145. Crash Description/Narrative

The driver of vehicle 1 advised he was attempting to make a left turn onto Olden St from Route 88 when the front of his vehicle collided with the driver's side middle of vehicle 2 which was traveling north bound on Route 88. The driver advised he did not observe vehicle 2 prior to making the left hand turn.

The driver of vehicle 2 advised he was traveling north bound on Route 88 crossing the intersection of Olden St when the driver of vehicle 1 made a left turn into the driver's side middle of his vehicle. The driver advised he attempted to swerve around vehicle 1 which caused his vehicle to strike a curb. The impact of colliding with the curb caused his vehicle to completely flip over until coming to a rest on its wheels.

My investigation concluded that vehicle 1 did not yield right a way to vehicle 2 which caused vehicle 1 to strike vehicle 2 in the driver's side middle. After the collision the impact pushed vehicle 2 into a curb which sent the vehicle airborne completing 1 full upside rotation before coming to a rest on its wheels.

There were no reported injuries at the time of the accident.
