout at the meeting. Or let me know if its ok and I can certainly distribute.

Morning Everyone

Hope you are all well. Been quite a while since we all sat down and discussed the activities within the BDA.

Our next Woodbridge BDA meeting will be:

Thursday, February 24th
10AM – 12 PM

Mayor's Conference Room, 3rd Floor
1 Main Street
Woodbridge, NJ

I will send out a reminder and agenda a few days before. And for anyone who can't make it in person, I will send out a dial-in number for you to call.

Some of the contacts for the various projects may have changed. If you no longer need to receive this invite or you have someone new you would like me to add, please let me know.

If you have any questions or need to discuss anything prior to the meeting, please don't hesitate to contact me.

Looking forward to speaking with you all.

Subject: Woodbridge BDA

Morning Everyone

Hope you are all well. Been quite a while since we all sat down and discussed the activities within the BDA.

Our next Woodbridge BDA meeting will be:

Thursday, February 24th

10AM – 12 PM

Mayor's Conference Room, 3rd Floor

1 Main Street

Woodbridge, NJ

I will send out a reminder and agenda a few days before. And for anyone who can't make it in person, I will send out a dial-in number for you to call.

Some of the contacts for the various projects may have changed. If you no longer need to receive this invite or you have someone new you would like me to add, please let me know.

If you have any questions or need to discuss anything prior to the meeting, please don't hesitate to contact me.

Looking forward to speaking with you all.

Afternoon Everyone

Our next BDA Meeting is scheduled for Friday, December 4th at 11:30 AM. Tried my best to keep it away from the holidays. Please let me know if you can make it and if you need anything or have any agenda items you would like added.

I will have a draft agenda sent out in November.

Hope to see you all there and have a great weekend!

Tony

Attached is the letter and baseline data sheets for the three additional sites Woodbridge would like to add to the BDA. Map was too big to email. I placed a hard copy in the mail of the entire request package which should be on your desk this week.

Let me know if you need anything additional or have any questions.

Thanks

Morning All

Attached is the agenda and a map showing our meeting place for the BDA meeting/tour on Friday.

Again we are meeting in the parking lot of the USA offices. The address is :

USA Environmental Office Parking Lot
1090 King Georges Post Road
Suite 708
Edison, NJ 08837

Please be in the parking lot by 10:15AM. The vans will leave promptly at 10:30AM. No personal vehicles will be allowed at the facility so please do not miss the vans.

Unfortunately there will be no call-in line for this meeting. I can provide updates to anyone who requests them at a later time.

Please let me know if you have any questions.

Thanks and I look forward to seeing you all.

No new documents have been made available to me since the last BDA Meeting we had. If anything comes up prior to the 29th, I will be sure to let you know.

Also, so there is no confusion we plan on having our regular meeting at the Site prior to the tour. That will all be made clear in the details/schedule to follow.

Morning Everyone

Regarding my email below about the next BDA Meeting and the CPV/EPEC site tour.

Would anyone else who is thinking of attending please send me an email with the number of people coming.? I have only heard back from a few of you and we would like to begin finalizing plans. Instructions and further information about the tour will follow.

Thank you and have a great weekend!

Subject: RE: Woodbridge BDA

Afternoon All

The reps from the EPEC and CPV sites have provided us with a date for the site tour per the Committee's request at the last BDA Meeting.

On Friday, May 29th from 10 AM to 11:30 AM, they will make arrangements for access to view the Site. Due to ongoing construction and safety concerns, they will arrange for vans (or like) to take us around some portion(s) of the exterior of the new CPV facility followed by a tour of the wetlands mitigation area. If the conditions and weather permit, we should be allowed to exit the vehicles for a short guided look at some portion of the mitigation area along the river.

As we get closer I will provide more details.

It is very important that I have as accurate a head count as possible for this tour. Please respond and let me know if you plan on attending.

Thank you again to the EPEC and CPV reps and their consultants for assisting with this.

Subject: RE: Woodbridge BDA

Happy New Year All

Per our last meeting in October 2014, we were going to try and meet again towards the end of this month. We would like to hold the next BDA Meeting on Thursday, January 22nd at 11:30 AM.

We will be presenting two new sites for consideration for inclusion into the BDA. I will get further information on each out to everyone prior to the meeting. If there are any other topics that you would like to add to the agenda, please let me know.

As always, please let me know if there have been any changes to who should be included on this contact list since we last met.

Thank you

Afternoon All

Attached is the proposed agenda for the meeting next Friday. As best we can, I think we should try to keep the meeting to around 30 minutes or so once we get seated.

On both the Agenda and in my email to everyone, I will stress the importance of arriving early at the USA parking lot and that the vans will leave at 10:30 AM with no delay. I will also let everyone know that personal vehicles will not be allowed on the facility so if they miss the vans, they will not be allowed onsite and that they should plan to be with us until around 12PM.

Dan/Steve: I think a conference line is a bit much to ask for on this one. I'll let everyone know that updates about the meeting will be provided at a later time and that we will not have a call-in line.

If anyone has anything to add, please let me know.

Thanks and have a great holiday weekend!

Bob

No new documents have been made available to me since the last BDA Meeting we had. If anything comes up prior to the 29th, I will be sure to let you know.

Also, so there is no confusion we plan on having our regular meeting at the Site prior to the tour. That will all be made clear in the details/schedule to follow.

Subject: RE: Woodbridge BDA

Afternoon All

The reps from the EPEC and CPV sites have provided us with a date for the site tour per the Committee's request at the last BDA Meeting.

On Friday, May 29th from 10 AM to 11:30 AM, they will make arrangements for access to view the Site. Due to ongoing construction and safety concerns, they will arrange for vans (or like) to take us around some portion(s) of the exterior of the new CPV facility followed by a tour of the wetlands mitigation area. If the conditions and weather permit, we should be allowed to exit the vehicles for a short guided look at some portion of the mitigation area along the river.

As we get closer I will provide more details.

It is very important that I have as accurate a head count as possible for this tour.
Please respond and let me know if you plan on attending.

Thank you again to the EPEC and CPV reps and their consultants for assisting with this.

Morning Everyone

We are looking to schedule the next BDA meeting for some time in early October. I will have a date out to everyone this week. Hope everyone is enjoying their summer.

Also, this contact list continues to evolve from meeting to meeting so if I've missed copying anyone or if someone should be removed because they are no longer affiliated with projects within the BDA, please let me know.

Morning Everyone

Attached is the agenda for today's meeting and the Matrix table for all sites. I will be updating the table again once the meeting is complete with any new information we discuss today. From speaking with many of you, it is obvious that a lot of progress has occurred on many of the Sites so we look forward to hearing from you.

Again, there have been some contact changes since our last meeting. Hopefully I have addressed all of the changes. If anyone else needs to be added or removed, please let me know.

A few of you requested that a call in number be provided for this meeting. One is being set up this morning and I will send you the info as soon as I receive it.

Afternoon Everyone

Our next BDA meeting will be scheduled for Tuesday, May 6th at 1PM. Due to some scheduling conflicts, April was just not an option.

The meeting will be held at our normal place, Town Hall on the 3rd Floor in the Mayor's Conference Room.

I will be contacting the various LSRPs and project leads to remind them about updates that were requested for this meeting. A draft agenda will be sent out for everyone to review at least a week prior to the meeting.

If anyone has any issues or needs anything in the meantime, please let me know.

Hope to see you all on the 6th.

Morning All

We will be looking to schedule our next BDA meeting sometime during mid-April. At Bob's request, we will attempt to coordinate some site visits with the various owners but please understand that these are all active construction/remediation sites so any access will be at the discretion of the owners/contractors running the Sites.

I will have a proposed date out to everyone by Wednesday with an agenda to follow.

This email includes the most recent list of individuals to be copied on all BDA emails. There have been a few more additions/removals since the last meeting. If any additional changes need to be made, let me know.

Should anyone else have any other requests prior to the next meeting, please send me an email or give me a call.

Subject: RE: Woodbridge BDA

Dear BDA Team,

I would like to inquire about when our next meeting is for the BDA stakeholders? I suggest we have a meeting in the next 2 to 3 weeks and sit down with the team to go through the many issues that we need to discuss.

I can put together an agenda if that will be helpful and I would appreciate if we could tour the El Paso site, Morris Ponds as well as areas along the Raritan River front soon.

There are some critically important issues regarding the munitions and hazardous-waste investigation which the Army core is currently involved in both on the Edison wharf area the Raritan River and Sayreville. This work could potentially impact the project schedule.

I have been working on the US Army Corps Fuds investigation and cleanup work and the schedule for activities with the ACOE on the Former Raritan Arsenal.

These issues and many others are long overdue for discussion including follow up on the LSRP and Hatco issues. I would also like an update on the Keasbey restoration and public access.

Respectfully,

We are proposing Tuesday, November 26, 2013 at 11AM for our next BDA Meeting. The meeting will be held in the Mayor's Office Conference Room on the 3rd Floor of Town Hall. I've tried to update the mailing list to include all of the changes to contacts since our last meeting. If any contacts have changed for any of the projects or entities represented on

this list, please let me know.

I will forward an agenda to everyone within a week of the meeting for everyone to review and comment on. Now that LSRP's are the primary contacts for almost all projects, we will be inviting all of the LSRPs to the meeting to provide updates on the Sites under their management. In the event someone is unable to attend, I will do my best to contact them and get whatever information is available to share with everyone.

I look forward to seeing you all there. If anyone has any questions or needs anything in the meantime, please let me know.

Afternoon Everyone

Our next BDA meeting will be scheduled for Tuesday, May 6th at 1PM. Due to some scheduling conflicts, April was just not an option.

The meeting will be held at our normal place, Town Hall on the 3rd Floor in the Mayor's Conference Room.

I will be contacting the various LSRPs and project leads to remind them about updates that were requested for this meeting. A draft agenda will be sent out for everyone to review at least a week prior to the meeting.

If anyone has any issues or needs anything in the meantime, please let me know.

Hope to see you all on the 6th.

Morning All

We will be looking to schedule our next BDA meeting sometime during mid-April. At Bob's request, we will attempt to coordinate some site visits with the various owners but please understand that these are all active construction/remediation sites so any access will be at the discretion of the owners/contractors running the Sites.

I will have a proposed date out to everyone by Wednesday with an agenda to follow.

This email includes the most recent list of individuals to be copied on all BDA emails. There have been a few more additions/removals since the last meeting. If any additional changes need to be made, let me know.

Should anyone else have any other requests prior to the next meeting, please send me an email or give me a call.

Subject: RE: Woodbridge BDA

Dear BDA Team,

I would like to inquire about when our next meeting is for the BDA stakeholders? I suggest we have a meeting in the next 2 to 3 weeks and sit down with the team to go through the many issues that we need to discuss.

I can put together an agenda if that will be helpful and I would appreciate if we could tour the El Paso site, Morris Ponds as well as areas along the Raritan River front soon.

There are some critically important issues regarding the munitions and hazardous-waste investigation which the Army core is currently involved in both on the Edison wharf area the Raritan River and Sayreville. This work could potentially impact the project schedule.

I have been working on the US Army Corps Fuds investigation and cleanup work and the schedule for activities with the ACOE on the Former Raritan Arsenal.

These issues and many others are long overdue for discussion including follow up on the LSRP and Hatco issues. I would also like an update on the Keasbey restoration and public access.

Respectfully,

Afternoon All

We are proposing Tuesday, November 26, 2013 at 11AM for our next BDA Meeting. The

meeting will be held in the Mayor's Office Conference Room on the 3rd Floor of Town Hall. I've tried to update the mailing list to include all of the changes to contacts since our last meeting. If any contacts have changed for any of the projects or entities represented on this list, please let me know.

I will forward an agenda to everyone within a week of the meeting for everyone to review and comment on. Now that LSRP's are the primary contacts for almost all projects, we will be inviting all of the LSRPs to the meeting to provide updates on the Sites under their management. In the event someone is unable to attend, I will do my best to contact them and get whatever information is available to share with everyone.

I look forward to seeing you all there. If anyone has any questions or needs anything in the meantime, please let me know.

Subject: RE: Woodbridge BDA

Dear BDA Team,

I would like to inquire about when our next meeting is for the BDA stakeholders? I suggest we have a meeting in the next 2 to 3 weeks and sit down with the team to go through the many issues that we need to discuss.

I can put together an agenda if that will be helpful and I would appreciate if we could tour the El Paso site, Morris Ponds as well as areas along the Raritan River front soon.

There are some critically important issues regarding the munitions and hazardous-waste investigation which the Army core is currently involved in both on the Edison wharf area the Raritan River and Sayreville. This work could potentially impact the project schedule.

I have been working on the US Army Corps Fuds investigation and cleanup work and the schedule for activities with the ACOE on the Former Raritan Arsenal.

These issues and many others are long overdue for discussion including follow up on the LSRP and Hatco issues. I would also like an update on the Keasbey restoration and public

access.

Afternoon All

We are proposing Tuesday, November 26, 2013 at 11AM for our next BDA Meeting. The meeting will be held in the Mayor's Office Conference Room on the 3rd Floor of Town Hall. I've tried to update the mailing list to include all of the changes to contacts since our last meeting. If any contacts have changed for any of the projects or entities represented on this list, please let me know.

I will forward an agenda to everyone within a week of the meeting for everyone to review and comment on. Now that LSRP's are the primary contacts for almost all projects, we will be inviting all of the LSRPs to the meeting to provide updates on the Sites under their management. In the event someone is unable to attend, I will do my best to contact them and get whatever information is available to share with everyone.

I look forward to seeing you all there. If anyone has any questions or needs anything in the meantime, please let me know.

Morning Everyone

Attached is the agenda for today's meeting and the Matrix table for all sites. I will be updating the table again once the meeting is complete with any new information we discuss today. From speaking with many of you, it is obvious that a lot of progress has occurred on many of the Sites so we look forward to hearing from you.

Again, there have been some contact changes since our last meeting. Hopefully I have addressed all of the changes. If anyone else needs to be added or removed, please let me know.

A few of you requested that a call in number be provided for this meeting. One is being set up this morning and I will send you the info as soon as I receive it.

Subject: RE: Woodbridge BDA

Dear BDA Team,

I would like to inquire about when our next meeting is for the BDA stakeholders? I suggest we have a meeting in the next 2 to 3 weeks and sit down with the team to go through the many issues that we need to discuss.

I can put together an agenda if that will be helpful and I would appreciate if we could tour the El Paso site, Morris Ponds as well as areas along the Raritan River front soon.

There are some critically important issues regarding the munitions and hazardous-waste investigation which the Army core is currently involved in both on the Edison wharf area the Raritan River and Sayreville. This work could potentially impact the project schedule.

I have been working on the US Army Corps Fuds investigation and cleanup work and the schedule for activities with the ACOE on the Former Raritan Arsenal.

These issues and many others are long overdue for discussion including follow up on the LSRP and Hatco issues. I would also like an update on the Keasbey restoration and public access.

Respectfully,
Robert Spiegel

Afternoon All

We are proposing Tuesday, November 26, 2013 at 11AM for our next BDA Meeting. The meeting will be held in the Mayor's Office Conference Room on the 3rd Floor of Town Hall. I've tried to update the mailing list to include all of the changes to contacts since our last meeting. If any contacts have changed for any of the projects or entities represented on this list, please let me know.

I will forward an agenda to everyone within a week of the meeting for everyone to review and comment on. Now that LSRP's are the primary contacts for almost all projects, we will be inviting all of the LSRPs to the meeting to provide updates on the Sites under their management. In the event someone is unable to attend, I will do my best to contact them and get whatever information is available to share with everyone.

I look forward to seeing you all there. If anyone has any questions or needs anything in the meantime, please let me know.
