Dear Dena Hrebenak,

If the town does not already have a Cloud service for handling a records request, I can provide you with a Dropbox link where you can upload the electronic audio files. Please let me know if this is acceptable.

Yours sincerely,
William Sosis

-----Original Message-----

The presentation was done at the meeting held on August 12 meeting. I have included a link to the minutes. There is also the availability for you to get the audio if you would like, but I would need a CDR or a usb drive to download the audio onto.

Dear Dena Hrebenak,

Are these the only public records? There are no records of presentations or other proposals that were made to the committee? No applications, committee meeting notes or deliberations regarding the serious issues with surrendering public right-of-way? You've provided a single letter from Gregory D. Meese and a form letter from Planet Networks that actually belongs to Planet Networks. The form letter contains no recipient, no signature, and was created and last modified by Robert Boyle, the Chief Executive Officer of Planet Networks, Inc.

Your 3rd document is again a copy of Resolution 2020 124 which is readily available on the municipality's website.

Please provide the missing documents.

Thanks,
Bill Sosis

Yours sincerely,

William Sosis
