145. Crash Description/Narrative

On 9/14/17 at 2117 hours I was dispatched to the area of Rt 70 and Jack Martin Blvd in reference to a two car motor vehicle accident. Upon arrival both vehicles were stopped in the far right lane of travel on Rt 70 west bound.

Driver one advised she was traveling west bound on Rt 70 following directly behind vehicle two. Driver one advised traffic was heavy due to road construction taking place and the far left lane being closed. Suddenly a vehicle from the center lane attempted to merge into her lane causing all vehicles in front of her to stop abruptly. Driver one could not stop in time and crashed into the rear of vehicle two.

Driver two advised she was traveling west bound in the far right lane of travel on Rt 70. As she approached the intersection of Jack Martin Blvd she and the vehicles in front of her came to a stop for the red traffic signal. While at a complete stop vehicle one crashed into the rear of her vehicle. Driver two had a complaint of neck pain and was evaluated by Med Unit #532 on scene. Driver two refused any further medical attention at this time.

Investigation at the scene revealed both vehicles were traveling west bound on Rt 70 in the far right lane of travel. The far left lane was closed off by cones due to construction on the roadway.
