145. Crash Description/Narrative

Vehicle #1 was traveling West on Route 88 in the left lane. Vehicle #2 was stopped in traffic at the red light in the same lane heading West. Vehicle #1 collided with the rear end of Vehicle #2 causing moderate damage to Vehicle #1's front end.

I was on Post Road about to make a right turn onto Route 88 when I observed Vehicle #1 approaching the rear of Vehicle #2 at a high rate of speed. I watched as Driver #1 suddenly applied his brakes and began sliding forward before striking the rear end of Vehicle #2 that was stopped in traffic at the red light.

Driver #1 first stated that his foot slipped off of the brake. He then admitted that he was not paying attention and did not realize that light was red until it was too late. Driver #2 advised he was stopped at the red light when he was suddenly struck in the rear by Vehicle #1.

Driver #1 was visibly shaken up, and advised he was diabetic and had not taken any medication in quite some time. I requested that dispatch send an ambulance to our location to assess driver #1. He later refused any medical treatment from EMS personnel upon their arrival.

145 Crash Description

Based upon my observations, and statements made by both drivers, I find Driver #1 at fault for careless driving. He was issued a traffic summons for same. Both vehicles were still functional, and therefore driven from the scene by both drivers.
