145 Crash Description/Narrative

Driver of Vehicle 1 states she was traveling southbound in the right lane of Hooper Ave as she approached slowing traffic near the intersection with James St. According to the driver of Vehicle 1, as she continued traveling forward, she looked into her rearview mirror for just a moment and when she returned her vision to the front of her, realized that traffic had come to a complete stop. The driver of Vehicle 1 states she attempted to stop and swerve to avoid a collision, but was unable to do so and in turn struck the rear of Vehicle 2 with the front of her vehicle.

Driver of Vehicle 2 states she was stopped in traffic, traveling southbound on Hooper Ave in the right lane, as she approached the intersection with James St. She reports she was suddenly struck in the rear by Vehicle 1 which had been traveling directly behind her in the same lane.

I was able to observe both vehicles and noticed damage to the front driver side fender of Vehicle 1 and damage to the rear passenger side fender of Vehicle 2 which is consistent with both driver's accounts of how the accident occurred. No one involved complained of any injury or pain and both vehicles were able to be driven from the scene. I provided both drivers with report information cards and advised them of how to obtain a copy of this report for their records. Nothing further.
