

Township of Lacey

818 W. LACEY ROAD
FORKED RIVER, NJ 08731

(609)693-1100

December, 2016

State of New Jersey
Office of Planning Advocacy

As Mayor of Lacey Township, I am writing to initiate the pre-petition phase of the Plan Endorsement process. On behalf of the Township, I formally request a pre-petition meeting with the Office of Planning Advocacy.

Lacey Township is pursuing Plan Endorsement at this time in order to designate Centers. As you may be aware, the extent of development in Lacey Township is limited by a number of environmental and regulatory constraints. All land west of the Garden State Parkway is located in the Pinelands (a full 78% of the Township's total land area). All lands east of the Parkway are located in the CAFRA zone.

While the Township prizes a clean and healthy environment for its residents and believes in smart growth principles that limit sprawl and utilize low-impact development design, we also have a responsibility to fulfill other planning priorities such as affirmatively providing development opportunities for affordable housing, and expanding economic development potential.

We believe we can accommodate all of these goals by channeling new development to specifically designating Centers that can receive new and more intensive development in compact areas. The intensification of development in these areas will allow for greater conservation elsewhere in the Township.

I look forward to discussing Plan Endorsement and how it can help address some of Lacey's most pressing land development challenges in greater detail. Attached, please find a CD containing the Township's existing planning documents and land development regulations according to the attached schedule prepared by Heyer, Gruel and Associates.

Sincerely,

Steven Kennis
Mayor

Inventory of Existing Planning Documents accompanying Pre-Petition Letter

Document Type	Existing and included in pre-petition package	Date of Adoption/ Last Revision	Folder Number (enclosed CD)
Most recent adopted Master Plan	X	1991	0
Any draft elements currently being considered			
Draft Revised Land Use Element (November 2016)	X	2016	0
