CASE REPORT

CASE#2024-00008851

23 Washington St

Mt Holly, NJ 08060

NARRATIVE

Case Number: 24-08851

Date: 06/26/2024

On Thursday, June 13th, a Shoplifting occurred at 531 High Street at the ACME between the hours of 12:00 through 13:14 hours. Upon arrival I spoke with Paul Vidro who works for asset protection that stated the subject was a white male who was seen concealing items inside of a ACME shopping cart.

Vidro stated the subjects cart was seen stopping at the sliding doors near the exit because the shopping carts will seize up if the cart has not made its way through the cashiers. Vidro stated he needed to go through the surveillance camera system to properly record a receipt of items that were being concealed. I advised Vidro to send me video recording and still shots of the subject to my email but has failed to do so.

As of now, 06/26/2024, Vidro with ACME Asset Protection still has not sent over the information needed for this case.

All BWC has been entered into Axon Evidence.

No further action taken.

End of Report.

NARRATIVE

Case Number: 24-8632

Date: 6/9/24

June 9, 2024

3:34 PM

On the date and approximate time above Mt. Holly Police were dispatched to ACME Market for a report of a shoplifting with the suspect at the customer service desk being cooperative.

Upon arrival I met with loss prevention specialist Paul Vidro who advised that the female attempted to steal \$265.72 worth of products and had the receipt detailing which items were attempted to be taken. I then asked Vidro what ACME wished to do and he advised that due to the dollar amount they would like her charged. We then walked the suspect later identified as Jessica Lane to Ptl. Adams patrol vehicle where she was afforded time to smoke a cigarette before she was handcuffed which were adjusted for fit and double locked. Ptl. Adams then transported her back to station 500 where she was fingerprinted and processed. I then generated a complaint which was palced onto a summons (S24 171) for shoplifting. Ms. Lane was provided a copy of her summons and released from custody and advised she is not allowed back at that ACME.

I then contacted Vidro and obtained his email and sent him a video request from Evidence.com for the surveillance footage. I also uploaded my BWC to evidence.com

CASE REPORT

CASE#2024-00008369

23 Washington St
Mt Holly, NJ 08060

NARRATIVE

On 06/04/2024 at approximately 2127 hours officers responded to The Mount Holly Police Station due to a walk-in. Upon arrival we did not observe a walk-in at the police station and made contact with the subject via telephone. We made contact with ACME Markets Loss Prevention manager Paul Vidro. Vidro stated that he had video and photographs of a past tense shoplifting that had occurred earlier in the day (06/04/2024.)

Vidro stated that ACME Markets had invested in a new anti-theft technology that has been applied to the shopping carts. Vidro stated the technology known as Gatekeeper locks the wheels on the shopping cart when merchandise is not paid for and passes all points of sale in the store. Vidro stated the suspect, an unidentified black female had left the store and the shopping cart wheels had locked up. Vidro stated that at the time no loss prevention was on location. Vidro stated that an employee approached the female outside of the store and asked if she had paid for the merchandise in the shopping cart. Vidro stated the ACME employee stated the female stated that she had paid for the merchandise and did not understand why the shopping cart had locked up. Vidro then stated the employee had assisted the female in unlocking the shopping cart and the female had left location.

Vidro provided surveillance camera footage and photographs via AXON community share. The video footage sent was unplayable, yet the pictures were able to be viewed. The female was a black female with a thin frame wearing a white tank top, blue jean shorts, yellow sandals, an orange head covering, and carrying a black over the shoulder one strap bag. Vidro provided a copy of the receipt for the stolen merchandise, which had a total value in five-hundred and sixteen dollars and fifty-nine cents (\$516.59).

A track flyer has been generated and sent to multiple counties in the state of NJ. All necessary paperwork has been completed and submitted to the case file, as well as all necessary notifications made.

Report Complete.
