145. Crash Description/Narrative

P1 stated that they were cycling northbound on Jack Martin Blvd approaching the intersection to Askin Lane. P1

stated that V1 was traveling westbound on Askin Lane and drove directly in front of him. P1 stated that the

brakes on his cycle were not working at peak efficiency and he could not stop before striking the rear of V1. The

force of the impact caused P1 to fall off the cycle.

Driver of V1 stated they were traveling westbound on Askin Lane prior to the intersection with Jack Martin Blvd.

Driver 1 stated they were stopped at the stop sign and observed P1 traveling northbound a distance away and

believed P1 was slowing down. V1 then proceeded into the intersection when P1 struck the rear of V1.

Based on my investigation and observations on scene I determined V1 to be at fault for the crash.
