145. Crash Description/Narrative

Vehicle 1 was backing out of a parking space located in the parking lot of 1872 RT 88 (Walmart). Pedestrian 1 was walking towards the entrance of Walmart crossing behind Vehicle 1.

Pedestrian 1 stated that she was struck by Vehicle 1 in her left quad and had a complaint of pain. Pedestrian 1 refused medical attention and stated she would driver herself to the hospital so she could have her personal vehicle with her.

Driver 1 stated she did not realize she struck Pedestrian 1.

I observed the security footage of the incident with the loss prevention officer at Walmart. The video is not good enough quality to tell if Pedestrian 1 was actually struck. The video displays (by reverse lights activating) Vehicle 1 put the vehicle in reverse and moved approximately 1 mile per hour in reverse. The video further displays Pedestrian 1 crossing the rear of Vehicle 1 as it is moving backwards and Pedestrian 1 move in a fast matter to clear herself from the rear bumper of Vehicle 1.
