145. Crash Description/Narrative

Vehicle 1 was making a left turn onto Rt. 88 westbound from the parking lot of 1869 Rt. 88 when it collided with vehicle 2 which was making a left turn onto eastbound Rt. 88 from Younger St.

Driver 1 stated that when he did not see traffic approaching from either direction on Rt. 88, he proceeded to make his left turn onto Rt.88 westbound and was struck by vehicle 2 which he stated came from nowhere. He further stated that he was more than half way across Rt. 88 at the time of impact.

Driver 2 stated that as he was making his left turn onto Rt. 88 eastbound from Younger St, vehicle 1 exited the parking lot across the street from him and struck him after he had already completed his turn and was in the eastbound travel lane. He further stated that when he observed vehicle 1, he attempted to avoid the collision by swerving to the left but was unsuccessful.

The investigation revealed that both drivers had conflicting statements, no debris was found in the roadway indicating the point of impact and no independent witness to the crash were located. The contributing factor for the crash was both drivers attempting to make left hand turns at the same time and for failing to see each prior to making their respective turns because they were likely focused on approaching traffic on Rt. 88.
