Yes, let's discuss at next agenda so it's on the record. Also, if accepted by the Board they could amend their by-laws to allow administrative amendments of the minutes. This way there's also a written record of this matter.

Ken,

Given the issue you identified between the resolution referencing the minutes and the minutes not including the public's names, there is technically no record responsive to Ms. Coyne's request.

When Ms. Coyne last made this request, I recommended Chris go back to the tape and handwrite (neatly) the names of the members of the public as an administrative amendment to the minutes, being sure to sign and date the change. On September 24, I recommend we include on the Planning Board's agenda a discussion about "administrative amendments" and we can use these minutes as an example. Once amended, the minutes can then be provided to Ms. Coyne.

Please let me know any objections / concerns with this process.

Thank you.
