Dear MaplewoodPD,

Thank you for volunteering to become a feed provider! Here are the details of your recently approved Broadcastify feed:

Description: Maplewood Police Department

Genre: Public Safety

Assigned Counties:

Essex, NJ

You can manage your feed at the following URL:

< <http://www.broadcastify.com/manage> >

The above link can also be found on the "My Broadcasts" dropdown on your Broadcastify Account page.

If you need any help setting up your feed, have any questions, or need any changes made to your feed's description, please submit a help request via your feed's Owner's page by going to , clicking on the "Help" tab, filling out the form and pressing the "Submit" button.

Quick-Start instructions on how to setup your feed can be found at <http://bit.ly/1QQABG3>

Advanced configuration and knowledge base articles for broadcasters can be found at <http://bit.ly/1SLaqy0>

You can manage your feed, view statistics, and provide information to your listeners via your feed's owner page at <http://www.broadcastify.com/manage/feed/40861>. We recommend that you use the Notes tab to provide information for your listeners related to your feed, such as what frequencies/channels are on your feed, what agencies are contained on the feed, the codes/signals used by the agencies they're hearing, etc.

Note: if your feed does not come online within 7 days, your feed will be automatically deleted from the system and you will have to re-submit an application.

Thanks for your support and providing your feed on Broadcastify.com, and don't hesitate to contact us if you have any questions.

Subject: FW: Fw: Scanner, again
Date: Wednesday, October 12, 2022 11:44:19 AM

Anthony & P/O Jones,

As per the Mayors directive below, the MPD scanner feed currently housed at MFD shall be moved to Dispatch so that the feed status can be monitored at Dispatch.

The Mayor is requested a timeline estimate for the move. Please look into the logistics and advise.

Please work with the FD to get this done as soon as possible.

Thank you,

Chief

Subject: Re: Fw: Scanner, again

Thanks, Chief.

Now that SEFD is up and running, I think it makes sense for the police scanner to reside with the police. I've asked Chief DeVaul to reach out to you to work on getting it transferred over to Dept Hdqtrs and setting it up there. Chief DeVaul will be reporting on this tonight during Public Safety.

Because of your technical expertise in this, appreciate your assistance to Chief DeVaul and to Township Administrator Schuster who will be overseeing this.

Once we fix this and maintain it operational, we will no longer be hassled about it. Let's do it!

Many thanks!!

Dean Dafis, he him

I looked into this and the computer and scanner are not talking to each other the right way, not sure why this happened. I am having Patrick look into this. I will keep you all in the loop.

On Wed, Oct 5, 2022 at 1:21 PM Dean Dafis <DDafis@maplewoodnj.gov> wrote:

Is this true? Has the scanner been removed?

Why is there no engagement or response to this other than 'it's not ours, I don't know.'?
Where is it, who is managing it?

Please advise!

For clarity as the Mayor brought in FD, I am only referring to PD. (Fire scanner was removed quite

some time ago and seemingly permanently as part of the merger.)

Subject: Re: police scanner update

Mr. Mayor,

With all due respect, isn't that the exact same explanation as was given when the scanner went down in March, days after the streaming finally began? Then, as well, the FD stayed up the whole time and by some magical coincidence only the PD streaming had an issue.

I am now adding Ms. Fritzen and attaching OPRA requests. It seems the only way forward is by asserting our legal rights. I recognize that this is much more cumbersome than consistent streaming, but that is what the town has actively chosen. Residents have been left with no other options than multiple lengthy OPRA requests, since streaming is so inconsistent.

I am also re-adding to these communications representatives from the CBOP.

Best,
Heather

On Mon, Apr 25, 2022 at 5:48 PM Dean Dafis <DDafis@twp.maplewood.nj.us> wrote:

Deputy Chief DeMartini had the scanner system rebooted. Both FD and PD feeds are live now and seem to be working properly.

IT is doing a deeper dive to determine the issue that caused the PD feed to go down. And, FD staff have been tasked with monitoring both feeds.

The new computer equipment that was purchased to solve the police scanner is housed at FD - fire house 2 and is with the watch commander there.

Regards,

Dean Dafis (*he, him*)

Record Request Information:

To expedite your request be as specific as possible

I am requesting a copy of all documents, logs, notes, and audio recordings (including 911 and radio runs), for every transmission, call, response, and interaction with the public by the MPD, between April 22, 2022, at 12:10 am and April 25, 2022, at 5:20 pm.

Given the nature of the video and audio process, I request an immediate hold on all audio from April 22, 2022, 12:10 am, through April 25, 2022, at 5:20pm, to ensure they are preserved.

While I am not, at this time, requesting video, given the nature of the video and audio process, I request an immediate video hold on all vehicle and body cam videos from April 22, 2022, 12:10 am, through April 25, 2022, at 5:20pm, to ensure they are preserved.

PUBLIC ACCESS TO GOVERNMENT RECORDS

1. State Law requires that in order to request access to government records, you must complete, sign and date this request form and deliver it in person, by mail or electronically during regular business hours to the appropriate custodian of the record requested. The Township of Maplewood will not accept submission of a request form by fax. Your request is not considered filed until the request form has been received by the appropriate custodian of the record requested. If you submit the request form to any other officer or employee of the Township of Maplewood, that officer or employee does not have the authority to accept your request form on behalf of the Township of Maplewood, and you will be directed to the appropriate division custodian.
2. If you submit a request for access to government records to someone other than the appropriate custodian, do not complete the Government Records Request Form, or attempt to make a request for access by telephone or fax, the Open Public Records Act and its deadlines, restrictions and remedies will not apply to your request.
3. The fees for duplication of a government record in printed form are listed on the front of this form. We will notify you of any special charges, special charges or other additional charges authorized by State Law or regulation before processing your request. Payment shall be made by cash, check or money order payable to the Township of Maplewood.
4. Request with estimated fees exceeding \$25.00 must be accompanied by a 50% deposit. Anonymous requests, when permitted, require a deposit of 100% of estimated fees. You agree to pay the balance upon delivery of the records.
5. By State Law, a custodian must deny access to a person who is convicted of an indictable offense in New Jersey, any other State, of the United States, who is seeking government records containing personal information pertaining to the person's victim or the victim's family.
6. By Law, the Township of Maplewood must notify you that it grants or denies a request for access to government records within (7) business days after the custodian of the record requested receives the request, provided that the record is currently available and not in storage or archived. If the record requested is not currently available or is in storage or archived, the custodian will advise you within (7) business days when the record can be made available and the estimated cost. You may agree with the custodian to extend the time for granting or denying your request or making records available.
7. You may be denied access to a government record if your request would substantially disrupt agency operations and the custodian is unable to reach a reasonable solution with you.
8. If the Township of Maplewood is unable to comply with your request for access to a government record, the custodian will indicate the reasons for denial on the request form and send you a signed and dated copy.
9. Except as otherwise provided by law or by agreement with the requestor, if the custodian of the record requested fails to respond to you within (7) business days of receiving a written, signed request form, the failure to respond will be considered a denial of your request.
10. If your request for access to a government record has been denied or unfilled within the time permitted by law, you have a right to challenge the decision by the Township of Maplewood to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint, in writing, with the Government Records Council (GRC) located in the Department of Community Affairs.
11. Information provided on this form may be subject to disclosure under the Open Public Records Act.

PUBLIC ACCESS TO GOVERNMENT RECORDS

1. State Law requires that in order to request access to government records, you must complete, sign and date this request form and deliver it in person, by mail or electronically during regular business hours to the appropriate custodian of the record requested. The Township of Maplewood will not accept submission of a request form by fax. Your request is not considered filed until the request form has been received by the appropriate custodian of the record requested. If you submit the request form to any other officer or employee of the Township of Maplewood, that officer or employee does not have the authority to accept your request form on behalf of the Township of Maplewood, and you will be directed to the appropriate division custodian.
2. If you submit a request for access to government records to someone other than the appropriate custodian, do not complete the Government Records Request Form, or attempt to make a request for access by telephone or fax, the Open Public Records Act and its deadlines, restrictions and remedies will not apply to your request.
3. The fees for duplication of a government record in printed form are listed on the front of this form. We will notify you of any special charges, special charges or other additional charges authorized by State Law or regulation before processing your request. Payment shall be made by cash, check or money order payable to the Township of Maplewood.
4. Request with estimated fees exceeding \$25.00 must be accompanied by a 50% deposit. Anonymous requests, when permitted, require a deposit of 100% of estimated fees. You agree to pay the balance upon delivery of the records.
5. By State Law, a custodian must deny access to a person who is convicted of an indictable offense in New Jersey, any other State, of the United States, who is seeking government records containing personal information pertaining to the person's victim or the victim's family.
6. By Law, the Township of Maplewood must notify you that it grants or denies a request for access to government records within (7) business days after the custodian of the record requested receives the request, provided that the record is currently available and not in storage or archived. If the record requested is not currently available or is in storage or archived, the custodian will advise you within (7) business days when the record can be made available and the estimated cost. You may agree with the custodian to extend the time for granting or denying your request or making records available.
7. You may be denied access to a government record if your request would substantially disrupt agency operations and the custodian is unable to reach a reasonable solution with you.
8. If the Township of Maplewood is unable to comply with your request for access to a government record, the custodian will indicate the reasons for denial on the request form and send you a signed and dated copy.
9. Except as otherwise provided by law or by agreement with the requestor, if the custodian of the record requested fails to respond to you within (7) business days of receiving a written, signed request form, the failure to respond will be considered a denial of your request.
10. If your request for access to a government record has been denied or unfilled within the time permitted by law, you have a right to challenge the decision by the Township of Maplewood to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint, in writing, with the Government Records Council (GRC) located in the Department of Community Affairs.
11. Information provided on this form may be subject to disclosure under the Open Public Records Act.

Dear MaplewoodPD,

Your account has been activated and you are ready to get started using all the features of the site. To help you get started, this email will review a number of the different features and offerings available to users. First, head on over to your account page to customize your location and other personal details:

<https://www.radioreference.com/account>

After your account is customized, review all of the following to see all of the great offerings

[RadioReference.com](#) provides:

Premium Subscriptions

RadioReference provides upgraded and advanced services to premium subscribers. There are a number of valuable features available including direct data downloads, significantly reduced advertising, personalization, printable PDF reports, advanced database searches, and access to 365 days of live audio feed archives.

You can upgrade your account to premium status by going to the following link and following the

instructions there:

<https://www.radioreference.com/premium>

RadioReference Database

The RadioReference database is the largest and most complete reference database of radio communications information. Looking for scanner frequencies? Need updated information on your local agencies? The database is a complete collection of verified radio communications information, and also provides a complete copy of the FCC Land Mobile database for research. Head on over to the database at the following link:

<https://www.radioreference.com/apps/db>

Don't forget that all the information in the database is made freely available to everyone, so help contribute to the database when you see missing information. You can submit information to the database administration staff by going to the following link:

<https://www.radioreference.com/apps/submit>

When submitting information, please follow the submission guidelines listed here:

https://wiki.radioreference.com/index.php/RR_Database_Submission_Guidelines

Broadcastify

With over 7000+ radios broadcasting online, you can listen live to almost every major public safety agency the country. Check out the link for our Live Audio Broadcasting System:

<https://www.broadcastify.com>

RadioReference Forums

One of the most popular areas of the site are the discussion forums. Here you can collaborate with the hundreds of thousands of other subscribers on local radio communications information, radios and equipment, radio technologies, and get help on using the site.

<https://forums.radioreference.com>

MAKE SURE you read the Etiquette in the Forums Guide which describes how to best participate in the user forums.

<https://forums.radioreference.com/threads/forum-rules-and-proper-etiquette.137276/>

Finally, all new users are set to moderated status for their first few posts, which means an administrator must approve your new posts. Be patient when posting as a new user - your posts will be approved as quickly as possible. This is done to prevent spammers posting in the forums.

RadioReference Wiki

The RadioReference Wiki is a community edited reference source which provides detailed information on radio equipment, acronyms, technologies, and common frequencies. Any subscriber of the site can edit and update the information, so you are encourage to participate. The wiki is at the following page:

<https://wiki.radioreference.com>

Getting Help

The best way to get help or answers to your questions is to use the RadioReference Forums. Post a message in the specific topic forums regarding any questions or issues you might have. You can also see our help page below:

<https://www.radioreference.com/apps/help>

If you have any questions, concerns, feedback, or issues, please don't hesitate to contact us directly at: **support@radioreference.com**

Enjoy the site!

Sincerely,

The [RadioReference.com](https://www.radioreference.com) Admin Team

Chief,

I just spoke with Chief Alvarez and we will work on bringing the device over to the pd asap.

-Matt Jones

On Oct 12, 2022 11:44 AM, Jimmy DeVaul <JDeVaul@maplewoodnj.gov> wrote:
Anthony & P/O Jones,

As per the Mayors directive below, the MPD scanner feed currently housed at MFD shall be moved to Dispatch so that the feed status can be monitored at Dispatch.

The Mayor is requested a timeline estimate for the move. Please look into the logistics and advise.

Please work with the FD to get this done as soon as possible.

Thank you,

Chief

Subject: Re: Fw: Scanner, again

Thanks, Chief.

Now that SEFD is up and running, I think it makes sense for the police scanner to reside with the police. I've asked Chief DeVaul to reach out to you to work on getting it transferred over to Dept Hdqtrs and setting it up there. Chief DeVaul will be reporting on this tonight during Public Safety.

Because of your technical expertise in this, appreciate your assistance to Chief DeVaul and to Township Administrator Schuster who will be overseeing this.

Once we fix this and maintain it operational, we will no longer be hassled about it. Let's do it!

Many thanks!!

Dean Dafis, he him

For clarity as the Mayor brought in FD, I am only referring to PD. (Fire scanner was removed quite some time ago and seemingly permanently as part of the merger.)
