145. Crash Description/Narrative

V1 and V2 were both traveling north on Route 1 when D1 attempted to make a right onto the Bayway Circle. Both drivers initially state through a Spanish speaking Officer serving as an interpreter, they were in the right hand lane before D1 attempted to make the right t onto the circle. The physical damage indicated D1 was in the center or left hand lane and had cut in front of D2 who was travelling straight through the intersection. When confronted with this information D1 nodded his head in acknowledgment that he had made the tu from the center lane causing the crash. Following the impact V1 spun out coming to rest facing opposite the flow of traffic on the Bay Circle.

145. Crash Description/Narrative

Driver of V1 states she was negotiating the curve on the downhill when she noticed the car sliding into the other lane. She tried controlling vehicle by turning the steering wheel and lost control. V1 crossed into the other lane and ran off road to the left. Front right of vehicle hit a tree causing the vehicle to spin into opposite direction of travel in opposite lane.

Upon further investigation of road conditions, oil nor debris were not the cause of this accident. Oil was found in road after accident due to the vehicle impacting the tree causing a leak of fluids. All 3 occupants RMA and advised would go to hospital later on in the day.
