145. Crash Description/Narrative

A crash occurred in the parking lot of 2132 Route 88. The crash was caused when driver #1 backed out of a parking space and struck a concrete pole, that was protecting a planter and sign in the parking lot. Driver #1 then put his vehicle into drive and accelerated at a high rate which caused him to go over the curb and into the Lo's Garden Restaurant. Vehicle #1 came to rest against a wall that separates the restaurant from the kitchen. There were two employees standing to the rear of the restaurant that were injured due to the crash. It is unknown if they were struck by the vehicle or by flying debris from inside the restaurant.

Driver #1 stated that he had just left the pizzeria that was next door and got into his vehicle. He stated that he put the vehicle into reverse but did not see his back-up camera turn on. He realized that his vehicle was in drive not reverse and before he could stop his pedal got caught up in the pedals and caused his vehicle to accelerate out of his control. Driver #1 added that he has owned the car since it was new and has had no recent mechanical issues with the vehicle. During my initial interview driver #1 did not mention backing into the concrete pole first.

The landlord for the building had two cameras installed outside of the building. The camera's view on the east side showed the entirety of the crash. It shows driver #1 entering his vehicle and backing up. As he backs he strikes a concrete pole, immediately after the vehicle goes into drive and accelerates at a high rate of

145 Crash Description

speed. The camera angle does not show if the pedestrians were struck by the vehicle or debris. A camera inside the restaurant, shown on an employees phone, just showed the vehicle driving through the restaurant and not the pedestrians.

I find the actions of the driver to be the cause of the crash. He was inattentive as he backed and his sandals caused him to lose control of his vehicle.

Scott M Dierking
