Okay, sounds good, but please I have a webinar from 11-12 that day so if you could call either before 10:30 or after 12:30 that would work.

Thank you Gerald!

Hi Gerald,

I can make the copies for you, but we need to talk about pages 1, 2 and 3 as you have to add some things and change some things. 11 is okay but you have to add the license number at the top.

Please, use the application I have attached as this one is the one from the ABC website although in my opinion it is not a very clear/clean one. It looks like they scanned a copy and put that on their website. The first one I sent you the other day was from another town and it looked so much cleaner, but as I was looking over the one you sent me that you filled in, I noticed they misspelled applicant in 2.6 and then I realized they must have created their own as I found other mistakes. Better off if we use the ABC version.

I am also sending you pages 2 and 3 from when you bought the liquor license originally so we can use that as a guide.

Let me know when it is good for you to go through the pages together. We can do it this weekend or during the week.

Take care.
