Sorry about that, but I had it attached when I started writing the email but had to take care of something else. When I came back to the email it told me there was a communication problem and I knew it had to do with the attachment so I deleted it but forgot to reattach.

It is attached now.

Hi Gerald,

I received the following email from ABC today:

"Good morning,

I started going through some of my renewals and came across the application for the above mentioned license. I saw on the resolution your municipality passed that this license is in pocket. Can you please advise the licensee to file an amendment placing this license in pocket status. Division records reflect this license is currently inactive, but not in pocket."

Originally the address of 181 Randolph Avenue was on the resolution for the license, but since it will not be used at that location anymore it is considered a pocket license, and you need to complete an amendment.

They need you to complete pages 1, 2, 3 and 11 of the attached and bring 3 copies to me and I will send one in to ABC. There is no fee for this.

Just so you know your license number is 1420-33-001-009. Number 2.6 B. on your original application the date shows 11/17/2006.

Also, she had mentioned to me that if I had issued you the license it needed to be returned. I explained that I did not issue it to you because I knew that with pocket licenses we are not allowed to issue them. They are to remain with the clerk. You will notice I did not sign the scan I sent to you for just that reason.

If you have any questions, please just ask.

Thank you and take care.

Marcie
